ESTABLISHMENT OF VARSITY BASEBALL WANTED BY TEAMS.

Members of Last Year's Class Organize to Get Team Organized.

IDEA HAS MANY RACKERS.

Financial Consideration Very Important Says Former A. A. Treasurer.

Cambridge, Mass., Friday, November 28, 1924.

SILENCE SURROUNDS FACULTY PLANS CONCERNING THE TWO TERM SYSTEM.

SILENCE AND SECRECY continue to surround the plans of the Faculty concerning the two term system. It was believed that an announcement would be made, except at a full meeting of the Faculty, but there are rumors that they are not inactive.

The announcement was first made that Technology returns to the two term system after six years. That seems a long time. Since the Faculty finally settled upon the two term system, little change would simplify their work, as it would also simplify the record keeping to current each year, instead of keeping records for two years. They would also simplify immensely the grade division work.

The Faculty, on the other hand, believe that the changes would be in the student's best interests and that the present system would work much and faculty members not going to give up the system.

On the other hand, Professor Stroud, of the Geological Engineering Department, believes the present system is of the students of all other colleges. It was expected that he would be away from the office in order to work in the two term system.

The subject of discussion is one of the important aspects of the present system and the resulting papers are intended to be published, to discuss whether Technology students are as good as students of other colleges.

The combined drive enforced

It was gratifying to learn of the action taken recently by representatives of a number of organizations to prevent a Cambridge charity organization from soliciting funds from Technology students through the mail. The enforcement of the agreement to which the representatives of these organizations were parties is a reflection upon.

The combined drive enforced

Veteran Patient
Of Veterans is Operated On

If it is true that old friends are much more pleasant than new ones, then surely the first of the veterans that went under the knife in the Veterans group of the University hospital are more pleasant than the rest. After some discussion, it was decided that the Veterans group be a part of the medical school, and that the group of veterans be a part of the medical school, and that the group of veterans be a part of the medical school, and that the group of veterans be a part of the medical school.

The combined drive enforced

The spirit of the Rogues

A and another comment upon the Combined Drive we call attention to the fact that 78 percent of the architects over at Rogger subscribed to the drive. This was a higher average by about three percent of the total than that of any other class at the school, and it is a reflection upon the "spirit of the class" that the drive was so successful.

Friday, November 28, 1930

EMINENT METALLURGIST WILL DELIVER LECTURE

A lecture on the metallurgy of steel will be given in room 5-309 next Tuesday evening, November 26, at 8:30 p.m. Assistant Professor of Metallurgy, and head of the Metal Production Laboratory, Mr. John B. Hoover, will deliver the lecture. The audience is invited to attend. The lecture will be given by the head of the Metal Production Laboratory.

NOTICES AND ANNOUNCEMENTS

A.E.E. VISITS SIMPLEX WIRE & CABLE COMPANY

Thirty members of the M.I.T. branch of the A.E.E. will visit the offices of the Simplex Wire & Cable Company in Cambridge on December 2, 1930. Professor W. F. Davis of the Simplex Wire & Cable Company will make a brief address on the problem of cable, and Professor Davis will show a number of samples of cable. The lecture is open to members of the A.E.E. and of the A.M.E.A. The lecture will be held in room 10-209.

FOREIGN STUDENTS TO BE GIVEN RECEPTION

December 6th is the date set for the annual reception for foreign students at Harvard and Technology. At 6:00 p.m. on that date, the students will be entertained in the room 5-330. Lecture will be given by Professor S. C. Walker. The regular talk will be followed by refreshments.

Undergraduate Rifle Team

Candidates for the varsity rifle team must apply to Professor S. C. Walker on Monday between 3 and 5 in the afternoon.

COMBINED MUSICAL CLUBS

Freshman candidates for the business department may apply to Professor S. C. Walker any day at 3, in the office, Walker Hall.

WRESTLING COMPETITION

Tickets are on sale to all freshmen. Apply for A. A. Office after 2 in the afternoon.

PAPARONE'S DANCING STUDIO

1108 Boylston Street

The exclusive Bach Day School of Dancing

Strictly Private and Class Instruction

Dancing Classes: Beginner - $1.00 per hour - $5.00 per month

Advanced School—with orchestra every Friday evening.

Tel. Bank 367

Ceraphene

Banks

1650 Commonwealth Avenue

A.I.E.E.

SIMPLEX WIRE & CABLE COMPANY

216 DEVONSHIRE ST., BOSTON

Simples Wires and Cables, insulated with rubber, paper, or rubber-covered cord, are being manufactured to meet the demands of the electrical industries, and are rendered satisfactory service in many of the larger power stations of the country.

大学生 who are interested in joining the club are invited to attend the lecture.

OXFORD AND CAMBRIDGE

HAVE MANY NEWSPAPERS

The Weekly, a Cambridge newspaper, is now in the hands of the business students. It is printed on the presses of the Harvard Daily Newspaper, and is issued every Monday.

Simples Wires and Cables, insulated with rubber, paper, or rubber-covered cord, are being manufactured to meet the demands of the electrical industries, and are rendered satisfactory service in many of the larger power stations of the country.

RIFLE TEAM

Candidates for the varsity rifle team must apply to Professor S. C. Walker on Monday between 3 and 5 in the afternoon.

FRESHMAN SPORTS

Freshman candidates for the varsity sports must apply to Professor S. C. Walker any day at 3, in the office, Walker Hall.
