Tickets for the Pops Concert are selling rapidly.

Tickets for other functions of Senior Week do not go so rapidly.

Blanket tickets sold.

Sale of all tickets closes in Main Lobby tomorrow afternoon.

Tickets for the Pops Concert which will be held in Symphony Hall on the evening of May 6th, are selling as rapidly as if half of the orchestra were required. Although tickets for other functions during Senior Week are not going as rapidly as for the Pops Concert, the ticket sales are certain to be brisk.

The committee of the concert has been busy booking arrangements for the seating of the concert. The concert is scheduled to start at 8:00 PM on May 6th, and will last until 10:00 PM. The program will include the popular songs of the day, performed by the renowned Pops Orchestra. The orchestra will consist of 100 musicians, including strings, brass, and woodwinds. The concert will be conducted by the renowned conductor, Mr. John Smith.

The proceeds from the concert will be used to support the Senior Week activities and the local community. The committee is grateful for the support of the community in purchasing tickets for the concert. They are confident that the concert will be a great success, and urge everyone to purchase tickets as soon as possible.
NOW that the events of the collegiate year can be viewed in perspec-
tive, it becomes apparent that the trend of Institute life is not moving upward.
The year shows evidence of more vigor, more interest, better spirit, and consequently better results than ever before.
While of course the inherent quality of the fac-
ulity makes it progressive, this progressiveness is not constant,
but the upturn in Institute life is attributable to a variable in the interest of the student body in all the phases of Institute life.

The year has been a "peak," this has been evident in many ways. Of course the unprecedented support given the teams, both in feature of the year, and the better out-
look on that latent capacity, in too generally concorded, this has been a definite.
I have been convinced by the success of the Tech Show, the incomparable Freshman Week, not to mention the soccer and tennis teams, and many more activities which might be indicative of a participable tendency.

Constructive advances in other lines such as the abolition of statics, the relative improvement of the electrical system, and improve-
ment in the Institute Committee have been made and are working out excellently.

It cannot be too strongly driven home that the crux of the whole situation is the wholehearted understanding and support which dispels lethargy with actions that achieve a concrete end, and thus adds and accomplishes this accomplished goal.

For too many are not, and among this group lies the possibility of con-
sidering the trend upward next year. Twenty-five per cent more in Institute activities would work a tremendous improvement, and efforts should be made to arouse these new.

CHEER UP

NOW that examinations are at hand once more, men are begin-
ing to wear a troubled air. They always get grumpy around examination time. It is a very bad habit, as they are apt to ap-
proach their work in the wrong frame of mind. They consider all learning to be a tremendous distaste, forgetting, while neglecting to get a

education, not to dodge it. This may sound like an old story, but its importance for us to bear in mind that the period will have a very benevolent effect. A man is far more likely to pass a test if he goes into it with an attitude of cheer up.

The future is yours, don't let it be the past. To study is of minor importance, the main thing is to enjoy the future.

There is nothing to fear. If you have the right spirit, you will succeed. The best way to be successful is to believe in yourself and then everything else will follow.

In every examination, if you believe in yourself and work hard, you will succeed. The key to success is to believe in yourself and work hard.

Frosh Track Team Will Provide Good Varsity Material

Nine Records Have Been Broken By Frosh Trackers This Season—Glantzberg And Wiebe Made Six Marks

Interesting in varsity track has some new factors which should make the frosh track teams more exciting this year. There have been many changes this year in men's track, and the frosh teams are on a par with the varsity teams in this respect. The frosh teams are now teams in themselves, and they have been improving steadily throughout the season, and when the final meet was over, it was found that the frosh year had brought new merchandise to track records.

Many of the frosh teams had recorded three and four marks, which is an increase over the previous year. They have been improving steadily throughout the season, and when the final meet was over, it was found that the frosh year had brought new merchandise to track records.

Captain M. L. Tresler of the Varsity Track Team was one of the outstanding performers of the past season. He captured several gold medals in the Frosh Track Meet and broke several records. Tresler was a member of the frosh team that broke the record in the javelin throw, and he also set a new record in the shot put.

Tresler's success was due to his excellent technique and great physical ability. He was always on the lookout for new ways to improve his performance, and he did so by working diligently and practicing tirelessly. His dedication to the sport of track and field paid off, as he became one of the top performers on the frosh team. His success also helped to establish the frosh team as a force to be reckoned with in the world of track and field.

In summary, the frosh track teams were a success this year, and they are sure to continue to improve in the future. They are a strong group of performers who are always looking for new ways to improve their skills and to win races. They are a team to watch out for, and they are sure to continue to make a name for themselves in the world of track and field.
