

THE TECH

VOL. XXXIV NO. 65.

BOSTON, MASS., FRIDAY, NOVEMBER 27, 1914.

PRICE THREE CENTS

O. C. LORENZ ELECTED FRESHMAN PRESIDENT

S. G. Wallace Vice-President—Election Very Close—Many Votes Cast.

In the freshman elections which closed last Wednesday, O. C. Lorenz of Scranton, Pennsylvania, was elected president; S. G. Wallace of Jamaica Plain, vice-president; Miss Sibyl Walker of Salt Lake City, secretary; and K. Reid of Dorchester, treasurer. A total of 196 votes was cast. The man to receive the greatest number of votes was J. W. Clarkson, candidate for membership in the Athletic Association. The list of officers elected is as follows:

President—O. C. Lorenz.
Vice-President—S. G. Wallace.
Secretary—Miss Sibyl Walker.
Treasurer—K. Reid.
Executive Committee—W. K. Bruckhauser and W. R. Herfurth.
Institute Committee—L. S. Blodgett and D. G. Bradley.
Athletic Association—J. W. Clarkson and H. W. Barrett.

WRESTLING TOMORROW

Season Opens With Meet Against Beverly Y. M. C. A.

The opening meet of the wrestling season will be at Beverly, tomorrow night, when the Varsity team will meet that of the Beverly Y. M. C. A. There will be, in all, nine bouts, two in the 125-lb. class, three in the 135-lb. class, one in the 145-lb. class, one in the 150-lb class and two in the heavyweight class.

The train which the team will take leaves the North Station for Beverly at 6.20.

The following men will report to Capt. Crowell at the Gym at five this afternoon, for tryouts: Sanger, Clark, Giles, Hoffman, Blodgett, Rounds, Peterson, Goodell, Bond, Mertz, Wood, Gleason, Wiley, Poteat.

M. E. SOCIETY TRIP

The M. E. Society is to take a trip to the Quincy Hall Market Refrigerating Plant next Tuesday. The party will leave Rogers Steps at 1.45. As the number for the trip is not limited, men from all courses are invited to attend. Mr. H. W. Tinker, General Manager of the concern, will conduct the party.

COURSE IV SOCIETY

Professor J. O. Sumner will deliver an address at eight this evening in 42 Pierce before the Architectural Society. His subject will be the present European War.

CIVIL ENGINEERS TO HEAR TALK ON GERMANY

Doctor Powers of Gloucester To Lecture—Trip To Berger Company.

Tonight at eight o'clock the Civil Engineering Society will hold a meeting in the Union. Reverend Doctor Powers of Gloucester is to speak on "What We Owe to Germany." Dr. Powers has spent many years abroad and knows Germany thoroughly. Questions will be answered except those directly pertaining to the war, for the talk is to be given on a strictly neutral basis. The Society invites the student body to attend.

Besides the lecture there will be a short business meeting and the question—
(Continued on Page Three)

CHESS CLUB MATCH

Team To Meet Harvard Tomorrow Evening At Cambridge.

The Technology Chess Club will meet the Harvard Team in Room 19, Gray's Hall, Cambridge, tomorrow evening at eight o'clock. Last week Harvard tied with Yale at New Haven. Eight boards will be played. The following men have been chosen to represent the Institute: E. H. Neumann, '15; P. F. Jones, '15; D. E. Woodbridge, '16; C. Johansen, '16; G. A. Saladrigas, '16; C. Dean, '17; A. Kenigsberg, '17; A. Sanger, '18, and A. N. Pray, '18.

On Friday, December third, the Club will play a team from the Boston Chess Club. The men for this match will be announced later.

PROM NOMINATIONS

Must Be Handed In At Cage By One O'clock Tomorrow.

All Junior Prom Committee nominations must be at the Cage by one o'clock tomorrow. Each nomination must be signed by ten men of the Junior class, who have paid their dues. The Prom Committee will consist of five members.

The Prom Election Committee is composed of W. Shakespeare, '16; E. W. Lucas, '16; J. R. Freeman, Jr., '16.

SOUTHERN CLUB

The members of the Southern Club held an enjoyable dinner at the Napoli last Saturday evening. A. R. Williams presided as toastmaster and introduced the officers of the club, who made short speeches. The dinner was given in order to welcome all those who joined this year and an evening of extended sociability was enjoyed.

WIRELESS SOCIETY TO HOLD FIRST MEETING

Professor Kennelly Will Speak—Institute Station To Be Improved.

The first meeting of the year of the Wireless Society will be held next Tuesday afternoon at four-thirty in Room 11, Eng. B. Professor Kennelly, head of the Graduate and Research Department of Electrical Engineering of Harvard and Technology, will address the society about improving the Radio Station at the Institute. He has done much experimental work in wireless.

The society hopes that means will soon be available for installing an Audion detector and other instruments of the latest type, with which experimental work can be carried on. With the desired instruments it will be possible to measure the intensity of signals for long periods of time. The British Radio Postoffice has done valuable work in determining the effect of static discharge and with improved instruments the society will be able to carry on the same work and attain much valuable data.

The meeting is open to any Technology man. Students can join the society by paying an entrance fee of fifty cents. The annual dues are also fifty cents.

SENIOR DINNER

Tickets On Sale For Big Affair Next Thursday.

Tickets are now on sale for the annual dinner of the class of 1915, and may be obtained at the Cage, or from T. Spear, R. V. Tiffany, or C. W. Wood. The event will take place at 7.15 next Thursday and informal dress will be in order. The committee has departed from the custom of former years in choosing the Hotel Westminster for the dinner, and a lively program is promised. The committee urges all seniors to be present.

COURSE FOUR EXHIBIT

An exhibition of the work of the Technology and Harvard Architectural Departments is being held at the Boston Architectural Club. The same problems have been worked out by the men of both schools with the purpose of a broader appreciation of the subject.

NO DRILL TODAY

The Military Science Lecture and drill will be omitted today.

Gym Team. Five today.

PROSPECTS OF HOCKEY TEAM APPEAR GOOD

Six Of Last Year's Aggregation Available—New Material Promising.

With six men of last year's team back again, the prospects for a strong seven seem exceedingly bright to Captain Fletcher. The only man of last year's team lost is Captain MacLeod, who graduated in June. Although he was the strongest man on the team, it is probable that his loss will not be felt very keenly, owing to the fact that all of last year's substitutes as well as several new men have signified their intention of coming out for this year's team.

R. L. Fletcher, '15, has been elected Captain and will again be found at his old position at right wing; C. D. Winton, '17, last year's center, is back and H. M. Sawyer, '15, a former Princeton man, will in all probability be found playing left wing. The loss of last year's Captain, N. D. MacLeod, leaves the position of rover vacant and this will have to be filled from among last year's substitutes and the new material.

The defense with C. Cochrane, '17, as coverpoint should be especially strong. Cochrane is a former Mel—
(Continued on Page Three)

ENGLISH HIGH DINNER

Farewell Reception To Be Given To Retiring Head Master.

The Classes of '08, '09, '10 and '11 of the English High School are planning a banquet in honor of Mr. John P. Casey, Head Master, who will retire after this year. The "send-off" will be held at seven o'clock on Tuesday, December first, at the Hotel Nottingham. The Technology men on the Committee in charge of the affair are John O'Brien, Francis P. O'Hara and Bernard Landers. Tickets for the affair may be obtained from Bernard Landers.

CALENDAR

Friday, November 27, 1914.
1.00—Entries for Chess Meet Due. Cage.
1.00-1.30—Candidates for Circulation Manager. The Tech Office.
5.00—Gym Team Practice. The Gym.
7.45—C. E. Meeting. Union.
8.00—Architectural Society.
Saturday, November 28, 1914.
1.00—Nominations for Junior Prom Due. Cage.
6.20—Wrestling Team Leaves for Beverly. North Station.
8.00—Chess Club. Harvard.

JUNIOR PROM NOMINATIONS NOW OPEN

THE TECH

Entered as second-class matter, Sept. 15, 1911, at the postoffice at Boston, Mass., under the act of Congress of March 3, 1879.

Published tri-weekly during the college year by students of the Massachusetts Institute of Technology.

FRIDAY, NOVEMBER 27, 1914.

IN CHARGE OF THIS ISSUE.

Editor: J. M. DeBell, '17.
Associate: H. N. Keene, '17.
Assistants: D. E. Bell, '17; P. M. String, '18; J. C. Purves, '18; B. A. Thresher, '18; M. A. L. Fales, '18.

The freshmen are to be congratulated on their early application of the principle that the first requisite for a successful engineer is interest in the government of the organization to which he belongs. In the recent class elections nearly fifty percent of the members cast their votes, making a better showing than any class of recent years. It is to be hoped that this example will be followed and improved upon in future elections.

The Sunday afternoon talks given at the Museum of Fine Arts cannot be too highly recommended. Besides presenting many interesting facts, they cultivate an appreciation of the artistic which invariably proves a valuable asset in later life.

The Indoor Track Season started Monday with a talk by Coach Kanaly. All men in the Institute who are willing to practice faithfully are invited to join the squad.

Technology should be represented by strong relay teams this year. C. Guething and Benson, each a member of last year's two-mile team, and Dean and O'Hara, veterans of the mile relay, are still here. Huff is expected to do fine work in the hurdles.

Coach Kanaly expects that the Intercollegiate Meets will see some fast running this year, and that past records will be broken. This means that our teams will have to be faster in order to maintain Technology's high standing on the track.

One day a week during the winter will be devoted to outdoor running, despite weather conditions.

All track men are looking forward to the I. A. A. A. meet and the N. E. I. A. A. meet next spring. Last year the results were somewhat disappointing, but chances point toward a better showing this season.

FENCING TEAM

The fencing team has started real work and the men are fast rounding into excellent shape. The new candidates have shown remarkable progress by getting hold of the fundamental points and the systematic practice has helped all. It is essential that all members of the squad report regularly and those freshmen who are substituting fencing for Gym must practice three times a week or they will be dropped from the squad.

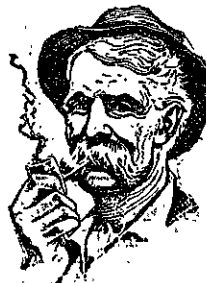

On account of the crowded Gym so far this season, the fencers have been forced to work at a disadvantage and the poor light has also impeded the team considerably. These unfavorable conditions, however, will be changed as soon as possible.

All members of the squad must report for practice on Monday, Wednesday and Friday of every week, as applications for meets and plans for exhibitions are being considered.

Candidates for Circulation Manager of The Tech. Upper Office. One to one-thirty today.

"SIEGFRIED" TO BE GIVEN IN STADIUM

Famous Artists Will Take Part
—Over One Hundred In
Orchestra.

Under the auspices of Harvard University, a performance of Wagner's "Siegfried" will be given at the Harvard Stadium on or about the evening of June third, as the weather permits. The cast will include Mr. Rudolph Berger as Siegfried, Mme. Gadske as Brunnhilde, Mme. Schumann Heink as Erda, Mme. Gluck, Mr. Albert Reiss, Mr. Otto Goritz, Mr. Clarence Whitehill and Mr. Basil Ruysdael. An orchestra of one hundred twenty-five pieces, conducted by Mr. Alfred Hertz, will play at this immense production.

The stage will be carefully prepared so that one-third of the entire Stadium can be used for seating. Special arrangements for acoustic perfection are being made. The decorations will, in great measure, be composed of actual forest scenes.

Prices will be very reasonable, the most expensive seats, exclusive of boxes, being \$2.50.

HOCKEY TEAM

(Continued from Page One)

rose High and all-interscholastic player and held the position last year, although he was only a freshman. W. A. Gray, '17; T. C. Jewett, '16; K. B. Toye, '17, and J. F. MacGuire, Jr., '16, are the strongest of last year's substitutes, all, with the exception of Jewett, having played in several of the games on the forward line. With P. W. Gould, '17, and R. C. Lowenguard, '17, to complete the defense, the team has the advantage of men who have had one winter's work together. Owing to the good contest which Jewett put up with Lowenguard for goal position last year, the competition for that place will be particularly keen this year. Among the new material is J. B. Carson, '15, a Canadian, who is expected to make a good showing among the forwards, having played at Dalhousie before coming to the Institute. W. H. Keeler, '17; W. L. Hibbard, '17, and F. D. Ross, '16, are also among the new candidates.

Freshmen are eligible for the team and are permitted to substitute hockey for gym work. Last year there were four freshmen in the regular lineup and two among the substitutes.

The season opens with a game against Harvard the twelfth of December at the Arena. Games have also been arranged with Yale, West Point, Dartmouth, Cornell, Williams, Springfield Training School and Massachusetts Agricultural College.

CIVIL ENGINEERS
