SPRINGFIELD COLLEGE DEFEATS NAVY FOOTBALL TEAM BY 6 TO 0
Hardfought Game Shows Institute Eleven To Have Improved Greatly Since Exeter Game

BENNY BOYTON, FORMER WILLIAMS COLLEGE PLAYER, STARS FOR NAVY

The Technology naval football team, after a hard battle with the Springfield Y. M. C. A. college at Springfield Saturday, lost its first game with a score of 6 to 0. Spectators were unanimous in the opinion that the showing of the new team proved good improvements in seven games with Exeter. The contest was fought throughout and it proved, for a time as though it would end without either side scoring. The navy team played well and defeated is attributed mainly to the unsparing efforts of the back five. The time Thanksgiving is here, the sailors expect to be in fine shape for Nicaragua coming up next week.

The Navy team started playing strongly at the beginning of the game, with the quarterback leading off to the right, and followed by the running back, who kicked off.

The Technology team played very well, with the quarterback leading off to the left, and followed by the running back, who kicked off.

The Navy team started playing strongly at the beginning of the game, with the quarterback leading off to the right, and followed by the running back, who kicked off.

Use the door nearest the Main Buildings.

Regular S. A. T. C. ration at 35 cents per meal.

Pay the cashier.

"The Building Known As Y"

The Institute 'Y' hut has come to be the popular recreational resort of all persons connected with the Institute. Within a short time one can comfortably during the day time, or after hours during the night time, a man can sleep comfortably during the day time. It is the only place where, after hours, members of the S. A. T. C. and S. N. T. C., and by a consensus of popular opinion is voted the best spot on the campus. Many members of the military organizations so far as to state that it is the only place where, after hours of fatiguing guard duty, a man can sleep comfortably during the day time. Within a short time it is to become more an Institute Y hut, but for the Technology men at Camp Humphreys have offered to pay for a Technology banner was signed by St. John Howe, general manager of THE TECH, and was agreed to by Ernest Dupre, Paul Swasey, Maurice Coolidge, John Carter, George E. Hitch, John Nutter, all 1918, Biggins and Julian Nutter, 1919. They state that the banner shall be made in the best, most careful manner possible.

**Explosives to Dyes**

The evolution from explosives to dyes is the logical development of the dyestuffs industry from both a chemical and engineering standpoint.

First, the explosive manufacturer starts with the necessary raw materials. In his munitions plants he produces the bases which are required. The immense output of his solid products is at his disposal. In his chemical factories he manufactures many of his principal intermediates.

He has at his command unequaled plant and laboratory facilities for the production and development of the intermediate by-products of the coloring industry, equally useful in the making of military high explosives and in the manufacture of dye intermediates and dyestuffs.

His chemical and engineering organizations has had long training in the closely related explosives industry and is able through the experience gained to overcome difficulties which would be insuperable to others less fortunately situated.

At the world's largest manufacturer of explosives the Du Pont Company enjoys these advantages to an unusual degree. It has already made possible the laying of a broad and secure foundation and the development of dyestuffs of the greatest commercial and industrial importance.

It is the strongest guarantee of the permanency of our understanding and of the final emancipation of the dyestuff's industry from foreign domination.
