

THE TECH

VOL. XXXIV. NO. 7.

BOSTON, MASS., WEDNESDAY, APRIL 8, 1914.

PRICE TWO CENTS

SPRING MEET AROUSES INTEREST OF CLASSES

New Records Expected To Be Made Because of Quality of Entrants.

The Interclass Track Meet which is to be held Friday, April 17, at Tech Field promises to be one of the most interesting and most eventful meets ever held at Tech Field.

The competition in the dashes and in the 440-yard run will be especially strong as good men are so well scattered throughout the classes. Each class are entering well known sprinters and it is thought likely that some of the records especially the dashes will go by the board.

In the 100 and 220 yards dashes the following men are well fitted to make good attack at these records: Wilson '14, Wilkins '14, Loomis '16, Uhlinger '16, O'Hara '17, Erb '17, Cady '17, and Friend '17.

The 440 yard run is to be one of the feature events. The men who have reported for this event are: T. H. Guething '14, Zimmele '14, W. B. Spencer '15, K. Dean '16, D. P. Thompson '17 and Williams '17.

There are plenty of other men who may give some surprises in these events, but they have not yet reported for practice. It is believed that the ten more days of training will bring out several new men who will increase the competition.

TECHNIQUE ELECTIONS

Roper, Stocking and Stowell on 1916 Year Book Board.

Yesterday the Technique Electoral Committee chose three more men on the Board which will have charge of next year's year book. George Roper was elected Society Editor, Harvey C. Stocking, Art Editor, and Raymond M. Stowell, Assistant Art Editor.

Roper is best known to his classmates for his work on the football team. He was substitute in the first year, and a member of the team last fall. He was recently chosen Circulation Manager of the Technology Monthly. He comes from Steubenville, Ohio, and belongs to Chi Phi.

Stocking is from Brooklyn, N. Y. He was on the Sophomore Tug-of-war Team, and is out for crew. Stowell is from Walpole, Mass. Both of these men were chosen for their good work in the special art competition conducted by the Committee.

CREW NOTICE

There will be no crew practice Thursday afternoon in order that the men may attend the Mass Meeting in Huntington Hall.

M. E. SOCIETY ELECTION COMING

Nominations Must Be in by Tuesday—Society Has Prosperous Year.

Nominations for chairman, vice-chairman, secretary, treasurer and governing board are now in order for candidates whose names are to appear on the official ballot of the Mechanical Engineering Society. Concerning the governing board three members are to be elected, two seniors and one junior. Although the ballots will not be distributed until the Monday following Junior Week, the nominations will close at five o'clock of Tuesday, April 14th. Papers bearing the signatures of at least ten members endorsing the nominee should be in the hands of the Governing Board, R. L. Parsell '14, chairman, C. H. Wilkins '14 and F. G. Purinton '15, by that time.

The results of the ballot will be announced, as in previous years, at the annual banquet of the Society to be held early in May. The large increase in membership from eighty-five to one hundred and seventy-seven during the past year forecasts a development of many new possibilities through the very active interest shown by the new men. Furthermore the affiliation of this society with the A. S. M. E. not only enables its men and especially its officers to come in closer contact with many men prominent in Engineering circles, but to call upon them for interviews during the year.

ANDOVER ALUMNI

Annual Banquet To Be Held Friday Night.

The Annual Banquet of the Boston Andover Alumni Association will be held next Friday, April tenth, at 6.30 p. m., at the Harvard Club, 374 Commonwealth avenue.

There are many Andover men at Tech, and the Association hopes that they will make it a particular point to be present. President Stearns and Mr. George P. Day, treasurer at Yale, will give the talks of the evening. Any further information can be secured from Mr. Arthur Drinkwater, Sec., 59 Temple, place, Boston.

1915 EXECUTIVE COMM.

At the meeting of the 1915 Executive Committee yesterday afternoon the resignation of V. E. Wardwell as treasurer of the class was accepted, and J. B. Franks, Jr., elected to fill the unexpired term. C. W. Lacy and S. M. Fox, Jr., were elected as members of the Co-operative Association, subject to the approval of the Institute Committee.

PRES. MACLAURIN WILL REVIEW CADETS TODAY

Major Cole Invites Members of Faculty and Students To Be Present.

As Doctor Maclaurin will not be in Boston at the time of the Prize Drill this year he has consented to review the Cadet Regiment tomorrow afternoon unless something now unforeseen should prevent. A special drill will be given so arranged as to show to good advantage the work the regiment can do, including the Military Calisthenics taught by Mr. Kanaly. The drill will be from 3 to 5 o'clock. Students of other classes and members of the Faculty are invited to be present.

Major Cole thinks the Cadet Regiment has reached a high state of proficiency in the drill this year and nowhere can more interesting military drill, including the handling of the Regiment, Battalion and Company, be seen. He would like particularly to have a large attendance of members of the Faculty, both because he thinks the work well worth seeing and because it would be encouraging to the men to feel that the Faculty took some interest in this feature of the course. Major Cole regrets that the kind of work done in past years is frequently spoken of as if it had been more or less of a joke. He says that the military work now is distinctly high grade and, that while the instruction is necessarily limited as to time and the restrictions of drilling in an armory, the men within these limits do the work in a manner which would reflect credit on any part of the work of Technology.

INSTITUTE COMMITTEE

Important Meeting To Be Held This Afternoon.

The Institute Committee will hold a meeting this afternoon at 5 p. m. in Room 8, Eng. C. Mr. F. H. Hunter, '02, chairman of one of the Committees of the Alumni Council, will explain to the Committee about the proposed changes in the Alumni Advisory Councils of the various student activities. Several important changes will be suggested, principally in regard to the Advisory Council on Athletics. Furthermore reports on the Union, Point System, and Bulletin Board Committees will be heard.

T. C. A. CABINET

On account of the Mass Meeting Thursday at 4.30, the meeting of the T. C. A. Cabinet scheduled for 5 that afternoon will be omitted. All business due to come up will be deferred until the next regular meeting, Thursday, April 26th.

THURSDAY, 4.30

SUBSCRIPTIONS DUE FOR JUNIOR PROM

Programs and Tickets Will Be Out Friday—Not Too Late To Get Dances.

More men are signing up every day for the Junior Prom, and the Committee says that a few more may still be accommodated. They say that it is still not too late to obtain dances, and request that any men who are having trouble filling their programs leave their names at the Cage and arrangements will be made to get these men together.

The subscriptions were due yesterday, and the money must be paid in by tonight if possible, in order that the Committee may make final arrangements. The programs have been slightly delayed and will not be ready for distribution until Friday. Both programs and tickets may be obtained at the Union at one o'clock either Friday or Saturday.

CALENDAR

Wednesday, April 8, 1914.

3.00—Pres. Maclaurin Reviews Cadets. Armory.
4.00—Programs Ready for Junior Prom. Union.
4.00—Tech Show Orchestra Rehearsal. Union.
5.00—Institute Committee Meeting. 8 Eng. C.
5.30—1917 Baseball Practice. Tech Field.
7.10—Car Leaves North Station for Musical Clubs' Concert in Chelsea.
8.00—Appalachian Mountain Club Lecture. Huntington Hall.

Thursday, April 9, 1914.

3.30—1917-Somerville High School Baseball Game. Somerville.
4.00—Tech Show Rehearsal. Union.
4.30—Convocation. Huntington Hall.
7.30—Finance Committee. Union.
8.00—321st Corporate Meeting. Huntington Hall.
8.15—Cosmopolitan Club Banquet. Hotel Thorndike.

WEDNESDAY, APRIL 8, 1914.

IN CHARGE OF THIS ISSUE.

R. B. Stringfield '15; H. S. McQuaid '17.

The Freshman baseball team has a game scheduled with Somerville for Thursday afternoon, the time of the Student Mass Meeting. This is regrettable as drawing at least a dozen men away from a gathering that ought to include every individual in the Institute. This appears to be a case of failure to use the Union calendar, a thing which if it becomes general will take us back to the days of frequent conflicts between student affairs in the Union and elsewhere.

The game should be called off if it can possibly be arranged.

The joint banquet of the Technology and Harvard Cosmopolitan Clubs is an addition to the already long list of student affairs which enter into the spirit of the cooperative agreement. It bodes well for the plan that the undergraduates, though many of them at first protested vigorously against it, now accept it with preponderant if not quite unanimous approval.

Several of the banners with which the Union is decorated have fallen into some rather undignified postures. At least one is precariously hanging by a single corner, while another forms an ornamental if incongruous drapery for a reading-stand in one of the small rooms. We realize that the Union Committee cannot be on the job all the time, but this point certainly needs attention.

According to the Northwestern University Librarian the students of that institution paid over a hundred dollars this year in fines on overdue books. Thirty-three thousand, five hundred and sixty-eight volumes circulated during the year.

"The Physical Education department has compiled statistics showing that 44% of the students in the department bathe once a week; 41% bathe twice a week; 19% bathe three times a week; 2% bathe five times a week and 3% bathe every day.

"Other students bathe once every two weeks and oh, horrors!—one man takes a bath only once a month!"—Ohio State Lantern.

Three audiences, aggregating nine thousand students, Faculty members and guests of the University, heard "Billy" Sunday's stirring speeches in Weightman hall at the University of Pennsylvania. During his talks such epigrams as these were shot at the audience: "Size depends on brain, not bulk, and it is a sad day for a man when Taft's overcoat won't make him a vest." "Look at David, how he soaked Goliath between the lamps." His subject at one of his evening meetings was "The Devil's Boomerang Up To Date, or Hot Cakes Off the Griddle."

Purdue has gained much undesirable notoriety in the public press during the past week. Several Senior co-educational students have been named as defendants in a damage suit instituted by one of the Freshmen. Damages are claimed for attempted hazing. The Purdue newspaper upholds the traditional right of the upperclass, and claims that in any case nothing will be gained by taking legal steps.

The Virginia Polytechnic Institute has decided that a truly "Tech" song must be written and with this worthy purpose ten dollars has been subscribed to remunerate the author. This is simply another instance of the promiscuous use of the word "tech." The student paper at Carnegie is called "The Tartan" but in its news columns it refers to itself as "The Tech." Similarly "Tech News" out at Worcester deems itself "The Tech." It might be well for these and others to remember that the word Tech was originated at M. I. T. and also that THE TECH has been in existence for thirty-four years, whereas they are comparatively young organizations.

M. I. T. FORUM

At the meeting of the M. I. T. Forum yesterday H. A. Meyer, '14, was elected President, vice Julius Kuttner, resigned. Meyer was formerly Secretary-Treasurer, and I. Paris was elected to fill the vacancy thus made. The meeting also discussed the proposition of placing socialistic literature in the Union files.

**STUDENTS MAY GET
TRADE AT DISCOUNT**

Advertisements in Show Pro-
gram Taken in Exchange
for Credit.

Some of the advertisements in the
Tech Show program this year were
taken in exchange for credit. This
credit will be sold to Technology stu-
dents at twenty percent discount.
Among the things which may be ob-
tained at this greatly reduced rate
are suits, shoes, photographs and
smokers' supplies. One trade adver-
tisement was accepted from a reliable
hotel in the city, and it is suggested
it is be used as a means of reducing
the expenses of out of town friends
who are planning to make a short stop
here.

The credit may be obtained by ap-
plication to Arthur T. Munyan, Treas-
urer of the Snow, at the Tech Show
office in the Union. The following
concerns have placed the advertise-
ments: F. C. McMorro, shoes; Ed-
wards, tailor; Massachusetts Avenue
Turkish Baths; McMillan and Van-
Neste, tailors; Victoria Hotel, Cuban
Cigar Store, L. F. Bachrach, photo-
graphs; Otto Sarony, photographs.

GARRISON TEAM WINS

The Garrison team of the Technol-
ogy Bowling League strengthened
their hold on first place yesterday
afternoon when they took four points
from the Pierce team. High scores
were made by all the team and the
team total high, set by them earlier
in the season, went by a few pins.
The Rogers team is now second and
the Pierce's third. Vose, the high
average man, fell off a little, but is
still one of the contenders for the
prize, Mr. MacKenzie being the only
man near him.

To the Editor of THE TECH,

Dear Sir,

The reader of Tech news in the
daily papers probably does not realize
that this news is written up by stu-
dents who are paid by the inch for
what they write, and are in many in-
stances more interested in the num-
ber of inches that they write than
the truthfulness of their statements.
Does such a condition augur well for
the representation of the Institute in
the daily press? Is it not possible
that some anxious scribbler may give
to the press those statements which
may do more harm than good? This
possibility was brought up the other
day when a certain news writer was
busy making a lengthy article of an
epidemic of the mumps at the In-
stitute. When asked if he thought
that the Institute would profit mat-
terially by making an epidemic of a
few isolated cases, he replied that he
was writing for money and not to
benefit the Institute. Would it not
be well to establish faculty supervi-
sion over all such work? Would it
not be for the best interests of the
Institute if the daily papers were
made to be as careful what they
printed about the school where pub-
lic opinion is only too ready to find
fault as the school paper is concern-
ing what it has to say where the stu-
dent body alone is concerned?

INTERESTED STUDENT.

Velvet

THE
SMOOTHEST
TOBACCO

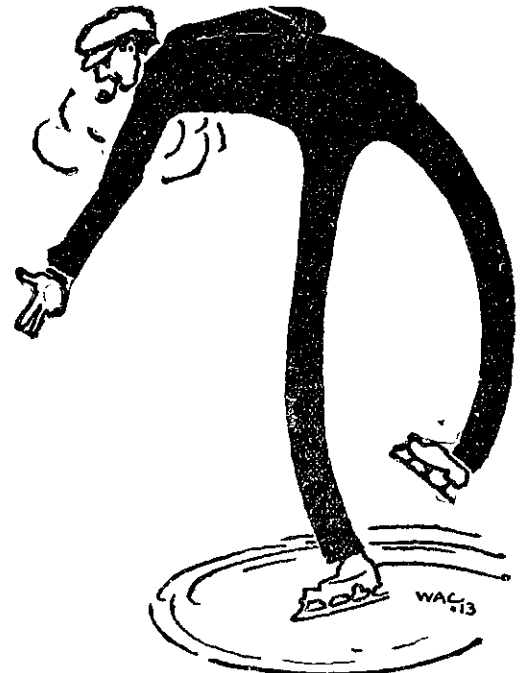

SKATING in the keen air
—the companionship of a
pipe—the pleasure of a tobacco
such as Velvet!

Velvet is the best leaf—aged over
two years in the warehouse—a slow,
silent transformation from harsh leaf
to a mellow smoking tobacco. Time
gradually evicts the bite—matures the
good qualities of the leaf—a flavor
unusual—good—wonderfully good!

Such a tobacco takes time to pro-
duce—extreme care withal, but this
is the smoke we all want—so why
not?

BANJO CLUB AT CHELSEA

Members Will Start from North Station at 7.10 Tonight.

Members of the Banjo Club must be at the North Station tonight at 7.10 to take the special car to Chelsea.

Rehearsals between the Chelsea and Spring Concerts will be as follows:

Friday, April 10th, 4.30 P. M.
Sunday, April 12th, 4.30 P. M.
Monday, April 13th, 8.00 A. M.
Wednesday, April 15th, 8.00 A. M.

All rehearsals with the exception of Sunday's are to be held in 6 Lowell. The Sunday rehearsal is to be in the Union. Every member must be present at every rehearsal in order to be allowed to play in the Spring and Roxbury Concerts. Prompt attendance is required as the time for the rehearsals is limited.

SIMULTANEOUS MATCH

Chess Club To Play Mr. Kennard Saturday Evening.

Next Saturday evening at 7 p. m. the Tech Chess Club is to hold a simultaneous match with Mr. Kennard of the Boston Chess Club. Last year Mr. Kennard won eight out of the twelve simultaneous games which he played against the Club. This year the matches are to be started early, and anyone who cares to is to be allowed to enter the play. It is hoped that a large number of the men will take interest and come out. The men are requested to bring their own boards and men as the Club's supply is limited. Any chess players in the Institute who are not members of the Club are cordially invited to come out.

The final match only remains to be played in the Club Tournament. This will be between Saladrigas and Dean, the former having defeated Jones by a score of 2-1, and the latter having won from Woodbridge 2-0.

The return match with Brown which was to be played this week, has been postponed until after Junior week, and will probably be played Saturday, April twenty-fifth, at Brown.

JUNIOR CLASS PICTURE

There are still several Junior Class Pictures at the Cage which have not been called for by the men who signed up for them. The committee in charge of the sale of these pictures requests that they be called for before Saturday, as the pictures cannot be held for them after that date.

SOCIETY OF ARTS LECTURE ON FRIDAY

Prof. Richard S. Lull of Yale To Speak on "Evolution of the Elephant."

One of the series of lectures that is being given by the Society of Arts of The Massachusetts Institute of Technology will be given in Huntington hall Friday night at 8. The first of this series which was given last Wednesday on the "Radium Situation" contained a great deal that was of interest to the audience, and the lecture Friday on the "Evolution of the Elephant" will present the subject of evolution of animal life in its most remarkable phases.

The speaker is Professor Richard S. Lull, professor of Vertebrate Paleontology at Yale University. He will discuss the ancestry of the elephant, its original home, and its world-wide wanderings under many different forms, such as the mammoth and mastodon. The history of the changes wrought upon the internal skeleton and the external appearance of the elephant previous to and during these wanderings, forms an important chapter in the story of evolution of animal life; and the present speaker is one of the foremost authorities on this subject.

The lectures are free and those who are interested in the recent advances in the practical application of the sciences are cordially invited to attend.

FRESHMAN BOARD MEETS

The Freshman Executive Board held their regular meeting yesterday afternoon. P. G. Woodward, L. L. MacGrady and L. I. Noyes were elected Freshmen members of the Co-operative Board.

Final plans for the Freshman Glee were also discussed. All those who have not paid their three dollars are urged to do so at once as the Board wishes to know the definite number of those who will attend.

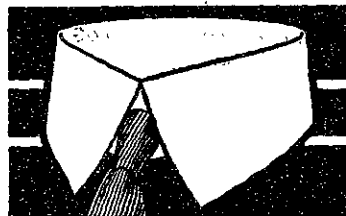

Work on the Yale bowl, which was stopped during the winter, was started again this week and it is expected that it will be ready for the Harvard-Yale game in the fall.

Coach George F. Conners of the Exeter Track Team is reported as successor to Mike Murphy at Pennsylvania.
