FRESHERS RECEPTION WAS WELL ATTENDED

Two To Ten Minute Talks Are The Feature—Dean Burton Gives Address To Class.

SHOW COMPETITION OPEN TO SOPHOMORES

First Assistant In Publicity Department To Be Chosen.

The first competition for a position on the management of the Tech Show will start Friday afternoon at 5:00 o'clock in the Show office in the Union, when the Sophomore candidates for First Assistant Publicity Manager will meet Publicity Manager R. B. Stevens. The successful candidate will become manager of this department next year if his work is satisfactory, and will be one of the four men considered for the General Manager of the Tech Show. For the benefit of those who may wish to try for other departments, a first cut will be made within a short time after the first meeting.

A novel smoker is to be given Thursday with its main object the calling out of all men in the Institute who are able to do any stunt or performance, although anyone interested (Continued on Page Four)

RIFLE CLUB

First Trip Saturday—Second Meeting Wednesday.

At a lengthy meeting of the Rifle Club last Thursday, H. V. Sturtevant '23 was elected Vice-President to fill the vacancy left by the resignation of W. A. Brown '17. A number of new men joined the club, among them being four of the Chinese students. Without the men of the entering class, the membership of the Rifle Club is now in the neighborhood of seventy-five.

By a recent amendment of the Constitution, officers are elected at the final meeting in June. The following men take office for this year: President, A. E. Keating, '17; Captain, M. P. Brandt, '15; Vice-President, H. V. Sturtevant, '15; Secretary, W. F. Johnson, '17; Treasurer, J. J. Basch, '17.

A special meeting of freshmen interested in rifle shooting will be held this Wednesday evening at 8:00 o'clock after drill this Wednesday evening on the center benches in the South Armory.

When the New Field was opened it was expected that track athletics would be placed in a more flourishing condition than ever before, yet last year was not particularly encouraging in this sport. In spite of the excellent facilities at hand, relatively few men came out to follow up track athletics. Captain Guething tried to impress upon the fellows the benefit to be derived from participation in outdoor sports of this nature both from the physical point of view as well as the social. Besides the exceptional training which is afforded (Continued on Page Four)

WIRELESS SOCIETY

Professor Kennedy Will Speak At First Meeting.

The first meeting of the year of the Wireless Society will be held next Thursday afternoon at 4.30 p.m. at the Chemical Society, under the presidency of Professor Kennelly, head of the department of Electrical Engineering of Harvard and Technology, who will address the society about improving the radio station at the Institute. He has done much experimental work in wireless. The meeting is open to all Technology men. Students may join the society by paying an entrance fee of 50 cents, with dues of 50 cents per term.

FRESHMAN BANQUET LARGELY ATTENDED

First Year Men Congratulated By Dean Burton And Major Cole.

The annual freshman dinner last Saturday proved a big success. It was attended by two hundred and ten students. S. C. Dunning '17 acted as toastmaster, and introduced Coach Frank Kendall, who first congratulated the freshmen on their originality in cheers and songs, and then counseled them not to forget to save some of their enthusiasm for field day. The speaker next introduced Coach Frank Kendall, who, in speaking of candidates to date, was very disappointing for only thirteen men had reported for the team and one for manager.

H. F. Claussen '15, general manager of The Tech, was next introduced. He reminded the freshmen that they were here for two reasons: first, to study, and second, to support some activity.

Major Cole next spoke about the expectations on the part of the freshmen, and congratulated them on their conduct. He mentioned the importance of going in for activities, forming acquaintances, being acquainted with the members of different clubs, and mixing with Institute students. In conclusion, he recommended that further celebration should be conducted with safety, saying, "The standard, and if you can't be good, be careful."

Dean Burton was the final speaker of the evening. He told the first year men (Continued on Page Three)

MUSICAL CLUBS

Smoker To Be Held Tomorrow Evening For Men Interested.

Tomorrow evening in the Union, the Combined Musical Clubs will hold a smoker at which plans for the coming season will be discussed and the members of the graduating class will have a chance to become better acquainted with men on the Clubs and the advantages of the Clubs as an Institute activity. Wen- dell B. Ford, '17, General Manager of the Clubs will talk on the probable arrangements for the annual trip during the midsummer vacation.

CHEMICAL SOCIETY

The Chemical Society will hold its first meeting and smoker of the year on Monday, Oct. 13, at 7:15 p.m. at the Union. All men in Courses I, II, III, XI and XV are invited.

BOY SCOUT MEETING

All men interested in soccer will meet at 1:00 o'clock today in 16 Rogers. Plans for the season will be discussed.

CALENDAR

Monday, October 4.

HARE AND HOUNDS RUN

Season Opened Saturday With Run At Newton.

Despite the unfavorable weather conditions, the cross country squad ran the Newton course Saturday, Oct. 1. It was a hard race, with a trail at one of the blinds and, after cutting over a mile off the course, the members going on this trip. Dues may be paid at the range by members going on this trip.

E. E. SOCIETY SMOKER

The Electrical Engineering Society will give a smoker in the Union Wednesday evening to Janiors of Course VI. Patterson Wickenden, Green, and Jackson will be among the speakers.

THE TECH

Price Three Cents.
While discussion is rife as to whether there should be a voluntary blanket tax or a compulsory blanket tax, it might be well to remember that what actually exists is a Blanket Tax. For years Technology has grouped about blindly for a method to place its athletics on a firm financial basis. Here, at last, is the opportunity of buying what amounts to an insurance policy. Whether there should be a voluntary popular subscription. But this is the case, and the Institute Committee seems to be suffering. To obtain money thus by deception is the motion for adjournment.

There seems to be just one matter in which the Institute Committee is invested with "all the legislative and executive powers" of the Association and advertised for what it actually is, a more than satisfactory solution, and it is earnestly to be hoped that the fog arising from the fact that the future of Technology is in the balance.

To the Editor of The Tech:

"As such is compulsory. To obtain money thus by deception will I am sure do the Institute Committee at once becomes abhorrent to their duty.

To the Editoi of The Tech:

It is natural that a number of new men have paid the Blanket Tax in the belief (so effectively conveyed by the Committee) that it was compulsory. To obtain money thus by deception will I am sure do the Institute Committee take more care in its acts, and depend less upon its influential leaders. E. A. WEAVER, '15.

The Institute Committee must do more than this year's revenue, but will eventually increase this by the Blanket Tax has assumed the power of taxation. Returning to the matter of the Tax it should be remembered that taxation implies two things, first, the right to levy an assessment and, second, the power to enforce compulsory payment. Since both of these essentials are missing the netAng of the Institute Committee at once becomes absurd and ridiculous.

It has been claimed that agitation at this time would tend to vitiate the continued success of the Blanket Tax Committee. Personally the writer thinks that the men who have not yet paid their "tax" will do so only at their own convenience and not under the good will of compulsion.

The Institute Committee, in affirming the compulsory character of the Blanket Tax has assumed the power of taxation. Returning to the matter of the Tax it should be remembered that taxation implies two things, first, the right to levy an assessment and, second, the power to enforce compulsory payment. Since both of these essentials are missing the netAng of the Institute Committee at once becomes absurd and ridiculous.

It has been claimed that agitation at this time would tend to vitiate the continued success of the Blanket Tax Committee. Personally the writer thinks that the men who have not yet paid their "tax" will do so only at their own convenience and not under the good will of compulsion. The Institute Committee, by continuing this blast, may increase this year's revenue, but will eventually harm the cause to a much greater degree.

HARE AND HOUNDS FALL HANDICAP SCHEDULED

Run To Be Held At Wakefield Saturday - Trials For Aggie Team.

The annual fall handicap run of the Hare and Hounds Club will be held on Saturday over the seven mile Wakefield course. The run is coming earlier this year owing to the fall schedule of the cross country meet. The trials for the team that is to run against the Aggies will be held in connection with the run on Saturday. This team will be made up of the ten men whose actual time is the fastest. Three prizes are to be given by the club, one going to the man making the best time and the other two to the first two men to finish. In addition there will be three $10 awards to the first men finishing.

The course to run will start at the Y. M. C. A., go over the golf links, around Lake Quannapowitt and return again to the Y. M. C. A. All men interested in cross country running are invited to come out and especially the first year men who intend to compete in the freshman intercollegiate run at Andover. At present only three freshmen have come out and it is necessary to send at least six men to Andover.

(Continued on Page Three)

CHEMICAL SOCIETY

Opening Dinner To Be Held In Union October 8th.

The opening dinner of the Chemical Society will be held on Friday, October 8th, at 6:30 o'clock in the Union. A. D. Little will speak on "Chemical Banking as a Profession." Dr. Walker and Dr. Talbot will also speak. Tickets must be obtained before Thursday noon.

This meeting offers an excellent opportunity for all freshmen who are thinking of taking a chemical course to inform themselves about the matter so that they may decide at the beginning of the term, if possible, where they wish to take some of the chemical courses. Although freshmen are not eligible to membership in the professional societies, they are always welcome at the meetings.

CANDIDATES MEETING

There will be a meeting of all candidates for The Tech promptly at 12:50 P. M. today in the Lower Office. The call is open only to members of the Class of 1919.

TECH SHOW, 1916 CALLS FOR ALL SPECIALTY MEN

Free Smoker To Be Given in The Union Tomorrow Night

—Coach Samuel Hume To Be Present—

Students Are Invited

Tomorrow night Tech Show 1916 will give a novel smoker in the Union. It promises to give an unusual novelty change in the style of musical comedy to be presented this year inclusive of the use of many special numbers, and consequently a call has been issued for men who can do stunts or specialties of any nature. Coach Hume will meet these men at the smoker, give a short talk on the nature of the production which is to be given next spring and also give them an opportunity to show their skill. He requests that undergraduates who are capable of writing snappy lines and producing striking scenery be on hand to see the stunts with the possible idea of including them in short sketches which will be made a part of the show.

Before the try-outs, Mr. Alexander Macomber, of the Alumni Advisory Committee, will speak briefly of his experience with the Show as one of its former managers. Mr. Macomber will be remembered as being one of those who helped to make the Kommer's Dinner of last year such a success.

Sophomores who intend to come out for the competition for First Assistant Publicity Manager of Tech Show 1916 have been invited to be present at the Tech Show smoker tomorrow night. The actual competition will not start until Friday afternoon at five o'clock when Publicity Managers H. S. Stevens will meet the candidates in the Show office.

The competition is to be short and the successful man will hold his position as assistant during the remainder of the year when he will be promoted to the position of department manager provided his work has been satisfactory. The essential duty of the department is the advertising of the Show not only here at the Institute but in Boston and in the outside cities to which trips are made in the spring.

M. E. SOCIETY TRIP TO NEW INSTITUTE

To Meet At The Cambridge Office of Stone & Webster.

The Mechanical Engineering Society's trip to visit the new buildings across the Charles river is scheduled for Saturday, October 9. All those interested are to meet at the Institute at 2:30 P. M. There will be a division of three groups, each in charge of a M. E. Lab. instructor. There are many mechanical, as well as architectural, features to be seen. The details of construction on a large scale should prove interesting to all.

CALENDAR

Wednesday, October 6

1:30—Tech Candidates. Lower Office.

4:00—Hille Club. Armory.

TECHNIQUE ART MEN
TO MEET TOMORROW

Work To Be Outlined—Assistant Art Editor Competition Starts.

All men who desire to do plates for Technique 1917 will meet tomorrow afternoon at 5 o'clock in the Technique office. J. T. Cronin, ‘17, in charge of the Art Department, will outline the work, and answer any questions with regard to it; and O. H. Freeman, of the 1915 Board, will be present to explain drawing for engraving reproduction. As an approximate apportionment of the drawing will probably be made, those who are unable to attend this meeting should leave a note for Cronin at the Technique office, or confer with him as soon as possible in 32 Pierce.

The competition for assistant art editor, open to Juniors only, will start at the same time. The plates required for it are two small headings, 2 1/4 x 9 1/2 in., and one full page drawing 12 1/2 x 9 1/2 in., all to be done in black and white. They are to be chosen by the competitors from the following subjects: Administrative Officers, Statistics, Indoor Meet. Acknowledgements, Wireless Society, Officers of the Institute, Classes and General Information, of which the last three are full page. The small headings must be pen and ink; for the large plates, pen and ink, charcoal, chalk, or wash media may be used. Drawings will be due 5 o'clock Monday, Nov. 1.

OPPOSITE THOMPSON’S SPA

No, Philburt, I am not a-arguing with you.
I'm just a-telling you
—when you want a real smoke, get behind a pipeful of Tuxedo and watch all the big and little Worries that have been a-besieging you, evacuate their trenches and make a rush’ advance to the rear. Those fragrant whiffs of “Tux” make them feel too joyful — no self-respecting Worry can stand for that.

Fuxedo
The Perfect Tobacco for Pipe and Cigarette

The combination of the best smoking-tobacco leaf in the world and the best method ever discovered for refining and mellowing tobacco puts Tuxedo in a class by itself. Kentucky's ripest, mildest Burley leaf, when treated with the original "Tuxedo Process" loses every trace of bite — develops a wonderfully pleasing flavor and fragrance that are not found in any other tobacco.

No other manufacturer knows the "Tuxedo Process"; that's why no imitator ever equals Tuxedo!
