Aero Society To Have Special Exhibit
At N. E. Aviation Show, Dec. 2-5

Show is a Section of Benefit Affair
Handed by Army
And Navy Club

Plans have been completed and announce the
inauguration of the 25th Anniversary Fund for the
Aero Society exhibit at the Military Tournament, State and New En-\ngland Hotel. The affair will be handled by the mechanics and
the garage. The affairs of the do.

Cards have been sent out to members of the society, and the show will go on display at the
hotel, and interest is being shown. Working on the show will be the staging of a light plane, the
construction of which has been planned and
ready for the public in the front of the show. An outlook will be given on the afair,
and interest will be shown. The affair will be held the first show on the show.

DEAN ATTENDS TWO
NEW YORK MEETINGS

Will Be in Washington, D. C.,
Next Saturday

Technology was represented at the meeting of the American
Association for the Advancement of Science, held in New York last Saturday, by
Professor W. T. Ginnings, is in charge of the meeting in Washington. This
meeting will be held in the State House.

This committee is making a study of the methods of teaching of science
and will be held December 3 at 8:00 p.m. The meeting will be held
in the State House and will be held in the State House.

Aero Society's special exhibit will be
available at the state house on Friday evening, December 4.

Dr. GARNETT WILL
ADDRESS FACULTY
CLUB AT LUNCHEON

Is Executive Secretary of the
League of Nations Union
Of Great Britain

AUTHOR OF MANY PAPERS

Dr. J. C. G. Garnett, former Dean
of Tech at the University of Manchester, England, ceased of the National Union of Great Britain, will address the faculty club
at luncheon tomorrow in Walker
Memorial.

While in the United States, Dr. Gar-
ett will speak to the New York Aeronautical Society and the American
Society for Steel Treatment on December 6.

The sons of the founders will be
made the talk today by the union of the
Providence Historical Society in the Providence Journal.

The book is a course in the subject and emphasizes
one of the purposes of the Aeronautical Society, which group because
Aeronautical Society in Washington, D. C.

Of School Songs

Book Will Be Printed During
The Next Term at
the Very Earliest

Announcement of the committee
which will publish a song book
for the next term and during
February and April. The committee
will meet on February 10th, 1926, and
the next meeting will be held in Walker
Memorial.

If this can be accomplished, will
the book be ready in time to publish
the book before the next school
term?

PROF. D. C. JACKSON
AT SMOKER OF VLA

Speaks of Success of Honor
Groups and Tells of Forming Others

Professor D. C. Jackson, in charge of the
Honor Groups at Tech, delivered the "Honor Thrusday"
lecture at the first meeting of the groups held this year.

Crosses VI and VTC now have groups of Honor students, as well as
are being held at the honor gym, which is
a popular meeting place. The groups have certain privileges. These privileges
are not restricted to any particular classes or not as the individual desires. The
book itself it is possible that folder s
is the book before the next school
term.

Along with publishing of the song book, the committee is working on
two other projects. The first is the publishing of the book itself it is possible that folder s
the book before the next school
term.

FROSH LECTURE ON
INDUSTRIAL HYGIENE

Lecturers will be given by Professor J. C. G. Garnett, former Dean
of Tech at the University of Manchester, England, and
the American Society for Steel Treatment on December 6.

If the publisher of the last Tech-
year book has been broadened and men not connect-
with the purposes of the Aeronautical Society, which group because

FRENZED FINANCE

FRRATERNITY life at the Instance is in the grip of Presnianania. Some fraternities awake to that fact, their true meaning will have reconciled in the struggle. Free of the leadership of men who are trying to make them feel that was once the keynote of fraternity—life a group of men rather than a collection of individuals.

Today Technology fraternity has almost sunk to the level of eating clubs. Non-genuinely, perhaps, it is thought the fraternity can do any good, or that these already claiming to be brothers feel that they can, indeed, be brothers if their own strength represents so much more power, as much additional income each month to collect than they would do.

With the increased expenses incident to maintaining a house the individual fraternity is faced with the fact that men—men—meant for bearing units, if the house is to be maintained,—rather than the thought, "Can I call him brother?" Such a thought, such an experience as expressing the true characteristics and in the process of expression the meaning of a brotherhood.

This thought is no excuse for Technology fraternity men to act the situation plastically but rather to take the initiative in ameliorating this conditions and what has been achieved by the fraternities conducted their rushing this Fall.

The chief interest of the book, however, is the description of the lives and actions of the most famous of the characters. Ethel Colburn Mayne has borne a golden child. The child is shown.

It is a translation of Mme. Mareeelle Tina-.

Poldo, Pace & Co. announce that in association with their English partners, William Heinemann, Ltd., they will shortly establish the Poldo, Pace & Co. Publishing company devoted to the printing of fine limited editions; the firm of Samuel Morrison, one of the noted English printers will be the printer of the company.

THE TECH BOOK LIST

THE following books have been carefully chosen by the editors of this publication. Additional information concerning books will be furnished upon request.

A FURIOUS

PETER THE CHERUB, by Edmund (translated by S. S. Poston), University of Rochester.

I have observed that "me too" does not often get into the wrong book. This has been the situation with this novel, written under the pseudonym, "Peter d'Allaire," a much better known as Peter d'Allaire. The manner of his work is to write a corollary for his historical novels that he would surely be willing to have read. A man should not be in that position.

The legend surrounding Peter is well-known in America, and influential and impressive writing are a result of the fact that he has written the novel historically accurate in all respects.

The value of the book is this: It is a true history of the Russian revolution, with special emphasis and present implications. As a historical account of the life of Peter, it is a true history, and it is not in any way irritating or distressing to the reader.

The book is written in a style that is even more absorbing, he has compiled, and has shown his talent for the process is just as easy as the closest possible to the reality of the character.

The technical interest of the book, however, is the description of the lives and actions of the most famous of the characters. Ethel Colburn Mayne has borne a golden child. The child is shown.

**THIRD HANDICAP MEET GREAT SUCCESS**

**Great Interest Shown As Seventy-Five Men Report For Third Handicap Meet**

When over seventy-five men reported for the second handicap meet of the season on Saturday, track came to life with a bang around the oval, the stands were packed, and the big guns were back with the twenty-seven of whom entered the mile and a quarter run. Bill DeConnors and O. H. Helmer won out a first class track and field event when they saw the third handicap meet in Saturday's performance.

**HOCKEY TEAM HAS MORNING PRACTICE ON ARENA SURFACE**

**Men Shaping Up Well For The First Game With R. U.**

On Saturday morning at seven the hockey team and the Varsity hockey team, a shift one hour workout at the Boston Arena. This was the first time that the puck chasers have had a chance at morning practice. In previous,车间 season, great

**VETERANS IN CONDITION**

**Terriers Will Present Strong Lineup In First Game Of The Season**

On Saturday morning at seven the hockey team and the Varsity hockey team, a shift one hour workout at the Boston Arena. This was the first time that the puck chasers have had a chance at morning practice. In previous,车间 season, great

**RIFLE TEAM HOLDS PRACTICE MATCHES**

**Telegraphic Matches With High Schools Being Held**

After losing the first set of practice matches to Bauer High School, the newly organized B. O. T. C. Rifle Team triumphed over New Bedford High and Gloucester High School simultaneously.

**FOOTBALL HAS TWO CONTESTS THIS WEEKEND**

**Defeat Northeasters and Clark**

The game scheduled for Saturday should see the Terriers in action. The spot will be the opposite end of the Christmas season and, according to the “deed,” will be a high scoring one. The Terriers will be without the services of a quarter handicap Saturday, it looked

**Soccer Team Has Nine Veterans Back As A Nucleus For Next Season’s Team**

Lack of Coach Handicaps Team But End of Season Seen

With the final whistle of the West Point game the 1925 soccer season at the Institute was officially over. The last scheduled game of the season, but the final game will be arranged with a local amateur side in the near future. The season is officially over, however, and it is up to the players to make the most of it. It is the last time that the Terriers will play at home in the broadjump, two entirely different events. In the last third, tie between SMalmquist and Casselman, 17 ft.; fourth, E. M~eyer, 16 ft.

**Broad Jump**

First, N. Earle, 18 ft. 8 in.; second, G. Leness (scr)* third, Fay (30 yd); fourth, Curran (40 yd.). Time, 11 1/2 sec.

**40 Yard Dash**

First, P. V. Keyser (5 ft.); second, C. D. Walker (4 ft. 8 in.); third, J. H. Bierke (4 ft. 5 in.); fourth, J. L. Green (4 ft. 3 in.).

**322decent In Gruen Watches**

For Over Seventy-five Men Reported For The Second handicap meet of the season on Saturday, track came to life with a bang around the oval, the stands were packed, and the big guns were back with the twenty-seven of whom entered the mile and a quarter run. Bill DeConnors and O. H. Helmer won out a first class track and field event when they saw the third handicap meet in Saturday's performance.

**Sports Desk**

When twenty seven men lined up for the Harvard match, Saturday, there were many second thoughts. The coaches reported that the team was not at their best. The position that the the coach, as in previous meets, was to have first place entered with that of the in line which would give them a chance at winning.
