

# THE TECH

VOL. XXXV. NO. 38.

BOSTON, MASS., MONDAY, NOVEMBER 8, 1915

PRICE THREE CENTS.

## NOMINATIONS FOR FRESHMAN OFFICERS

**Polls Open All Next Week—Dues Must Be Paid To Vote Or Hold Office.**

Nominations for the following officers of the freshman class are now open: President, Vice-President, Secretary, Treasurer, two Directors—members of the Executive Committee, and two representatives to the M. I. T. A. A. These officers constitute the Board of Directors of the class and hold their offices until the next election.

Nominations are made by not less than ten names for a candidate and the sheets must be handed in at the Cage not later than next Saturday at 4.30 p. m. The ballots will then be sent out by the Elections Committee of which G. H. Wiswall, Jr., '19, is the chairman. The ballots have to be returned to the Cage not later than Saturday, November 20th.

The payment of class dues is essential. (Continued on Page Five)

## KOMMERS DINNER

**Tech Show Will Hold Its Annual Dinner Thursday.**

The annual Kommers Dinner of the Tech Show will be held in the Union next Thursday evening. This affair takes place annually under the direction of the Show, and serves to give freshmen an opportunity to learn how dramatics are conducted at the Institute. The banquets of previous years have set a high standard as events of interest in the Institute year, and have proved one of the most popular undergraduate dinners.

Several special features will be included in the program. As has been customary, members of the cast of the preceding year will appear in costume, and portions of "Getting A-Cross" will be given.

The managers of the various departments will explain the duties in their respective lines, thus offering the best chance of the year for freshmen to gain familiarity with the methods and policy of the Show, and to learn what openings there are for candidates, both in the cast and for the management. Tickets are now on sale, and may be obtained from any members of the management.

## BROWN GAME TICKETS

Harvard and Brown will meet at the Stadium this Saturday and tickets for the contest may be obtained at the Harvard Athletic Association office in Cambridge. Students who have applied for tickets may obtain them any time between now and the game. Additional tickets will be put on sale this morning.

## PRESIDENT FARTHING COMMENDS BEHAVIOR

**Heartily Pleased With Conduct Of Undergraduates At The Colonial.**

TO THE EDITOR OF THE TECH: I TAKE THIS OPPORTUNITY TO THANK THE UNDERGRADUATES FOR THEIR EXCELLENT CONDUCT AND ENTHUSIASM AT THE THEATER LAST FRIDAY EVENING. I HAVE NEVER SEEN GREATER SPONTANEITY IN CHEERING OR A CLEANER EXHIBITION OF SPORTSMANSHIP AND SPIRIT IN AN ALL-TECHNOLOGY GATHERING. BOTH THE MANAGER AND LESSEES OF THE (Continued on Page Six)

## SOPHOMORES TAKE ALL EVENTS OF FIELD DAY

**Result Never In Doubt—Tug-of-War Team Establishes New Record.**

Never was a triumph more complete or a defeat better administered than on last Friday when the Sophomores made a clean sweep of Field Day. The Field Day of 1915 goes down in history as being extremely unusual. First, an example of what Technology spirit can be, was demonstrated by the five hundred students who marched from the front of Rogers building to the field headed by the eminent band leader, "Fat" Rennie, and the illustrious (Continued on Page Three)

## DORCHESTER A. C. WINS RUN FROM TECHNOLOGY

**Captain Brown Places Fourth—Guething Out Early—One Freshman Reports.**

The North Dorchester Athletic Club's cross country team defeated the M. I. T. runners over the Franklin Park course last Saturday. The first three men to finish were all of the Dorchester team, Fallar coming in first in 29 min. 32 sec. Captain Brown of M. I. T. finished fourth and was the only Technology man to score. Guething, running fifth, had to be withdrawn after about three miles because of a nosebleed.

The Franklin Park course is the one over which the freshman cross country team will race the Dartmouth freshmen next week, but despite this good opportunity to run the course, only one freshman was on the ground.

The Dorchester team is one of the best in this locality and they are now training for the Amateur championship race to be held in New York.

## FRESHMAN WRESTLING

**Outline Of Plans For Year To Be Given At Gym Today.**

This afternoon at 4.00 o'clock in the Gym there will be a meeting of all freshmen who intend substituting wrestling for Gym classes. A brief outline of the work will be made and the schedule of classes given out. Anyone who has not already signed up and wishes to do so may hand his name to Manager Stebbins at this time.

From the freshman squad a team will be picked later. This team will hold meets with other teams in this vicinity, and at the end of the season there will be a freshman-Sophomore interclass meet in which numerals will be awarded to winners of bouts.

## M. E. SOCIETY

The next talk of the Mechanical Engineering Society will be held next Thursday evening in the Union. Speakers will be announced later.

## CALENDAR

Monday, November 8, 1915.  
1.30—M. I. T. Forum, Union.  
4.00—Wrestling Meeting for freshmen. Gym.  
5.00—Candidates for Publicity Department Meet. Show Office.  
5.00—Lowell Institute Lecture on American Literature. Huntington Hall. Doors close at five.  
Tuesday, November 9, 1915.  
4.00—Wrestling Practice. Gym.

RECORD BREAKING TUG-OF-WAR TEAM.

## INSPECTION TRIP

**Professor Spofford To Accompany Terminal Commission.**

Professor C. M. Spofford, head of the department of Civil Engineering, has gone with the Boston Terminal Commission, of which he is a member, upon a trip of inspection of the railway and steamship facilities of several of the eastern cities.

Today the commission will visit Baltimore and on Tuesday will reach Pittsburgh. Professor Spofford will be a guest of the Pittsburgh Alumni Association of which H. A. Rapelye, '08, is Secretary. He will also address, in the evening, the Engineers' Society of Western Pennsylvania, his subject being "Highway Bridge Floors." Wednesday will be devoted to inspection work in Philadelphia and on Thursday, Friday and Saturday the very comprehensive systems in New York, both railway and steamship, will be visited.

## TECH ORCHESTRA

The first rehearsal with music of the new Tech Orchestra will take place next Wednesday afternoon at 5.00 o'clock in the Union.

## TECH SHOW

**Last Opportunity To Compete For Publicity Department.**

Freshman candidates for the Publicity Department of Tech Show 1916 will meet today at 5.00 o'clock in the Show office. As this is the last opportunity to enter the contest, all those who expect to try out for the position of Assistant Manager must attend this meeting. The following sixteen have already reported: R. S. Boland, H. Best, H. J. Bruno, G. W. Cann, R. W. Crowley, Jr., R. Durland, G. H. Davis, M. E. Goodrich, G. A. Inglis, N. P. Johnston, D. O. Mayer, J. Meader, R. S. Palmer, P. D. Peltier, A. G. Smith, G. H. Wiswall, Jr.

## E. E. SOCIETY

Last Thursday evening the Electrical Engineering Society held its third meeting. It commenced at 7.30 o'clock with a reception to graduates, at which refreshments were served. After this reception, Mr. Hans von Vittinhoff gave a talk on "Gas Central Stations."

MONDAY, NOVEMBER 8, 1915

Whatever may be said of Tech spirit, it cannot be claimed that it is a fair-weather spirit after the splendid showing made in the procession and in the bleachers Friday afternoon. The main difficulty, after all, with Tech men seems to be in making up their minds to do a thing. Once having decided to attend Field Day, nothing was allowed to stand in the way. If more of this spirit was shown in supporting the wrestling team, the hockey team, and the other teams that consider themselves fortunate in obtaining a one or two percent attendance, the prestige of athletics at Technology would be tremendously increased.

Whereas a certain element of rowdiness was mingled with the good-fellowship of Tech Night, the performance as a whole was a vast improvement over those of preceding years. Like all new ideas, the program of last Friday night will have

## MR. ANDERSON TALKS AT T. C. A. MEETING

### Prominent Lawyer Discusses Question Of Old Age Pensions For Workers.

The T. C. A. talk Thursday was given by Mr. Anderson, a prominent Boston lawyer, before a large number of students. He spoke upon the old age pension for industrial workers and its effects upon society.

Mr. Anderson said that upon this question depends the future of industries and the corporations of the state. If a non-contributory pension law is passed, within twenty-two or twenty-four years all the industries of the state will have to be confiscated to finance the law.

There are at present 170,000 people over 65 years old who are eligible to the benefits of the law. The cost of maintaining this law to the state would be 50,000,000 dollars. This is triple what it costs to run the state now. The result would be a large increase in the tax rate. The private pensions of industries are not a success because many of the employees are not helped at all. Dissatisfac-

(Continued on Page Four)

### STRIKER TO SPEAK

#### Bouck White, Labor Agitator, To Talk In Union Today.

An unusual opportunity is offered to Institute students and members of the faculty in the form of an address by the celebrated Bouck White, D.D., of Yale University, and Unitarian Minister of the Church of Social Revolution, New York City. Mr. White is the author of the "Call of the Carpenter," and has been prominent as the leader of many recent strikes. About a year ago he was placed under arrest for attempting to speak in the Rockefeller Church of New York City about the Colorado labor situation, and as a result served a term of six months in jail. He is reputed to be one of the most eloquent speakers in the country.

Mr. White will speak in the Union today, at 1.30 o'clock, his subject being, "Is Permanent Peace Possible?" The talk was arranged by the M. I. T. Forum.

to be worked upon and perfected through a period of a number of years. It is the introduction of between-the-act numbers in the place of streamers and confetti, and of similar forms of non-destructive fun that will produce the most far-reaching results.

SOME men change their tobacco brands as regular as a woman changes her mind. An' others smoke VELVET.

cheer leader, "Rutzy" White. Second, the weather was just as poor as it could be, and third, the score of 9 to 0 is not made every year.

At just twenty minutes of three the 25 members of the Sophomore Tug-of-war team took the field. A few minutes later the first year men appeared. The former wore red sweaters and the latter gray jerseys. The gun was fired and every man bent his back to the rope. For just the fraction of a second the Sophomores wavered but then with clock-like precision the freshmen were dragged over the ground to a sudden defeat. The pull lasted but 16 2-5 seconds and a new record was established.

The football game was the next

line. A forward pass which netted ten yards and a rush through center by Watt put the ball over the line for a touchdown. Gleason kicked the goal.

Score: Sophomores 7, freshmen 0.

The first year men kicked off and the remainder of the period was a kicking duel in which the Sophomores had a slight advantage.

The second period began with the ball in the Sophomores possession on their own 25 yard line. Clarkson kicked out of bounds at mid-field. An exchange of punts which was ended by a fumble put the ball on the Sophomore seven yard line, but they immediately kicked out of danger. The first year men rushed the ball to the 20 yard line, but failed in an attempted field goal. The half ended with the ball in mid-field.

The second tug-of-war pull was

1918 RELAY TEAM.

event and after a short signal drill, both teams lined up for the kick-off.

The whistle blew and Gleason booted the ball to the freshman ten yard line. The freshmen here showed poor judgment by kicking on the first down, for the second year men now had the ball in midfield. On the next play Gleason took the ball through right tackle for nine yards. Watt failed to gain and Clarkson was thrown for a five yard loss. A drop kick was then tried but failed, although the Sophomores recovered the ball on the 20 yard

again easily won by the 1918 men. The next event on the program was the relay race, and the Sophomores with their experienced team were the favorites. Kwan, '18, and Wright, 19, were the starters, the former having the pole. Kwan sprang to the front and finished with a slight lead. The second year men steadily increased their advantage and won the race by forty yards. The time was 4 minutes, 59 2-5 seconds.

The third period of the football  
(Continued on Page Four)

**RIFLE CLUB**

**Outdoor Season Concluded—  
Plans For Indoor Shooting.**

The Rifle Club held its last outdoor shoot at the Walnut Hill Ranges last Saturday. The season has been short because of the early setting of the sun and the cold weather.

Plans are being formulated for indoor shooting and it is expected that the ranges at the South Armory will be obtained. In the event that permission to use these ranges is not granted, the First Corps Cadet Armory will probably be available. The indoor season will begin as soon as suitable range facilities can be obtained.

Teams are to be selected soon to accept the challenges for indoor matches which have been received from other colleges.

**FIELD DAY BANQUET**

**Sophomores Celebrate Triumph  
—Cabot Medals Presented.**

Over one hundred men, the majority being members of the Sophomore class, attended the Field Day Banquet Saturday evening in the Union. Dr. Rockwell was the toastmaster, and called upon all the captains and managers for remarks. Great enthusiasm was shown, and the men were profuse with their cheers. During the festivities a loving cup was passed around, and each man, as it was handed to him, rose and announced his name and habitat. Following this, Dean Burton presented five 1918 men, J. W. Kilduff, P. H. Kennedy, E. Bergman, A. B. Miller and L. A. Stewart with the Cabot Medals, awarded to them last year.

PORTFOLIO SECTION**

Formal Photograph Work To  
End Friday — Informal  
Photos Wanted.

Formal photograph work for the Portfolio Section of Technique will end next Friday afternoon at the studio of Louis Fabian Bachrach. The Seniors have responded very well to the notices sent out to them October 15, only sixty having failed to make appointments for their photographs. The extension of the time limit for the completion of the work from the first to the thirteenth of November was made solely to accommodate those who neglected to arrange for sittings. Appointments after Friday can be given only to men who did not receive individual letters.

A comparatively small number have brought in the informal negatives requested, and Portfolio Editor Swan is anxious to have these at the earliest possible moment. The size of the Section cannot be definitely determined until these are in, as no pictorially incomplete records can be published.

WILLIAM J. FARTHING,  
 PRESIDENT SENIOR CLASS.

**A New**  
**Model Typewriter!**

The **No. 9**  
**OLIVER**  
*The Standard Visible Writer*  
**BUY IT NOW!**

Yes, the crowning typewriter triumph is here  
 It is just out—and comes years before experts  
 expected it

For makers have striven a life-time to attain this ideal machine. And  
 Oliver has won again, as we scored when we gave the world its first  
 visible writing.

There is truly no other typewriter on earth like this new Oliver  
 "9." Think of touch so light that the tread of a kitten will run the  
 keys!

**CAUTION!**

The new-day advances that come  
 alone on this machine are all con-  
 trolled by Oliver. Even our own  
 previous models—famous in their  
 day—never had the Optional Duplex  
 Shift.

It puts the whole control of 84  
 letters and characters in the little  
 fingers of the right and left hands.  
 And it lets you write them all  
 with only 28 keys, the least to  
 operate of any standard typewriter  
 made.

Thus writers of all other ma-  
 chines can immediately run the  
 Oliver Number "9" with more  
 speed and greater ease.

**WARNING!**

This brilliant new Oliver comes  
 at the old-time price. It costs no  
 more than lesser makes—now out-  
 of-date when compared with this  
 discovery.

For while the Oliver's splendid  
 new features are costly—we have  
 equalized the added expense to us  
 by simplifying construction.

Resolve right now to see this  
 great achievement before you spend  
 a dollar for any typewriter. If you  
 are using some other make you will  
 want to see how much more this  
 one does.

If you are using an Oliver it  
 naturally follows that you want the  
 finest model.

**17 CENTS A DAY** Remember this brand-new Oliver "9"  
 is the greatest value ever given in a  
 typewriter. It has all our previous special inventions—visible writing,  
 automatic spacer, 6½-ounce touch—plus the Optional Duplex Shift, Se-  
 lective Color Attachment and all these other new-day features.

Yet we have decided to sell it to everyone everywhere on our fam-  
 ous payment plan—17 cents a day! Now every user can easily afford to  
 have the world's crack visible writer, with the famous PRINTYPE, that  
 writes like print, included FREE if desired.

**TODAY—Write for Full Details** and be among the first to  
 know about this marvel of  
 writing machines. See why typists, employers, and individuals every-  
 where are flocking to the Oliver. Just mail a postal at once. No ob-  
 ligation. It's a pleasure for us to tell you about it.
