Throughout the three hours, the Show which holds the interest of the audience in Northampton. Besides having a plot change from the type of show given last year, "Not a Chance," performed at the National Cafe scene opened with a "Feather McCarten '19, second; Dorr '20, third; and Aroon," sung by Herbert C. Williamson in 2-5 seconds.

"Not a Chance" is a musical comedy perfected by its two Northampton men, as the "funny man," was not able with several dancing specialties. The performance in Northampton achieved a great success, one of the songs receiving five encores, C. A. Page, at the last encore, was not able to appear, but will probably play in the future at the Northampton Theater.

"Not a Chance," although a ringing change from the type given last year, has proven itself fully, as today's performance at the National Tech Show, will play today for the first time in Boston. The races with Middlesex, Exeter, '17, second; Matthews '20, third; and Collier '18, fourth. Time 2 minutes 5 seconds. Vol. 37. No. 8. CAMBRIDGE, MASS, SATURDAY, APRIL 21, 1917 Price Five Cents

Covered with an "Open Door" sign, the Junior Week more entangling situations than form in the minds of some people. It was only after some consideration that the judges awarded the plaque in the order named above. The finish of the four furlongs was the closest of the meet, the finisher being: "A. Par-I" won by Halfacre '18; "Banjocrity" Allen '18 and Schultz '20. The Junior races yesterday officially ended, the boat list will now be used by the boatmen for practice to secure the first place in the mile run, after passing Herzog '19, and Bolon '19, second; Ormon '20, third; and Ginn '18, fourth. Time 5 minutes 20 seconds.

ENGINEER CORPS NOW UP TO FULL STRENGTH

Small Unit Started Last Year Has Grown to Full Size Company in the Reserve Officers Training Corps

WILL ENSCAP April 6

Last year about the middle of March, the Engineer Corps was first organized and stationed in a tent on the campus. Now, C. E. Moore '18, with the object of preparing a training unit to become engineer officers in the Reserve Officers Corps, has been given the organization of the Corps. The Engineer Corps is purely a voluntary organization and at first, difficulties on all sides were encountered. Few returned to the call for volunteers, and there was no equipoise in the class. However, with the passing of the term, the members were called into action in their sections and with the hope of organizing themselves by the end of the term. This was accomplished and upon the recommendation of the members, the men were divided into two sections which met once a week. Major Cole and Moore delivering lectures during the second form of the last year. The only equipment was made by the students themselves who constructed the sketching outfits and other apparatus. During the term the men made trips to nearby dams where they did some real work and built two small footbridges. Our most successful trip was a real channel about thirty feet wide. Toward the end of the term, the men were furnished with some real equipment, one of the companies of the Corps successfully constructed the ball and block. The second section continued the work with the remaining equipment and the first section hopes of building up with their section as a nucleus.
