JUNIOR FROM COMMITTEE OPENS CAMPAIGN TODAY

The preliminary preparations for this year's Junior Prom will be completed next week when the Junior Committee will commence its campaign at one o'clock next Thursday afternoon in the Union. The Junior Committee has been working since last Tuesday in the corner of Commonwealth Avenue and 24th Street.

JUNIOR FROM COMMITTEE

INTERCLASS MEET

The freshman defeated the interclass meet held last Saturday afternoon at the GYMNASIUM by a score of 40 to 30. The most spectacular of the event was the mile run. G. F. Hath- avery, '18, led the field for the first half lap. The time in this event, 4 min. 42 sec., established a new record at the gym.

E. E. SOCIETY

Mr. Osgood Speaks on "Exact-ness" in Education

At the last meeting of the Electrical Engineering Society, Mr. Parley Osgood, of the Public Service Company of Newark, N.J., gave a talk on "What is Engineering and What is an Engineer?" Mr. Osgood's address was devoted to the subject of engineering education.

SHOW REHARSSALS

There will be a full dress rehearsal on the 22nd, after which the show will open in the Union Union Room P. The choral will use the following schedule of Roll Call on the Union Dining Room at 7 o'clock (this time the performance of the show will take place at 8 o'clock). The show will close on Thursday evening, the Saturday evening at the Student Union Union Room B. The show will be closed by the choral and aural performances of Tech Show 1916 at Saturday afternoon and evening respectively. The show will be given in the Union Union Room B, Union Room B. The show will take place as usual in the middle of April.
The list of candidates for the degree of Bachelor of Science this year is composed of 154 names. The list cannot now be individually. The list cannot now be
given up, and all persons whose
degrees are in question are going to be, those of us not grad-
ated will consider his days of study
in his profession, who frankly says
with graduation front college,

}
COMMUNICATION

To the Editor of The Tech:

As I have attempted to analyze the arguments for and against the Honor System at Technology and the element of its success if adopted, it seems to me that those elements are at least four, as follows:

First, the satisfactory working of the Honor System depends on whether some men are willing to make the sacrifice of leadership, who are willing to see the project hitherto administered irrespective of personal idiosyncrasies or popularity. The history of the remarkable success of undergraduate activities at Technology shows some abundant evidence that we have that kind of men here.

Second, it depends upon the success of the Honor System in the opinion of the student body. That we have men of unusual quickness of insight and broad interpretation of purpose is the testimony of everyone acquainted with both Tech and other schools.

Third, it depends on the moral courage of some students in occasional instances. There have been remarkable examples of such courage among Tech students on certain occasions in the past, often, however, exhibited in such a quiet way that it has not attracted public attention, but enough evidence to give us confidence that such men will rise to the occasion if necessary.

Fourth, it depends upon real college spirit. Here is where many weaknesses of other systems were lacking. Perhaps we are in the freshman demonstration that it comes to getting the devotion to the Institute and its ideals. I believe we have sufficient for the satisfactory working out of the Honor System. Institutions enjoy a more hearty and loyal backing by their alumni than Technology and that is the test which the students during their student days had not acquired. I have a deep and lasting affection for their Alma Mater. Furthermore the efforts to work the Honor System here would do as much to develop college spirit and loyalty to the Institute’s ideals as anything I could conceive.

The honor of the student body is at stake, not the honor of the Faculty, in the conduct of students during examination. The Honor System is a matter of obligation, and I believe Technology students will accept it as we have accepted every other responsibility in student government and in conduct of student affairs.

A. G. CUSHMAN

HAUGHTON REMAINS

Although no official announcement has been made, it was learned on yesterday that Percy D. Haughton, the former Athletics Director, will be Assistant Coach for Harvard football next year. Mr. Leach, subject to the advice of Haughton, it is rumored that Charlie Brickley, the star of two years, would return as quarterback if he could close his engagement with John Hopkins, the other coach at Harvard will be the same as last year.

SENIORS HOLD THEIR LAST SMOKER OF YEAR

Plans For Alumni Reunion And Senior Week Explained By Mr. Litchfield

About two hundred Seniors were present Friday evening at their last get-together before Commencement. President Furburg opened the meeting with a detailed outline of the plans for Senior Week.

Thursday, June 3, there will be the pageant rehearsal in the afternoon and dinner at the Lenox at 6:30 p.m. The graduation notices will probably be sent out on this day. Friday morning, the class plans to go down the harbor on their picnic, returning for the dance to be held that evening at the Somerest. On the following day there will be an exhibition of speed boats, aeroplanes, and submarines in the Charles Basin. At this time, in the southwest wing of the new buildings an exhibition entitled “Fifty Years of Technology” will be held. An inspection of the buildings and an exhibition drill by the freshman regiment will follow. Dinner will be served that evening at the City Club. At about 10:30 p.m., the undergraduates, accompanied by the best band in Boston, are to meet the alumni and escort them back to Roger’s steps, and there they will offer the last singing and change over the old building. The morning and afternoon of Tuesday will be “Class Spirit Day” at Massachusetts. There will be the procession of formal Academic exercises. In the evening Professor Cram’s great pageant will be presented.

Mr. Litchfield stressed the responsibilities and work which the undergraduates must assume in order to make the gigantic production possible. The plans of the committee and the money spent will all come to no account without the hearty cooperation of each undergraduate. Mr. Litchfield summarized his presentation of the program of events this fall with the description of the departmental lunches which are to be held in the Puritan and Sumner hotels Wednesday noon. In the afternoon there will be a chorus of a thousand voices and a band which will assist at the dedication of the new buildings. The final event will be the budget for fifteen hundred men in Symphony Hall the evening of June 12. Mr. Ritchie then spoke briefly of the advantages of his position as publicity agent for spreading the news of the Reunion to all parts of the country. After refreshments, Professor Aydelotte of the English Department gave an account of a typical day at Oxford.

ENGINEER CORPS

American Surgeon From French
War Zone To Speak

Dr. Morton Prince, who has just

returned from France where he had

charge of the American Medical unit,

will give an illustrated lecture to the

technology Engineers Corps on
"Organization" tomorrow at 5:00

clock in 23 Walker. This is the first

of a series of lectures to be given
before the Engineer Corps by

prominent men.

The enrollment of the corps is now

two hundred and twenty-five, three

drills having already been held in

the South Armoury. Officers are to be

appointed at a meeting which is to be

held Friday afternoon in the Arm-

oury. A communication has been

received from the Chief of Engineers

of the United States stating that he is

much gratified by the interest be-

ing shown at the Institute and that

he has recommended the approval of

two hundred copies of the Engineer's

Manual to the general library, to be

loaned to the members of the corps.

The contract for the uniforms has

been awarded to the Harding Uniform

Company of 33 School street, Boston.

The uniform consists of campaign

hat, flannel shirt, breeches and leg-

gings, and costs $6.50 at contract

price. The uniform is the United

States Army standard and is the

same as that worn at the Plattsburg

Military Camp.

The Smoke of the U.S.A.

That snappy, spirited taste of "Bull" Durham in a
cigarette gives you the quick-stepping, head-up and
chest-out feeling of the live, virile Man in Khaki.
He smokes "Bull" Durham for the sparkle that's in
it and the crisp, youthful vigor he gets out of it.

Genuine

"Bull" Durham

SMOKING TOBACCO

"Roll your own" with "Bull" Durham and you have
a distinctive, satisfying smoke that can't be equaled
by any other tobacco in the world.

In its perfect mildness, its smooth, rich mellow-
sweetness and its aromatic fragrance, "Bull"
Durham is unique.

For the last word in wholesome, healthful smoking
enjoyment "roll your own" with "Bull" Durham.
