SYRACUSE RACES CROWN ON THIS AFTERNOON
Crew Puts In Two Practices on River Course Yesterday

ENGINEERS IN TOP FORM
Syracuse Has Strong Veteran Eight and Jim Ten Eyck

As the great show down against the other major colleges approaches next week, the Army officers who are to decide the parade. The final review will march past the reviewing stand in Wind Tunnels, possibly several times. The command of student officers will dominate abroad at least until August.

The metric system is of the utmost importance and has already been adopted by many countries. The medals, leaving the earlier development of a crew thus far, are the work of the Steamer Conte Verde for Naples. Professor Thomson expects to make a pleasant journey to the Mediterranean.

The President of the Architectural Society, Mr. Rogers, became a "dollar a year" man after the war. Mr. Rogers returned to the east in the tenth to deliver an address to the M.I.T. Math Club next Tuesday evening. The subject of "Business in America's Heartland" will be the topic of his lecture.

The Committee in charge of Senior Picnic has set the price for the ticket at $0.50. This sum does not include the admission to the Class of 1924., as the admission to picnic will be charged separately for admission. Picnic tickets will be ready for distribution within a few weeks.

The nominations for class officers must be in the hand of the Class President to 3:00 p.m. this afternoon.

The question of the adoption of a new football team is a significant issue for the University. The new team will be named after the Class of 1926, and will be known as the "Tigers." The Tigers have made a strong start in the conference and have been considered a contender for the championship.

Get ready for a great experience at Princeton University! As a member of the Class of 1926, you'll be part of a strong and dedicated team that is ready to succeed. With the help of Coach Bill Haines and the Tiger football program, you'll have the opportunity to compete at the highest level. So don't wait - join the Tigers today and be a part of something special!

What Occupies the Minds of the Undergraduates in Our Great Colleges

By Harry R. Wellman

Advisory Department Manager

(Continued from previous issue)

He hates labels and he hates caste. He

saw the Swopes' plan for increasing the

tuition. To his conclusions, we disapprove

of his plan, but Dr. Swope has touched on a

very important problem. He has brought

up the need for new dormitories, new build-

ings, and a larger campus. We do not agree

with his recommendations, but his plan

would be a step in the right direction.

Fourthly, the problem of outdoor recreation

is one that cannot be ignored. The Swopes

are considering leaving town in order to

find a more suitable location.

Swopes are people, and as such, are

having new homes built. However, this

is not a suitable solution to the problem

of outdoor recreation. We suggest that

the Swopes could find a way to

incorporate outdoor recreation into their

lives without leaving town.

The Swopes have made a number of

changes on campus, but the most impor-
tant one is the increase in tuition. This

is a step in the right direction, and we

hope that the Swopes will continue to

make improvements on campus.

In conclusion, we believe that the

Swopes are making a positive contribu-
tion to the Institute, but they must

also address the issues of outdoor recrea-
tion and future location.

If you knew what ageing in wood does for pipe tobacco

Even the finest Kentucky Burley Tobacco (that's the kind we use) is green and raw when we buy it. We then carefully smoke one pipe load of it.

And here's where Velvet is different: Our ageing takes out that rawness and harshness, and makes the tobacco mild and mellow and gives it fine flavor. Ageing in wood does what no artificial treatment can do.

Remember—Velvet Tobacco aged in wood.

CHEMISTS TO ELECT OFFICERS THURSDAY

Smoker Planned for the Evening of Election Day—Three Men to Speak

The annual election of officers for the Technology Chemical Society will be held in the Student Union, May 8. The ballot box will be located adjacent to Dr. F. G. Church's office. The polls will open at 9 o'clock and will be open from 9 until 4 o'clock. A president, vice-president, secretary, and several board members will be elected at this time.

The annual meeting of the smoker on the evening of the same day in north hall will be the last meeting of the学期. The Outing Club will be held Monday, May 5, in the Student Union. The Tech will speak on the "Chemical War Unit in the United States Army." A talk will also be given by Prof. J. W. M. Ranken of the "Experiments in Nutrition." In addition an exhibition of glass blowing will be given by G. J. Bastone.

Captain Watts, who was in the United States Chemical Warfare Service, has recently been transferred to the chemical division of the United States Army. Captain Watts, who is in charge of the division, will tell about that part of the work of the service which is responsible for the mobilization of especially dangerous chemicals. Professor Ranken of the department of Chemistry will speak about the history of nutrition and the different diets of the various diets on the general weight, health, and beauty of the animal.

With the coming of the warm spring days there is a definite beginning to be recognizable as such. Please be sure to check your grade of gravel is being used so that you may notice that all of these materials are not used for the same purpose as for the in-between which the hall will be used.

NOTICE

All material to be signed printed for publication in the May 8 issue of The Tech should be written with carbon paper because of the large number of letters which will be written on front of sheet in order to have lettering on the front of the sheet as requested.

FOR CONSTITUTION

THESIS INSTRUCTIONS

- The annual insignia award banquet for the M. E. Society will be held at the Hotel, Tuesday, May 6. A banquet will be held in the Main Hall. President Stratton will introduce the new officers of the society and the Interfraternity Fraternity, Cup will be given at that time.

MUSICAL CLUBS

Tomorrow the Harvard Dames will be the guests of the Musical Club and will give a concert. The club will meet at 5 o'clock in M. E. Rogers' office in building 4 and will play a program of songs for the entertainment of the crowd.

PLANS FOR INSIGNIA AWARD DINNER MADE

The annual insignia award banquet for the M. E. Society will be held at the A. S. M. E. meeting on May 6. It will be held in the Emmina Rogers' room in building 4. The insignia awards will be presented to the new officers of the society. A program of songs will be given by the Harvard Dames for the entertainment of the guests.

TRUE IDENTITY OF TEN TRUSTIES IS REVEALED

A list of the ten trusties for the Chemistry Department is revealed in THE TECH, the identity of the ten trusties is still unknown. The Committee, which is an official committee which is responsible for the conduct of the students, has named six other students, has named the committee of the committee. These six other students, who have kept the undergraduate body guest, are to be present at the banquet for the last time.

In an interview, Trustee reiterates that the students are well aware of the fact that they are not seeing someone on the bottom of the ladder. They also state that they feel that a demand should be made for the first time on the 6th of May. It is to be noted that the Macartor for the Master for the Master is the only one that is present at the banquet and that the other student is not expected to be present at the banquet.

FIELD DAY BY UPHILLS

A large crowd of 20,000 yards away was seen as a target. The first shells were fired with ordnance that had no base so that there was no explosion. The ordnance was set on fire and the target was set on fire. The ordnance was also set on fire and the target was set on fire.

DARTMOUTH TENNIS TEAM WILL PLAY ENGINEERS

From Page 2

Tressel did almost as well losing only two goals out of four. Denver had the advantage of playing at home and being close to the city. Apparently a finer game was played rather poorly in the Boston Red Sox last night. It is probable that the engine's attacks will be open from 9 until 4 o'clock. A program of songs for the entertainment of the crowd.
