"ALL-SIRENS"

The large company of "millikin All Sirens" will be seen again this season for a limited engagement of one night only in the popular Boylston Street Playhouse; the date to be announced later. Rumor reports that Mr. Syren is well known in this city on account of his romantic favor "Yishabbibali" and "Nisand zu Haus," as well as his original problem play "Was ist Law," which will be distinctly remembered by theatricalgoers of three seasons ago, has Nothing amusing in the scenic splendor of this year's extravagance. Certain it is that this will be the company's final appearance in North America prior to its annual tour of Greenland.

M. E. SOCIETY'S TRIP TO STUREVANT PLANT

Party Leaves Back Bay Station For Hyde Park This Noon

To Inspect Plant

The Mechanized Engineering Society will go to Hyde Park this afternoon to inspect the plant of B. H. Sturevant Company, which is one of the largest manufacturers of equipment for power plants in the country. Among their products are safety valves, economizers, air operated safety steam valves, electric excavators, steam pumps, and all types of turbines and fans. It is believed that the party will decide whether to attempt to manufacture this equipment in the future.

M. E. SOCIETY'S TRIP

Third-Year Members will be privileged to observe the machinery and the equipment used in the manufacture of their products. The plant is well known to the members of the M. E. Society, as a result of their previous visits. The trip is to be under the supervision of Coach Hume. New second rehearsal for those trying out for the cast, chorus or ballet must report to the scene of the action today in the Union, Room B.

AL SYREN

Many of the men in attendance will be members of the M. E. Society. The party will leave the Union, Room B, at 2.00 o'clock.

Blanket Tax Admits To Meet In
Garrison Street Gym
Saturday Night

The Tech wrestling team will meet Harvard in the Gym next Saturday at 8:00 o'clock. Both Tech and Harvard will present very strong and much experienced teams. Harvard has practically the same team as last year and has entered one meet so far this year, having lost to Princeton a short time ago.

However, the Tech men are mostly veterans as few were lost last June. Their opponents at the present time are in three boats this year. The meets on the mid-year tour were lost to Lehigh and Penn State by the score of twenty-eight to two. Last Saturday they won from Springfield Y. M. C. A. College at the Gym by the same decisive score.

The men entered Saturday will be the same as those who worked last week with the exception of Rounds, who pulled a tendon in his bout in the Springfield meet. Riddles will replace Rounds if he can get down to weight.

Admission to the meet is 35 cents or by Blanket Tax. Ladies are admitted free of charge.

SWIMMING TEAM MEET
Technology Swimmers Meet Harvard Today

This afternoon at 3 o'clock the Technology swimming team will meet Harvard at Cambridge Y. M. C. A. There will be six events including a four man relay. The tank is small so the plunger will be severely handicapped. In the dive Technology's entry are Berens and Wood. Guy and Roland are entered in the 200 yard swim, while Captain Foster and Untersee, two very fast men, will represent M. I. T. in the 100 yard swim. Captain Foster recently did the 100 in 50 3-5 sec. the timing being done by Instructor Dean of the Y. M. C. A.

Whalen, the Brookline plunger and former world's interscholastic champion in this event, is Technology's entry for the plunger, but the tank will hinder any good work in this event.
