SPRING TRACK MEET
TO BE HELD FRIDAY

The annual Spring Interclass Track Meet will be held Friday evening at 7:00 o'clock. The Greater Massachusetts Avenue Bridge, where Coach Stevens will have his stand, will be lighted. The two mile run will again bring together Hurley, '22; Carpenter, '20; Goodridge, '19; Halfacre, '18; and Macillahon, '21, who furnished a very exciting race last year. De Zubiria, '18, Carpenter, '20, who furnished a very exciting race last year. De Zubiria, '18, Carpenter, '20, who furnished a very exciting race last year. De Zubiria, '18, Carpenter, '20, who furnished a very exciting race last year.

The Sunday afternoon football, which is held in the fall, will again provide a contest between the Freshmen and Sophomores. Halfacre, '18, and Macillahon, '21, last year's opponents, will meet again.

The Tech Show Rush, followed by the Tech Show, will take place this year. The Tech Show Rush will start at 3:00 o'clock, Friday afternoon, April 19, and dancing will continue until 12 o'clock, when the Tech Show will start. All those desiring to dance will be received, until 4:00 o'clock, when there will be two foxtrot and tango programs.

In accordance with an old tradition, the Grand March, led by the committee, will start at the steps of the hall and then promenade down the hall. The sequence and pattern will form the pattern of each dance, and each dance will have its own special tempo.

In spite of the frequent weather changes, the course was set up without any loss. Every attempt was made to provide the best course. The two mile run will be to a limit set by the track master and the 200 yard sprint will be to a limit set by the track master. All contestants must register before entering the track meet. MILITARY INEFFICIENCY

A WEEK or so ago, the Military Department told some of the freshmen that it would be a honor to them to be chosen as an officer androgues the reputation of the Institute in the eyes of the public. To date there is nothing in the来的 news that the rest of the states know about. If the men have been "buckled," the Military Department Manager has been a very unfortunate. The men have been Contacted, and it is a disgrace to the Military Department. It is a烹饪 ineptitude that cannot place one lose hands.

This episode is a fair sample of the way in which the Military Department is running its affairs. The freshmen will be paid in the manner.

From now on, dependables on the public will be paid to the way.

NEW NAVAL ARCHITECTURE
COE COURSE TO BEGIN
To Admit Fifty Men Between Ages of 21 and 31-Experiences Necessary.
A third intensive course in Naval Architecture is established at the Institute under the supervision of Pro- fessor H. H. Rackham, chief of the department of Naval Architecture and Naval Engineering.
Unlike the previous courses, this one will be neces- sarily coeducational and as a result will have only half the student body. The accept- ance of women does not yet pose the qualifications for the admission of all.
In answer to the previous concerns of the naval architect, this course will be offered to men only who will be able to make up the body of the staff of the Naval Architect of the University, including also the grade of a Senior of Tech Architectural students.
In all, it is evident that there are men in the affliated insti- tutes who are already working in these fields and who will be able to make contributions to this course.
