BOSTON, MASS., WEDNESDAY, MARCH 3, 1915.

PRICE THREE CENTS

## G. R. URQUHART GIVEN FIRST MARSHALSHIP

Wood Secretary Of Committee — Standing Of Men In Election.

At a meeting of the Senior Class Day Committee held last Monday afternoon George R. Urquhart was elected First Marshal of the Class of 1915. In this office he assumes the chairmanship of the Class Day Committee. Carl Wilbur Wood was chosen secretary of the Class Day Committee. The next meeting will be held tomorrow at four-thirty.

The following is a list of the activities of the men on the Committee in the order of votes received:

Frank Paul Scully—62 votes: Beta Theta Pi, Course I, Osiris, Cosmopolitan Club, C. E. Society, Institute Committee from Class (4), Chairman Finance and Budget Committee (4), Show Music (3-4), Executive Committee of the Institute Committee (3-4), President Class (3), Chairman Junior Prom Committee (3), Vice-President of Institute Committee (3), Vice-President class (2), Captain class football team (2), player class football team (1), Manager and player class basketball team (1-2), class baseball (1), M. I. T. A. A. (1).

(Continued on Page Three)

## CATHOLIC CLUB

### Dr. T. J. O'Brien To Speak— Report on Recent Dance.

At the next meeting of the Catholic Club, to be held tomorrow evening at 6 o'clock in the Union, Dr. Thomas J. O'Brien will speak on "Drugs and their Relation to Health." Dr. O'Brien is an expert chemist and pharmacist, and his talk will probably be relative to the pure food question which has recently been brought so forcibly before the public.

A report on the dance given recently will also be given at this meeting.

## CAST REHEARSALS

Rehearsals of the cast of the Tech Show will be held in the Union on Wednesday and Friday at four o'clock.

## VIRGINIA TANNER TAKES CHARGE OF SHOW DANCING

"Getting A-Cross" Well Under Way— Ballet and Chorus Picked—Business Competition Closes— First Proof of Poster

Plans for "Getting 'A-Cross," the Tech Show for 1915 are beginning to materialize. The dates for the Boston performances are definitely known. The production will be given in the Shubert Theatre on Friday, the sixteenth of April, and in Jordan Hall on the following afternoon and evening. It now seems probable that it will be seen in Malden on the twentieth and in Northampton on April twenty-fourth.

A. B. and an A. M. degree. While a student she became interested in dramatics, and took special work under Professor Baker. She was prominent in all the undergraduate plays put on while she was in college.

For the first three years after graduating she was a dramatic critic for the Boston Transcript, and she then began to be interested in pageantry. Since that time she has directed a great many of them, including the

VIRGINIA TANNER, DANCING INSTRUCTOR IN "GETTING A-CROSS"

"Getting A-Cross" will resemble "A 'Royal Johnnie" in that dancing will be strongly featured. This work will be directed by Miss Virginia Tanner, perhaps the best known Boston dancer. She is a graduate of Radcliffe and has received both an

Greek Pageants at Baltimore, Maryland, and at Worcester, the Mosque of Rockport and the Pageants of Maclean Valley, Maine.

When not busy with pageants Miss Tanner has spent much of her time (Continued on Page Four)

## TECHNOLOGY MEETS HARVARD TONIGHT

Wrestling Teams Evenly Matched—Neither Team Defeated This Year.

Tonight at eight o'clock the wrestling teams of Technology and Harvard will meet in the Technology Gym. This meet will without doubt be one of the hardest of the year. Neither Harvard nor Technology have been defeated thus far this year and Technology has not lost a meet for two years. All the bouts should be close and interesting.

The loss of Kelly, 125 lbs., and Treat, 145 lbs., both of whom won their bouts last year, will be keenly felt. The loss of Smythe-Martin in the 135 lb. class is not felt so much (Continued on Page Six)

## MUSICAL CLUBS CONCERT

Well Executed Numbers Win Applause From Audience.

Last Monday evening the Combined Musical Clubs gave a concert before a large and appreciative audience at the assembly hall of the Edison Employees' Club, on Massachusetts Avenue. This was the first appearance of the Clubs since the mid-winter (Continued on Page Four)

## FORUM DISCUSSION

Next Friday an open discussion on the subject of "Militarism" will be held in 8 Eng. C at 1.15 p. m., under the auspices of the M. I. T. Forum. Both exponents and opponents of militarism will speak. All are invited to be present and to participate in the discussion. After the meeting a vote will be taken to find out the sentiment of those present.

## FRESHMEN TRACK MEN

Every man of the 1918 class who has had any experience in track is to report at the Gym today by 4 o'clock for the Sophomore-freshman meet. Men are especially wanted in the shot-put and hurdles, and all those who show up well will have a chance to make the trip to Andover.

## CALENDAR

Wednesday, Mar. 3, 1915.

4.00—1917-1918 Meet. Gym.

4.00—Show Cast Rehearsal. Union.

5.10—1917 Electoral Committee. 8 Eng. C.

8.00—Wrestling. M. I. T. vs. Harvard. Gym.

Thursday, Mar. 4, 1915.

1.30—F. C. A. Talk. Union.

5.00—Engineering in China. 31 Rogers.

6.00—Catholic Club. Union.

## IN CHARGE OF THIS ISSUE.

Editor, J. M. DeBell, '17.  
Assistants: A. H. Wenzel, '17; K. M. Lane, '17; A. R. Brooks, '17.

If, all concerned in the present regrettable affair of the Senior Class Day Committee will be patriots instead of partisans—if they will act in good faith themselves and give others reasonable credit for so doing—above all, if they will bring everything frankly into the open, and harbor no grudges in the dark—then we may be sure that the matter will be cleared up, the good intentions of all made manifest, and the Committee enabled to settle down effectively, because harmoniously, to accomplish the work before it.

The title "Niemand zu Hause" introduces the third annual entertainment given by undergraduates under the supervision of the Institute Committee for the benefit of athletics. The two past events have been notably successful, not only from a financial point of view, but as entertainments affording more than full value to all patrons.

The special necessity for athletic funds this year makes it imperative that "Niemand zu Hause" be equally successful in both respects. The organizers are doing everything possible to make the show itself the best ever perpetrated; it remains with the student body to determine its financial success.

## FACULTY NOTICE

Principles and Applications of Electrolysis. This course of six experimental lectures will be given on Friday afternoons at 4.05 p. m. in Room 23, Walker Building. First lecture will be held March 5th. This elective course is open to all students above the First Year without registration or examination.

H. M. GOODWIN.

Communications will be considered in the order of their receipt.

## COMMUNICATIONS

To the Editor of The Tech:

As one who is always interested in change and whatever appears to be improvement, I was both interested and pleased at the fact that at the first meeting of the Senior Class Day Committee a precedent of long years standing was abolished. There seems too great a tendency at the 'Stute to fall into customary ways of doing things and assuming that the way of the least resistance is always productive of the best results. In selecting for the First Marshal a man other than he who received the highest vote for the committee there seems the promise that at last the school has shown signs of life and that perhaps this year's class will be able to give us something worth while for Class Day. Like the exercises of former years, matters of election and promotion have savored of childishness and mere blind following of the leader under the guise of "precedent." There is bound to be more or less criticism of so radical a change, and there will probably be those who, bound by the idea of precedent, will, like the proverbial chicken, fly wildly about for a time, but upon examination it will probably be found that they deal largely in personalities; and after all, petty criticism is for petty men, and every fellow who is big enough to see in the change the awakening of the 'Stute from its monopolistically directed lethargy of former years will pay little heed to whatever mere personalities may be inducted into the inevitable discussion resulting from this change.

Yours truly,

O. R. FREEMAN.

Editor of The Tech:

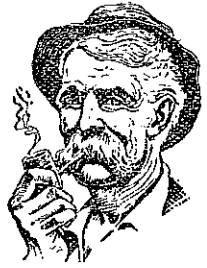

For a great many years there has been the custom of electing the man receiving the largest number of ballots on the Class Day Committee election First Marshal of the Class. It is true that this is nothing more than precedent, and may be open to objections. However, it is acknowledged that when the most popular and best fitted man receives the largest number of votes, he should certainly receive the position of First Marshal.

On hearing the result of the ballot in the meeting last night, I was absolutely dumbfounded. It seems to me impossible that such a situation could be put over without being worked out previously, and I am willing to state right now that I believe the affair was "framed up." When a man with thirty-nine votes, nineteenth on the list, and whose only claim to the consideration is that he has been a Business Manager of Technique, a member of the class executive committee and a member of one of his class teams can be elected to the highest Class Day position in place of a man who has done as much for his class and the Institute as Frank Scully, it looks like a "good sized nigger in the woodpile" to me. Scully has been president and vice-president

**COMMUNICATIONS**  
(Continued from Page Two)

of his class, member of the Institute Committee for his class, chairman of the Finance and Budget Committees, manager of basketball two years, captain of the football team his Sophomore year, member of baseball, football and basketball teams in his freshman and Sophomore years, ex-officio chairman of the Prom Committee and writer of Tech Show music for two years. In the Technique Electoral Committee and Senior Class Day Committee election, he received the greatest number of votes, and when elected president of the class, he received more votes than the other two candidates together. It looks pretty rotten for a man to even accept the position of First Marshal when a man is put up with this record.

It was mentioned in the committee that Urquhart was nearly through with his school work. He still has a deficiency in one of his most important lab. courses, and his activities have been so large (?) this year that he was unable to accept the position of Treasurer of the A. A. some two months ago.

When Urquhart was nominated, one of the chief arguments put up by Leeb for election was that it was strictly not an honorary position, but a position for work, and as his candidate would soon have every afternoon off, he was better equipped than Scully, who was busy with so many activities, he claimed. In nearly every college, the position of First Marshal is strictly honorary, and Urquhart has himself admitted that it is at Technology. There seems to be a little discrepancy between Urquhart and his "henchmen" in this respect.

I simply wish to state to the class as a minority member of the committee representing (?) them, my view on this subject, and my objection to the injustice done.

Sincerely,  
HOWARD C. THOMAS.  
Member Senior Class Day Committee.

To the Editor of The Tech:  
In the three years that I have been connected with the Institute I have felt that one of the best things in the student life here was its freedom from politics, the spirit that lets the best man win. Today I regret that I must give up this idea, for I have just seen one of the rottenest, dirtiest political deals pulled off that has ever been my misfortune to hear about. I have seen a certain crowd of men, most of whom have been

**TECH SHOW**  
(Continued from Page One)

in doing solo dancing, appearing generally at private affairs, such as the Titanic Memorial Fete given at the home of Mrs. John Hays Hammond in Gloucester, and the outdoor festivities at George Gordon King's at Newport.

Miss Tanner began her work with Tech Show 1915 on Monday, when she made the first choice of the men for the chorus and the ballet. All the candidates were required to go through a few dancing steps and all but the following were gradually eliminated. For the ballet: D. E. Bell, P. N. Brooks, V. C. Checa, T. K. Hine, K. M. Lane, D. K. McLellan, H. R. Polley, M. C. Lubensberger, V. C. Wooten. Chorus girls: D. G. Bradley, P. N. Cristal, V. E. Doherty, D. Fly, C. W. Hawes, R. J. McFadden, R. S. Means, A. de Zubiria. Chorus men: L. T. Binston, L. Besly, W. S. Freethy, F. F. Fulton, V. L. Hafner, T. E. Hannah, A. C. Lieber, Jr., L. H. Littlefield, W. C. McDonald, V. G. McDougall, H. B. Morrill, E. M. Newton, J. R. Ramsbottom, H. D. Swift, C. P. Wallis, W. E. Wentworth, G. R. White, H. H. Whitcomb.

The Sophomore competition in the business department of the Show also came to a close Monday, and C. H. M. Roberts and H. P. Eddy, Jr., were retained.

The first proof of the Show poster, which was designed by O. R. Freeman, was delivered yesterday, and it compares very favorably with the best of those of former years now hanging in the Union. The posters will be ready for distribution in a very short time.

**MUSICAL CLUBS**

**SOPHOMORE-FRESHMAN  
 MEET THIS AFTERNOON**

Second Year Men Have The Advantage—Half Mile Race The Feature.

The annual indoor track meet between the Sophomores and freshmen will take place this afternoon at 4 o'clock. From the past performances of both teams, the 1917 squad has decidedly the advantage, and the freshmen will have no easy task on their hands. The half mile race appears to be the feature event of the meet, for Hamilton, the freshmen captain, is opposed by Allan and Brock of the Sophomores, and judging from the evenness of their running, the result is very much in doubt. The 1918 men are strong in the 40 yard dash, because Kwan has been showing up well all season, and will undoubtedly push O'Hara quite hard. The rest of the events seem to be easy for the Sophomores, and the freshmen will have trouble in placing in most of them.

The high jump is well represented for 1917 in Sullivan and Colleary, both men having performed consistently all season. The freshmen have entered Buchanan, Burrows and Wallace but the competition does not seem to be very keen. A number of men besides O'Hara and Kwan are entered in the dash, and while Erb and Doon can be counted on for the Sophomores, Read, Justheim and Avery will do their best for 1918.

The 440 yard dash will bring Colleary, Sullivan and Brock for 1917 against Avery, Read and Coward for 1918, and the race will be mostly Sophomore according to the past records of the men. The mile run will be represented by Litchfield, Dean and Allan for the second year men and Earle and Campbell for 1918. The Sophomore millers should have little trouble in capturing all places.

The second year men have the upper hand in the 45 yard high, and should take all three places with Sewell, Bell and Clark. The shot-put also looks like a Sophomore victory with Sewell and Stevens putting the weight further than ever. The freshmen have been working very hard in preparation for the meet, but the Sophomores apparently have the upper hand.

**COMMUNICATIONS**  
 (Continued from Page Three)

pulling together all this year on more or less shady, and certainly inefficient work, deliberately turn down the man the class had chosen, the man tradition demanded, and above all the man whom the class as a whole undoubtedly considers the best man, and in his place elect a First Marshal who was one of the last ten men elected on the Class Day Committee, who received at least twenty votes less than the real choice.

Let us get down to the facts of the case. Frank Scully, who was the choice of the class, should have had the job simply by virtue of that choice. My freshman year the marshals were announced before the

**WRESTLING MEET**  
(Continued from Page One)

as his place has been ably filled by Giles, former state amateur champion of Texas.

Technology will be represented in the 115 lb. class by P. Y. Loo. Loo has not lost a bout in his own class for two years and has won from many heavier men. Harvard will be well cared for in this class by Dewart, who has not lost this year.

In the 125 lb. class Rounds of Technology will oppose Davidson of Harvard. In the 135 lb. class Giles will be Technology's representative. He will be opposed by Carper of Harvard.

In the 145 lb. class, Goodell of Technology will meet Pope of Harvard.

In the 158 lb. class Wood will work for Technology against Captain Brennan of Harvard. This bout will prove to be very fast as both men are speedy and strong.

Considering the teams as a whole they appear about evenly matched and either will have to show great form to win.

After Harvard Technology will have four more meets with some of the strongest teams in the country. On March 6 the team goes to Springfield against Springfield Training School. March 13 another attempt will be made to reach Penn State without mishap. The other two meets will be with Andover, March 20, and with the Boston Y. M. C. U. on March 27.

**COMMUNICATIONS**

(Continued from Page Five)

Class Day Committee ever met, the same time that the Class Day Committee elections were announced. Last year this was not done, but Dorrance, the president of the Senior class, wrote Fox, the man receiving the highest number of votes the night the Committee was elected, before it met, congratulating him upon his election as Chief Marshal. It has always been the rule, not the custom, that the class rather than the committee should choose the marshals. Then stop and consider what the men have done to deserve the honor. Scully has been on the A. A., vice-president and president of his class, is chairman of the Finance and Budget Committee, and is by far the most popular man in the class. In addition to this he is the man whom the Dean chose to hold up as an example of what a Tech man should be, when the Dean was addressing the new students at the T. C. A. reception last fall. Urquhart, the man elected, has been Business Manager of Technique and was a poor second in the class elections last fall. Fortunately for him, and unfortunately for Tech's reputation for clean politics, about a dozen of his "gang" were elected with him (they can only

383 Washington St., Boston

be called "gang." They were low enough to stoop to the trick and had the votes to put it through.

Let us see who the leaders of this pretty little scheme were. Urquhart, Spear, Leeb and the rest of the same crowd? Spear, Chairman of the Interfraternity Council, which has died a natural death in his hands; president of the Chemical Society, which got into such shape that the Finance Committee started an investigation; and treasurer of last year's Technique whose advertisers and creditors are still sore. Leeb, chairman of the Point System Committee that received a vote of censure from the Institute Committee in spite of the efforts of his henchmen to prevent it, and whose chief function on the Institute Committee is to move adjournment. Of Urquhart the worst that can be said of him is that he seems to be the best of a bad crowd, and erred only in accepting the position. Some bunch, are they not? Look them over, and then stop and remember that they had the nerve to defy their class, that they dared to drag rotten dirty politics into their elections, and into Technology.

Three of the criticisms that will undoubtedly be raised on this communication are: first, what business is it of his anyway, he is not a Senior. Second, he is dragging the scandal out into the open and so making it worse. Third, he is a fra-

ternity brother of the defeated candidate. To this first I maintain that an affair of this sort should concern the Institute as a whole, for it is her name, as well as that of the class, that is disgraced. The second is hardly sound anyway for the rottenness of the affair is now only a ranking sore, and it will do it good to be fought out in public. As to third, I can only say that I have tried to be as open minded as possible and have probably not succeeded wholly.

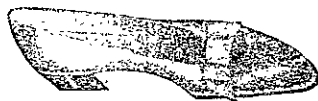

The fight, if there must be one, should be in the open, it should not be carried on by talking and scheming behind men's backs, and it is up to every Tech man to ask himself just where he stands. Unless I am very much mistaken the verdict will be prompt and to the point.
