

THE TECH

VOL. XXXIV. NO. 71.

BOSTON, MASS., FRIDAY, DECEMBER 11, 1914.

PRICE THREE CENTS

PROFESSOR SEDGWICK IS HIGHLY HONORED

Elected To Presidency of The American Public Health Association.

Professor William T. Sedgwick, head of the Department of Biology and Public Health at the Institute, was honored by being elected president of the American Public Health Association for the coming year. As the association was nearing the close of its forty-second annual meeting, held in Jacksonville, its president, Dr. William C. Woodward of Washington, D. C., resigned. Professor Sedgwick was elected without his knowledge. The first news of the election was a telegram sent by the members, eighteen of whom were Technology graduates. One of these was a woman, Miss Wade, formerly of the Boston Board of Health. Next year's meeting of the society will be held at Rochester, N. Y.

FINANCE CAMPAIGN

All the reports of the T. C. A. finance campaign have not yet been received. The campaign will continue today and will be completed this evening. A full report will be published in Monday's issue of The Tech.

JUNIOR STATISTICS

Blanks Distributed Thursday—More At Cage.

About three hundred copies of the Junior class statistic blanks were distributed by members of the Technique board at the "Polecon" lecture yesterday. As some of the class of 1916 were not present at the lecture, a large supply of the blanks has been left at the Cage, where they may be obtained by all Juniors. The answers should be turned in at the Cage as soon as possible. The Statistician wishes to receive as much wit and humor as each man can supply. A copy of Technique, 1916, will be given to the man handing in the best set of answers.

TECH SHOW

The following candidates have reported for Assistant Business Manager of the Tech Show: K. A. Burgess, M. E. Demond, H. B. Eddy, L. H. Flett, C. G. Holt, P. Howard, H. N. Keene, F. S. Krug, L. L. McGrady, D. H. Montgomery, F. R. Moore, K. Reid, C. H. M. Roberts, J. H. Sullivan, F. A. Washburn, R. W. Van Kirk, A. de Zubiria and G. B. Hutchins.

Any other men who wish to compete for the position are to report at the Show office at five o'clock on Monday, Wednesday or Friday next week.

TECHNIQUE PROPOSES TO PUBLISH SENIOR PICTURES

New Plan Would Abolish Portfolio—Expected to Give Wider Circulation to Pictures of Graduating Class—Seniors to Meet Monday

Technique 1916 today makes public a plan, which, if it is favorably acted upon by the Senior class, will mean the most radical change of recent years, not only in Technique, but in the history of activities at the Institute. The proposal in a nutshell, is the abandonment of the usual Senior Portfolio, and the inclusion of the Senior pictures and records in the year book. The proposition, as submitted by Technique, is as follows:

Technique 1916 will run a Senior picture section, either with the Senior insert, or as a separate Portfolio section. This will include everything formerly in the Portfolio with the possible exception of the class day officers. It will include the class day committee. The pictures will be run ten to every two pages, instead of eight, as in the Portfolio, which will necessitate a slight reduction in the size of the cut. The engraving will be fully as good as in the past, for the Technique engraving is done by one of the best firms in the city. There will be no charge made to the men whose pictures are inserted; sittings will be arranged for by the Technique Board, and everything in this respect will be the same as when run by the Portfolio committee. Last year 360 Seniors were included in the Portfolio, and there seems to be no reason to suppose that there will be any material reduction this year.

The advantages which the Senior class may expect to derive from this scheme are a great decrease in expense, and a large increase in the circulation and usefulness of the Portfolio. In the past, the expense of the Senior Portfolio has been about \$1,000.00, this money being secured from the men who bought the book at \$5.00 per copy. Technique asks the class of 1915 for a guarantee of \$200.00 from the class funds to be paid next spring, providing Technique has a deficit. Technique makes this offer on the assumption that this saving of approximately \$800.00 which the change will make, is worth \$200.00 to the men who pay the class dues. These are, for the most part, the same men who would later pay \$5.00 for a Portfolio, and \$2.75 for a Technique, a total of \$7.75. If Technique's plan goes through, these men will be called upon to spend \$2.75 for a Technique and possibly an additional dollar on their class day assessment, this last to make up the deficit caused by the granting of the \$200.00. The net saving per man is thus about \$4.00, and the value of what he receives for his money is at least as great, for, to offset the decrease in the size of the pictures, there is the advantage of having the whole in one book. This does not mean that Technique 1916 is to be a big and unwieldy volume. (Continued on page 3)

CIVIL ENGINEERS

Prof. Whipple Speaks On Sewage Disposal Tonight.

The Civil Engineering Society will hold a smoker in the Union tonight at eight o'clock. The speaker of the evening will be Professor Whipple, who will talk on "Some Interesting Phases of Sewage Disposal." A business meeting will take place before the meeting, and a member of the Executive Committee will be elected to fill the vacancy caused by the resignation of M. B. Dalton. The question of making members of the Civil Engineering Option of Course XV eligible to the Society will also be decided.

SOPHOMORE BASEBALL

Any Sophomores who desire to compete for manager of the 1917 baseball team will meet W. C. Wood and K. H. Day in the Union on next Tuesday at one o'clock.

SENIOR MEETING

Question Of Putting Pictures In Technique To Be Discussed.

A meeting of the Senior Class will be held in Huntington Hall next Monday at 1.30 to consider Technique 1916's plan of combining the Senior Portfolio with the Technique.

The Governing Board hopes that every Senior will consider the matter carefully and come to the class meeting with any ideas which he may have upon the subject.

JUNIOR DINNER

The class of 1916 will hold its dinner in the Union on January 5th. W. J. Farthing, T. F. McSweeney, and R. H. White have been appointed as a committee to arrange an entertainment and attend to all other details.

Candidates for Business Assistants for Tech Show. Show Office. 5.00.

MUSICAL CLUBS GIVE CONCERT IN BROOKLINE

Preliminary Dance Orders For Winter Concert Are Out Today.

The Combined Musical Clubs went to Brookline last Wednesday evening and gave a concert before a large and enthusiastic audience at the Brookline Baptist church. All the numbers were well received, particularly the Hawaiian Quartet, the solo by Williamson and the Glee Club Quartet. The program was as follows:

1. The Kavanagh, Bullard '87
Glee Club
2. The Crescendo, Odell
Mandolin Club
3. Solo, Selected
H. C. Williamson
4. The Sporty Maid, Rolfe
Banjo Club
5. (a) Lei Lehua
(b) Aloha Oa
Hawaiian Quartet
6. Reading, Selected
Alexander Martin
(Continued on page 3)

FRESHMAN PIPES

All freshmen interested in class pipes can see samples at the Cage. Any men wanting pipes must leave their names and also the style of pipe desired at the Cage as soon as possible, as no orders will be received after Dec. 17th.

SENIOR BOARD

The picture of the 1915 Governing Board will be taken today at one at Notman's.

CALENDAR

Friday, December 11, 1914.

- 1.00—Senior Governing Board Picture. Notman's.
- 1.30—Candidates for Assistant Publicity Manager Tech Monthly. Monthly office.
- 1.00-2.00—Musical Clubs' Winter Concert Tickets on Sale. Union.
- 4.15—Hockey Practice. Gym.
- 5.00—Basketball Practice. Gym.
- 5.00—Gym Practice. Gym.
- 5.00—Candidates for Business Assistants for Tech Show. Show Office.
- 8.00—C. E. Society Smoker.

Saturday, December 12, 1914.

- 8.00—Musical Clubs' Third Concert. Billings Hall, Wellesley College.
- Monday, December 14, 1914
- 1.30—Senior Class Meeting.
- 4.15—Hockey Practice. Gym.
- 5.00—Gym. Team Practice. Gym.
- 5.00—Basketball Practice. Gym.
- 5.00—Candidates for Assistant Business Manager Tech Show. Show Office.

FRIDAY, DECEMBER 11, 1914

IN CHARGE OF THIS ISSUE.

Editors, J. M. De Bell, '17; W. F. Johnson, '17.

Associate, H. N. Keene, '17.

Assistants, B. N. Stimets, '16; D. E. Bell, '17; W. J. Henry, '18; J. Purves, '18; M. A. L. Eales, '18; F. Birmingham, '18; B. A. Thresher, '18.

We are pleased to see renewed this year the proposition, which the Class of 1914 so hastily abandoned, of including the Senior Portfolio in the Year-book. The details of the plan are presented in this issue. In order that a well-considered decision may be reached at the Senior meeting on Monday, every man who has arguments of interest to the class, on either side of the question, should communicate them to the class through Monday's issue of The Tech.

Since the Union Committee has delegated to an efficient and reliable man its arduous duty of keeping the Union supplied with magazines in good condition, a most gratifying change is to be noted. We congratulate the Committee on its choice of a man, and hope they may have equal success in getting their other duties done.

While the canvass for funds which the T. C. A. has just completed was an excellent thing in itself and received our heartiest support, we have one criticism to make concerning the undertaking. Authority from the Institute Committee, which is ordinarily considered pre-requisite to any solicitation among Institute men for an Institute purpose, was not obtained. Of course in this case it was a mere matter of form, and neglected as such

On account of the absence of several of its members at the meeting yesterday afternoon the Cross Country team was unable to elect next year's captain. A new meeting will soon be called and it is hoped that all members will be present.

The Track squad now consists of seventy-three men. So far the practice has been light but tomorrow afternoon preliminary speed trials will be held in preparation for the first meet of the season, which will occur a week from tomorrow. The chances for a fast relay team appear particularly bright at present, and Coach Kanaly will have hard work making his final decision as to who will make the team.

From the work and number of the candidates, Technology's representation in the high jump promises to be excellent. The pole vault also is being well taken care of, but the shot-put has only one regular candidate. This event is very important and should not be neglected.

The absence of the freshmen is particularly noticeable in the jump and weight events. Why don't they show a little school spirit?

Much confusion has been caused by the presence on the Gym. floor during the time assigned to Track practice, of members of Gym. classes, and other teams, who are not taking Track. On account of the large size of the Track squad, it is requested that the floor be left entirely to the runners.

CENTRAL CHURCH

Technology Professor Will Talk Next Sunday Evening.

Professor George B. Haven of the Mechanical Engineering Department will address a gathering of students from the various colleges in and around Boston next Sunday evening at eight o'clock. The meeting will be held in the chapel of the Central church, corner of Newbury and Berkeley streets. Professor Haven will relate some of his experiences with the student life of Boston. All Technology men are cordially invited to be present.

TECH MONTHLY

E. J. Goldstein, assistant Managing Editor of the Monthly, wishes all men who wish to try out for Assistant Publicity Manager to meet him at 1.30 today in the Monthly office, upstairs in the Union. He wishes to say that this is a very good chance as one man will be selected from among these to be the regular assistant.

but we believe, if only for the sake of precedent, that this formality should in all cases be observed.

"VELVET gets a good many puffs in th' papers," sez a fren' th' other day. "True," sez I. "But the best puffs VELVET gets is the everyday puffs out of the million or more pipes of them that use it."

PATRONIZE TECH ADVERTISERS

TECHNIQUE 1916
(Continued from page 1)

The board plans to get out a book about the same size as last year's.

The circulation of the Senior pictures will be increased 500 percent, as the sale of the Portfolio was a little less than 200 copies, while Technique expects to dispose of close to a thousand. Few outside the Senior class ever saw the Portfolio, and practically no others bought it. It may be said that it was intended only for Seniors, and so served its purpose, but it should also be of interest to the school as a whole, and if included in Technique, would add considerably to the prestige and influence of the Seniors. They would be better known, and the part they had played in undergraduate affairs would be better appreciated.

Even after receiving \$200.00 from the senior class, Technique will start with a deficit of \$150 on the scheme, representing the increase in the printing and engraving bill, together with incidental expenses, after deducting the money to be saved by the plan. This deficit, Technique plans to make good through increased sales in the Senior class, and through further reductions made in other sections, made by the elimination of features which are considered undesirable.

The above proposition was submitted to the Senior governing board at its meeting Wednesday noon, and while no definite action was taken, the sentiment of the meeting was very much in favor of the plan. It was decided to call a class meeting next Monday noon, in order to put the matter before the class for settlement. In the meantime it was the desire of the governing board that the matter be submitted to the class through the columns of The Tech, and that each man interested take it upon himself to form an intelligent opinion concerning the plan.

Combined Clubs

On Saturday evening the Clubs will make a trip to Wellesley, where they will give a concert at Billings Hall for the benefit of the Wellesley Fire Fund. After the concert the men will be tendered a reception by the Wellesley College Glee Club at one of the sorority houses.

Tickets are selling rapidly for the Annual Winter Concert and Dance to be held in Copley Hall on Friday evening, Dec. 18th, upwards of three hundred reservations having already been made. The order of dances for the concert, for which the pre-

**MR. HUBBARD SPEAKS
AT NOON HOUR TALK****Discusses The Accomplishments
Of The Japanese In
Manchuria.**

The Technology Christian Association, procured for its weekly noon-hour talk yesterday, Mr. C. V. Hubbard, of Japan, who gave, in a short talk, a very clear idea of what the Japanese have accomplished for the betterment of conditions in Manchuria.

Mr. Hubbard asserted that Manchuria has gained greatly from the Russo-Japanese war, despite the fact that it suffered immensely from the direct results of the war. This is due to the fact that the Japanese have developed the mining resources of the country, and have made proper use of the railroad facilities. Before the Japanese started improving the country, the people were poverty-stricken, and lived in a hand-to-mouth fashion on what little sustenance they could scrape from the surface of the land. The soil had been tilled until it was exhausted and there was little fuel to protect the inhabitants from the rigors of the Manchurian winter. When the Japanese entered the country, they found that the coal resources were the very finest in the world, and now the population is not only furnished with abundant fuel, but exports large quantities. Mr. Hubbard spoke of one mine with an unbroken coal vein 150 feet thick, with an output of 7000 tons per day.

The oil of the Soya bean which used to be used as fuel and food in Manchuria, has been displaced in a large measure by Standard Oil products, and this has resulted in a greatly increased export of the native vegetable oil, which has nearly doubled the price of the latter.

Mr. Hubbard stated that, contrary to popular opinion, the Japanese exerted absolutely no administrative control over Manchuria, this being entirely in the hands of the Chinese.

The only opportunities for control which the Japanese have is their possession of a small area around Port Arthur, and a three mile strip along the railroad. This last has been extensively operated by the Japanese, in contrast to the Russian policy of using it only for military purposes. In connection with the operation of the railroad, the Japanese have instituted a widespread system of industrial welfare, which includes the establishment of schools, hotels, hospitals and provisions for all kinds of technical and medical training.

In concluding, Mr. Hubbard said that these remarkable results were achieved through the work of men who had received their training in the Y. M. C. A. throughout Japan, and was a good example of the sort of work this institution is striving to accomplish abroad.

Liminary programs will be out today is as follows:

1. One Step, The High Cost of Living
2. One Step, Capt. Betty
3. Waltz, Cecile
4. Fox Trot, Meadow Brook

WRESTLING OUTLOOK FOR COMING SEASON

Team Weakened By Graduations
—New Material Looks
Promising.

To this year's wrestling squad has been given the task of upholding the reputation of a team, which for more than two years has gone without defeat and which last year won the Eastern Intercollegiate Championship. During this time, the wrestling team has undergone little change but has depended upon the skill and experience of such men as Kelley, Treat and Martin.

This year graduation has taken away five of those who have been the mainstay of the team; Kelley, Martin, Treat, Means and Leslie. This leaves, of the original first string men, only Loo, Crowell and Walter, while of the second string men, there still remain Durkee, Rounds and Goodell. Manager Morse, who should be included with the latter, will probably be unable to wrestle owing to injuries incurred last year.

In the heavyweight class, Captain Crowell will take care of bouts as formerly. The 158-pound class still has Walter, although he may be unable to enter all of the meets. The new men in this class are Bond and Wood, both Sophomores and both able to give a good account of themselves.

The greatest weakness of each of these wrestlers is that of all the new men, lack of experience.

The 145-pound class has suffered severely in losing Treat, who was practically invincible at this weight. However, this class is fortunate in having Goodell, who has trained down from the 158-pound class, where he wrestled last year. The only promising new man is Peterson, a product of last year's freshman team.

The 135-pound class has lost two men of greatest ability; Kelley, who captained the team to championship last year and Martin, who managed it. The never-die spirit, which so characterized this team, is almost directly responsible to the influence of these two men. To fill their places, are left Durkee and Rounds, both men to be depended upon. Each of the latter won his W-T-T last year.

This class is especially strong in new material. Giles, a new man at the Institute, who was formerly 135-pound champion of the University of Texas, will undoubtedly strengthen the team greatly. Hoffman, a Sophomore, is developing rapidly and he, with Blodgett, who wrestled two years ago, will further bolster up this weight.

The 125-pound class has lost Kelley who wrestled both at this and the next higher weight, and Means. This year the team must depend entirely upon new material unless Rounds is able to train down from the 135-pound class. Stebbins, also over-weight, will strengthen this class materially if he can train down. At present, Bone and Loo, who are both light, must be depended upon.

The 115-pound class is still invincible, with Loo ready to tackle anybody within ten pounds of his own weight.

(Continued on page 6)

FINANCE COMMITTEE

A Uniform Check System Is
Adopted—Many Are Absent.

The second meeting of the year was held by the Finance Committee in the Union last night. The voucher check system was discussed and it was decided that each activity in the Institute should use uniform voucher checks. The question was brought up of having all the members of the committee dine together in the Union before the meeting and a motion was passed that every treasurer signify on his report whether he will be on hand or not.

The following members were absent: H. W. Jackson, Architectural Society; F. D. Ross, Architectural Engineering Society; C. L. Hall, Civil Engineering Society; W. H. Brackett, Electrical Engineering Society; L. E. Best, Hare and Hound Club; K. M. Dean, M. I. T. A. A.; J. S. McDowell, Mining Engineering; St. E. T. Pize, Cercle Francais and T. D. Parsons, Rifle Club.

FACULTY NOTICE

First year students are expected to take at the end of the present term all entrance examinations in which they have not already clear records, with the following exceptions:

1. Students having conditions in entrance History and entrance Physics. No examinations will be held in entrance History and entrance Physics at the semi-annual examination period.

2. Students taking no work dependent on entrance subjects in which they have not clear records. They may take remaining examinations in June or September.

3. Students who are now making up entrance German by taking the elementary course, although they are privileged to take this examination.

Students entitled to excuse from particular entrance conditions on the basis of good term work. This applies to conditions in entrance Algebra, English, French, German and Plane Geometry, and students will be notified before January first, if excuse can be given.

COMMUNICATION

Editor of The Tech.

Sir:

On Tuesday last a poster was stolen from the big Union bulletin board. This poster was for the C. E. Society meeting on Friday night, representing in a somewhat quaint form the subject of the speaker, Prof. Whipple of Harvard and M. I. T.

I have since learned that the various activities of the Institute consider that a really clever poster is unsafe on this big Union Bulletin board as a result of bitter experience during the last few years. I was surprised to learn this, and I think that to some of the fellows this is still more or less of a surprise, though the recent telephone theft at the Union is well known and has created considerable amusement among us.

The unfortunate fact about the matter is that there is nothing that we

INSTITUTE COMMITTEE MEETING YESTERDAY

Reports Of Finance, Budget And
Bulletin Board Committees
Accepted.

A meeting was held by the Insti-
tute Committee yesterday in which
the reports from the Finance, Bud-
get and Bulletin Board Committees
were accepted. The following addi-
tions to the Technology Monthly
Board were ratified: E. J. Goldstein,
Assistant Editor-in-Chief; H. N. Keene,
Acting Circulating Manager, and L.
E. Best, R. Brooks, W. J. Henry, A.
M. Southwick and P. M. Strang of
the News staff.

The meeting was concluded by the
report of the Point System Commit-
tee, which recommended the follow-
ing classification:

Class A—12 Points: President of
Senior Class, Editor-in-Chief of Tech-
nique, Business Manager of Tech-
nique, General Manager of Tech Show,
Manager of Track Team, General
Manager The Tech, General Manager
Musical Clubs.

Class B—11 Points: Business Man-
ager Tech Show, Stage Manager Tech
Show (Second Term).

Class C—10 Points: Editor-in-
Chief of The Tech, Managing Editor
The Tech, Members of Technique
Board, Treasurer Tech Show.

Class D—9 Points: Sec. Treas.
Inst. Comm., Business Manager Tech
technology Monthly, Editor-in-Chief Tech-
nology Monthly, Managing Editor
Technology Monthly.

Class E—8 Points: Advertising
Manager The Tech, Circulation Man-
ager The Tech, Chairman Union
House Committee, Advertising Man-
ager Tech Show, President Junior
Class, Executive Committee of In-
stitute Committee, Stage Director
Tech Show (Second Term).

Class F—7 Points: Feature Edi-
tor Technology Monthly, Manager
Tech Orchestra, News Board The
Tech, Members of Junior Prom Com-
mittee, Members of Senior Portfolio
Committee, Assistant Business Man-
agers of Tech Show, Assistant Stage
Manager of Tech Show, Principals
Tech Show, Manager Hockey Team.

Class G—6 Points: Advertising
Manager Technology Monthly, Cir-
culation Manager Technology Monthly,
Treasurer Technology Monthly,
Leader Tech Orchestra, Assistant
General Manager of Musical Clubs,
Chairman Union Dining Room Com-
mittee, Manager Gymnasium Team,
Commodore Boat Club, Manager
Swimming Team, Captain Track
Team, Pres. T. C. A., Assistant Ad-
vertising Manager Tech Show, Man-
ager Basketball Team, Leaders Musi-
cal Clubs, Treas. The Tech, President
Sophomore Class, Presidents of Pro-
fessional Societies.

Class H—5 Points: Business Board

LAST YEAR'S SENIORS HOLD REUNION DINNER

Seventy-Four Men Gather At
Oxford Hotel Last
Night.

The Class of 1914 held its first re-
union dinner last evening at the Ox-
ford Hotel, when seventy-four of the
fellows got together to talk over old
times again with their classmates.
Don Crowell acted in his old capacity
of collecting money, and also told a
few stories, while Ted Wymian regaled
the audience with his experiences in
Europe during the war. Z. Y. Chow
described the recent Chinese Students'
Conference. A. C. Dorrance tele-
graphed his best wishes and several
letters were read from members who
could not be present.

A near riot was started when
Charlie Fisk, instigator of the dinner,
called the head waiter and demanded
why the soup was full of foreign mat-
ter, and tasted so poorly. The Head
Waiter replied in great wrath that he
would call the chef and see what he
had to say about it. Forthwith the
chef appeared, bearing the kettle in
which the soup had been cooked and
asked what the matter was. Charlie
reached down into the kettle and
pulled out an old pair of overalls,
dripping with tomato soup, and said,
"Now, fellows, how could soup taste
good with an old pair of Firehorse
Wilkins' overalls in it?"

The meeting broke up with a couple
of class cheers, led by the old cheer
leader, A. H. Waitt, and the singing
of the Stein Song.

HOCKEY TEAM

All candidates for the Hockey Team must report at the Gym this afternoon at 4 o'clock. It is expected that the men will soon be able to use the Arena. Manager Goodell will know definitely this afternoon whether the ice at the Arena will be in shape so that the team can get on for practice tonight. If it is found that the men cannot get on the ice this evening they will take their regular run at the Gym. The opening game of the season comes next Thursday evening with Harvard and since the team has not been on skates yet this year it is absolutely essential that the men show up regularly for practice. Captain Fletcher is making every effort to get his men in shape for the Harvard game by giving the team long runs three times a week. Tickets for this game will be placed on sale today.

shall have only the points attached to the office, provided they exceed or equal four (4), otherwise he shall have the four points only attached to the Institute Committee Membership.

2--The captaincy of any team not otherwise mentioned shall add one point to the rating for that team.

The committee recommends that the above schedule of points take effect upon approval of the Institute Committee, and that it apply to all men now in office, whether elected under the old schedule or not.

A further appropriation of 150 dollars was voted to the Hockey Team, making a total of 250 dollars for this activity.

The Bulletin Board Committee reported that it is still unsafe to place attractive posters on the boards.

The representatives of the E. E. Society and O. C. Lorenz did not attend the meeting.

WRESTLING TEAM
 (Continued from page 4)

Manager Morse has appointed men who now take charge of the freshmen wrestling squad upon Mondays, Wednesdays and Fridays. The former crowded conditions of the mat have thereby been avoided and each freshman is under the supervision of some more experienced man. Tuesday and Thursday afternoons have been reserved for varsity practice as well as time after 5.30 upon other afternoons.

The team believes that it can continue this year the reputation so far held by the Institute in this field. The men feel that those graduated last June have left behind them an influence in their earnest and indomitable spirit, which will greatly make up for the loss of the wrestlers themselves, they cannot succeed through their own efforts alone. With the encouragement and financial support of the student body, this year's team feels that it can make itself a worthy successor to Kelley's Championship Team of 1914.

HONESTLY---WHAT'S YOUR OPINION ?

You know we may be biased, and perhaps stubborn—but can't help it—in our firm conviction—that Dress Garments—should above all others, anyway—be especially designed and made for the individual. Studies adjectives and glowing phrases never did—don't now—and never will supply the requisites to this end.

Our \$50.00 Full Dress Suit has been accepted as the standard by the best dressed gentlemen of New England for many years.
