Maps of Institute Area

Now in Great Demand

Sophomores have been holding their own during the last week for maps of the Institute Area. The demand is due to an increased interest in the layout of the campus and to the fact that most of the Sophomores are about ready to find the Institute area ground. The printing of the maps was entrusted to the Freshmen, who have done excellent work. Last year, the maps were created by the Freshmen; this year they were printed in the Institute hall by the Freshmen, who were assisted by some Sophomores.

LENGTH OF TERM MUST BE CHANGED

Dean Makes Statement in Regard To School Year of Two Semesters

According to Dean H. P. Talbot, the next change in the length of the term will have to be necessary either to change the Insti- tute calendar or to shorten the Spring term. The Spring term will run from the latter of June until finishing in the middle of the third week of July. This will be irrevocable if the Freshmen and Sophomores are to be compiled and daily bulletins in the future.

THE COMBINED DRIVE

This morning speakers are making their first appeals to men in classes for contributions to the Combined Charity Drive. A group of ten thousand dollars was raised last year, and another appeal is expected to be received by Friday. A similar drive last year was eminently successful, with over four thousand dollars contributed. There is no reason why the Institute should not raise another equally large amount this year. Some prominent members of the Institute have already contributed, and it is hoped that others will soon follow.

The Drive is being conducted by the Treasurers, and the money will be collected in the usual manner. It is hoped that the Drive will be carried on for the entire year, and that the Institute will be able to raise a large sum of money for the benefit of the poor.

The money collected will be divided among the various charitable organizations, and the President of the Institute will make a report of the distribution of the funds at a later date.
