The next issue of the PANTHECHION will appear about March 15. Why not jot down the topics on the blank handed out by Mr. George C. Wales, chairman of the publicity committee and editor-in-chief of the Pamphlet?

The PANTHECHION, owing to the limited number of copies, was not widely circulated among the students. About fifteen thousand copies were distributed and most of these were sent as exchangers to other colleges. At the present time, the number is completely exhausted. The wishes of the subcommittee have been expressed to the committee that it would be possible to put a few copies in the hands of all students of the Union, so that the students may have a chance to get acquainted with the work of the committee. The subcommittee hopes that it will be possible to put a few copies in the hands of all students of the Union.
