HYGIENE TALKS GIVEN IN HUNTINGTON HALL

Dr. J. Arnold Rockwell Lectures To Freshmen Tomorrow At Four.

The second of a series of lectures on personal hygiene will be given tomorrow afternoon by Dr. J. Arnold Rockwell, the Institute physician, in Huntington Hall. These lectures are given primarily for the benefit of the freshman class and, in fact, it is required that all first year men attend. The subjects dealt with are of vital interest to all undergraduates and can be looked upon as an introduction to the required gymnasium work of the second year.

PHOTOGRAPH WORK FOR PORTFOLIO COMMENCES

Senior Statistics To Be Called For Soon—Board Office Hours Posted.

Photograph work for the Technique Senior Portfolio began last Friday at the studio of Lewis Pahala Birk- jach. Letters are to be sent to all members of the Class of 1916 later in the week, enclosing personal statistics cards to be filled out, and asking all men who have not had sittings with the photographer to make appointments for them at once. For this purpose, some member of the Technique Board will be in the office every weekday morning.

C. E. SOCIETY TO HOLD ANNUAL FALL SMOKER

Preparations Made To Hear Good Speakers—Professor Whipple To Be Present.

In the Union at 7:45 o'clock this evening the Civil Engineering Society will hold its first meeting of the coming season. The affair will be an informal pot-together smoker to which all men in courses I, XI, IV option 2, and XV option 3 are invited.

The society has obtained as speakers Professor Charles B. Breed and Professor Lewis J. Johnson of the Institute Faculty and also Professor George C. Whipple of the sanitary engineering department of Harvard University. Professor Spotphord, the head of the departments of civil and sanitary engineering, will be unable to attend owing to the fact that he is to represent the Institute at the inauguration of Henry Noble MacCracken as president of Vassar College.

The talks will not be of a strictly professional nature but will embrace more general topics of importance and worth to young engineers. Professor Johnson has informed the Society that his subject will be, "Enlarging The Engineer's View Point."

He feels that something of a stimulus is needed to enlarge the viewpoint of the average engineer and

MUSICAL CLUBS

Mandolin And Banjo Rehearsals To Be Held In Union.

The following men are requested to report at the rehearsal of the Mandolin Club tomorrow at 4:30 o'clock in the Union, it being understood that all the men are subject to further trial later: First Mandolins: B. W. Clark '16, F. K. King '15, J. B. McDaniel '15, and E. C. Bluhalt '15. Second Mandolins: J. L. Clark '15, P. N. Dinkins '16, W. E. Doi- son '15, H. G. Pratt '17, J. L. Belig '15, F. G. C. Smith '18, A. S. Thysorg '17, and V. Young '17. Third Man- dolins: U. C. Brown '18, T. Hardin '17, J. H. Holt '17, J. B. Bendle '17, P. Blakke '17, L. N. Dalon '19, F. L. Ford '17, D. E. Pierce '17, and E. S. Bowlett '15. Mandolin And Banjo Rehearsals tomorrow will be held in the Union at 4:30 o'clock, and it is desirous that all candidates report regularly. Candidates are needed for the horizontal bar, flute, clarinet, oboe, and club swinging. A very full schedule has been arranged, including a number of out of town meets with New England colleges. The first college meet comes on January 15th.

GYN TEAM

Gym team practice is now in full swing and it is desired that the candidates report regularly. Candidates are needed for the horizontal bar, parallel bars, sprints, and club swinging. A very full schedule has been arranged, including a number of out of town meets with New England colleges. The first college meet comes on January 15th.

EDNESDAY, OCTOBER 13, 1915.

Technology men are exceedingly

fortunate in having such a ready op-

portunity to get first hand informa-

tion concerning the principal ques-

tion that is to be decided by the vot-

ers of Massachusetts this fall. The

Union has long been the forum where

the best thought, not only of New

England, but of the whole country,

has been expressed, but the occa-

sions on which women have spoken

have been very rare. Mrs. Crowuly

has chosen her audience well, for it

must be accom-

is to gather the men of the class in

order to bring out once more the en-

thusiasm and class spirit which has

until now never failed. The Gov-

erning Board does not believe in

"ragging" men and it has chosen

different methods to arouse enthusi-

asm and class spirit at the Smoker.

Men who are noted at the institute

for "pep," and men who have enten-

tered and interested the entire school

have been invited, and refresh-

ments of a new order will be fur-

ished. The spirit of the evening

will not be spoiled by lectures on

"lack of enthusiasm." Hoping that

this may have removed any suspi-

cion regarding the object and the

spirit of the Smoker, I am

Very truly yours,

O. C. LORENZ.

C. E. SOCIETY
(Continued from Page One)

will make use of the opportunity to-

ight to expose his ideas. The topic

about which Professor Whipple will

speak is, "Engineering Biographies.

He has taken this subject because of

the obvious lack of knowledge con-

cerning famous engineers, on the part

of the average student, beyond their

more name. Professor Breed is well

known to Course I men—perhaps best

to those who have been at Summer

Camp. He will describe an engineer-

ing work that he has recently been

connected with. The project itself

was a large gravel and sand handling

plant entirely operated by machinery.

Professor Breed's talk will be illus-

trated with a set of "progress" pic-

tures showing the plant at various

stages of construction.

The Society has arranged to have

a band a generous supply of re-

freshments.

LORD AND LADY ABERDEEN GUESTS OF CITY

Honored By Reception And Banquet At Copley-Plaza—
Speech By Dr. Maclaurin.

Monday evening Lord and Lady Aberdeen were formally welcomed to Boston by a reception at the Copley-Plaza. Among the prominent men of Boston who paid tribute to them were Governor Walsh, Patrick A. O'Connell, Mayor Curley, President A. Lawrence Lowell of Harvard University, and President Richard C. Maclaurin. Mr. Michael J. Dwyer presided as toastmaster and extended a hearty welcome to the guests.

Later he introduced Dr. Maclaurin, who reminded his audience that the guests were so heartily welcomed not merely because of the prominent positions which they have occupied, but because of the manner in which they occupied those positions. "It is the manner of their occupancy which has won our admiration," he said. Dr. Maclaurin then spoke of the great and liberal causes with which they have always been identified. "The cause of House Rule, the principle of which, apart from the details of any particular bill, must always win the sympathy of Americans, for it is the principle that forms the very basis of our theory of government today." Besides this movement, Dr. Maclaurin spoke of the great cause of women. "Whether we be Anti or Anti, we must recognize that the movement to induce women to take a more active and intelligent interest in public affairs, and to realize the great possibilities of effective service that have been so long neglected in the great social movement of our era. Lady Aberdeen has been a prime mover here for some time, and has proved a great helper in the cause.

"Broader than either of these two is the cause of social betterment, the fight against ignorance and dirt and disease, and their usual train of evils. Lord and Lady Aberdeen have opened the road to the better way.

"The cause of Home Rule, the principle of which, apart from the details of any particular bill, must always win the sympathy of Americans, for it is the principle that forms the very basis of our theory of government today."

CANDIDATES CHOSEN FOR GLEE CLUB

Abundance Of Material—Thirty-six Men Re-tained.

The tryouts for this year’s Glee Club were held in the Union last Fri-day and Monday. A wealth of material reported to the call for candidates and Leader Car and Coach Bennett have a big task to make a careful selection, at the same time to give each man a fair chance. Thirty-six men were retained, but a large number of those will of necessity be dropped before the mid-year trip.

The first rehearsal will be held on Friday, October 15th, at 5 P.M. in the Union. It is of great importance that all the successful candidates be present, as music will be distributed.

CLASS ELECTION
(Continued from Page One)

Tax covers Class Dues. This is not the case, the Blanket Tax being imposed by the Institute Committee simply to aid the financing of athletics.

The portions of the Uniform Class Constitution in its latest form which deal with the conduct of elections are reprinted here:

"Article 2, Section 1—All persons entering the Institute with the class shall be eligible for membership.

"Article 2, Section 2—A person entering the Institute from another college shall be a member of the class with which he takes the majority of his subjects.

"Article 2, Section 3—Any member of this class failing to pay his dues before the general election of officers shall forfeit his membership and right to vote; and he shall be reinstated only on payment of the same.

"Article 4, Section 1—The officers of this class shall consist of a president, vice-president, secretary, treasurer, two directors, and two representatives to the M.I.T.A.A., all of whom shall constitute a board of directors for the class. The officers shall serve until the next general election of officers by the class.

"Article 5, Section 1—The annual dues of this class shall be $1.50 and shall be due before the election of officers.

"Article 9, Method of Election of Officers After the Freshman Year.

"Article 9, Section 1—The president shall appoint an election committee composed of three members of the class before the end of the second week of the school year.

"Article 9, Section 2—Nominations shall be open at the end of the second week and shall close at the end of the third week of the school year.

"Article 9, Section 3—The annual election shall be held on the Friday of the fourth week of the school year. The polls shall be open in the Union from 8 A.M. to 4:30 P.M. The results of the elections shall be announced at a general mass meeting to be held that night.

"Article 9, Section 4—The method of election for the three upper classes shall be as follows: There will be a table for each class with a representative of the Institute Committee in charge. He will have a list of all the members of the class whose election he is conducting. The voter signs his name to the class roll and if his dues are paid in full he is given a ballot with the number stamped in the corner. The number is entered on the class roll opposite his name and he is free to take the ballot and fill it in when and where he chooses. The ballot is returned to the table folded so as only one corner shows. The election officials compare this number with that on the class roll. If the numbers agree the official marks the man's name as 'voted' and then tears off the number, thus removing any identification marks and deposits it in the ballot box. If the voter spoils his first ballot he may return it to the election officer and receive a new ballot, the new number being recorded as before. At the close of the elections the number of votes must agree with the number of members marked voted.

"Article 9, Section 5—Electioneer ing by candidates at the polls is prohibited.

"Article 9, Section 6—Where two men are to be chosen, the two candidates receiving the largest number of votes shall be declared elected.

"Article 9, Section 7—In case of a tie vote, the names of the candidates concerned shall be submitted to the class for election.

"Article 9, Section 8—Ballots shall be retained one month, subject to a recount, and shall then be destroyed.

"Article 9, Section 9—A demand for a recount must be signed by at least thirty members of the class.

"Article 9, Section 10—The name of no man whose dues are unpaid shall appear on the class ballot.

A New Model Typewriter!
The No. 9
OLIVER
BUY IT NOW!

Yes, the crowning typewriter triumph is here
It is just out—and comes years before experts expected it

For makers have striven a life-time to attain this ideal machine. And Oliver has won again, as we scored when we gave the world its first visible writing.

There is truly no other typewriter on earth like this new Oliver "9." Think of touch so light that the tread of a kitten will run the keys!

CAUTION!
The new-day advances that come above on this machine are all controlled by Oliver. Even our own previous models—famous in their day—never had the Optional Duplex Shift.

It puts the whole control of 84 letters and characters in the little fingers of the right and left hands. And it lets you write them all with only 28 keys, the least to operate of any standard typewriter made.

Thus writers of the new machines can immediately run the Oliver Number "9" with more speed and greater ease.

17 CENTS A DAY
Remember this brand-new Oliver "9" is the greatest value ever given in a typewriter. It has all our previous special inventions—visible writing, automatic spacer, 6½-pound touch—plus the Optional Duplex Shift, Selective Color Attachment and all those other new-day features.

Yet we have decided to sell it to everyone everywhere on our famous payment plan—17 cents a day! Every user can easily afford to have the world's crack visible writer, with the famous PRINTER, that writes like print, included FREE if desired.

TODAY—Write for Full Details and be among the first to know about this marvelous writing machines. See why typists, employers, and individuals everywhere are flocking to the Oliver. Just mail a postal at once. No obligation. It's a pleasure for us to tell you about it.

The Oliver Typewriter Co.
146 Congress Street, Boston, Mass.
