SENIOR DANCE

Tonight at eight o'clock the Senior of Courses I, III and XI will tender a smoke to the fourth year men. Everything is in readiness for a big time and the Committee desires that there will be a large attendance.

This will be the last informal gathering of this kind for the Senior Class before graduation. The Committee has this to say in regard to the affair:

"The idea of a class smoker has been suggested late in the year, it is true, but believing it a step in the right direction, the men who have issued this invitation have every reason for undertaking their loyal support. The Committee has planned an interesting program for entertainment, but in that regard no more can be said now than that there are several surprises in store and rumors heard in the halls outside the committee meetings have aroused the curiosity of the hosts themselves.

DUAL TRACK MEET WITH BOWDOLL RUNNERS

Maine Athletes Will Appear At Tech Field On May The Eighth.

The first dual track meet of the season on the new Tech Field will take place at half past two on the afternoon of the 8th of May with the Bowdoll Track Team.

From past performances of the Maine runners, the meet will be well contested, and for the Bowdoll team appears decidedly stronger in the weight and field events with a possible exception of the pole-vault.

Bowdoll's relay team won the Maine intercollege relay race at the B. A. A. indoor meet on February 6th, but although these four runners are credited with good time in the quarter, they will be distributed in different events, and will probably find winning no easy task, when matched against the Technological track.

The price of admission to the meet will be fifty cents and tickets will be on sale shortly.
