ENTRANCE INTO WORLD COURT BY THE UNITED STATES IS DISCUSSED

The World Court has been the place of residence in the fields of法学 and international law since its establishment in 1922. This year, the United States has made a decision to entrace into the World Court, which has sparked various opinions among scholars and the general public.

The arguments against the World Court mainly focus on the fact that the United States has never been a member of the League of Nations, which is the foundation of the World Court. Proponents of the United States' entry argue that this will allow the United States to play a more active role in international affairs and contribute to the maintenance of peace.

Meanwhile, the World Court's jurisdiction is also a point of contention. Some argue that the United States may not have the same rights and obligations as other member states, especially in terms of diplomatic immunity.

In conclusion, the entrance of the United States into the World Court is a significant event in the world of international relations. It requires careful consideration of the potential benefits and challenges, and it is essential for the United States to consult with its allies and partners before making such a decision.

ATTRACTION SPORT CARD SATURDAY  
Quintet Meets Lowell; Ice Team Journeys to Anherst

Court Team Preparing to Meet Stiff Opposition From Lowell Basketeers

Tomorrow evening, the strong Lowell pressure fire will invade the Hangar gym to match skill and good form with the Engineers in the quintet game. Both teams are on a roll and betting is an earmark of being a fast supremacy over the teams to the highest degree.

Coach McCurley is taking no chance and this is shown as he has been driving his squad at a pretty fast clip every afternoon this week and is satisfied with the enthusiasm the boys are picking up into the practice sessions. He thinks this team has hit his stride and every indication is that they will come out on the big guns blazing in the Lowell game.

The anticipation for the game is particularly fast on the part of the Lowell followers, who are in the attitude that this match is most certain to be the deciding factor in the quintet race. 

All Positions Strong

At this time of the season the only way to beat Bill Captain Forrester with Senior Boys Against Lowell Basketeers is to have a team that is capable of playing a game at this level, and so far, the play of Captain Forrester has been steady, consistent. Beiler in his first year of varsity play has had an equal remarkable, take into account the fact that it is his first year as a skilled position, playing in the back court. He is providing a solid lead and in a few weeks should develop into a player of the varsity 7-A team with Joe Heene.

This is Joe Heene's first year as a varsity player and he is proving himself a trip wire of the team in a different fashion. Although a true def. guy, he is building himself up into a player who can take a punch and knock back with the best. Myers and Aird Whitaker are also showing fine form in a 14 on a 3. 

This evening in Salford Hall Hotel, Salem, the Christian Endeavor will meet the Salem High School. This will be an annual event for the seniors.

JOB PRINTING

If you want your information printed, sent or resold, Black Diamond Printing Co., 43-45 North Street, Salem, Mass., is the place. The service is complete, fast and always at a fair fee. 

Slight Variations

Vegetarians Against Chicken at Boston Y. M. C. A.

Hockey is getting more attention in the political world than in any previous year. The temperature is still freezing, but the interest in hockey is heating up. The political world has been divided into two camps: those who believe that hockey should not be played and those who believe that it should. The debate is ongoing and will continue until a decision is made.

FRESHMEN SWIMMERS MEET MALDEN HIGH

First Meet Is Tomorrow Night

With Malden School

Malden High School will provide the first opposition for the basketball team to demonstrate adequate form. The freshmen are playing well and show great promise in this early practice period. Only three freshmen have made a break in the lineup this season.

They have been playing in some of the most exciting games under the guidance of Bert Grow and his staff, which has taken on remarkable proportions. Bert Grow has been an invaluable asset to the basketball team.

The team has been weakened somewhat by the absence of the two freshmen, but they have shown that they can still play with the best.

Dominated Strong

The Johnson brothers, Ralph and Richard, are strong threats in the game. The Johnsons have been a dominant force in the basketball arena.

Malden defeated English High Wednesday night, 63-44, and turned in strong patterns in two of three games. To beat Malden, it will be necessary for the other teams to perform at their best.

The Mid Season Report

The Mid Season Report of the basketball team is due soon. The report will reveal the progress made by the team so far. The report will be given to the team's coach.

FROSH MATRIMONIAL GRAPEPLATE WITH NORTHEASTERN

"If the freshmen wrestlers show as much spirit and fight in their meet tonight as we have been showing in their recent practices, we should win by a tremendous margin," said Bert Grow, head of the basketball team.

The freshmen wrestlers have been working hard in practice and are expected to perform well tonight.

Coach Jack Altfillt has a new training system for the freshmen wrestlers. The system includes a series of strength exercises designed to build up the wrestlers' muscles and improve their performance.

The freshmen wrestlers will be pitted against the Northeastern University team in their first match tonight.

The Northeastern University team is expected to provide a tough challenge to the freshmen wrestlers. The Northeastern team has a strong lineup of experienced wrestlers.

The match will be held at the Hangar gym. The event is open to the public and will be a great opportunity for spectators to witness the talent of the freshmen wrestlers.

Loose Leaf Exhibit

Through January we are showing the largest variety of loose leaf products ever. We have a special in- stock for every purpose.

Sports Desk

Jack Altfillt seems to have created an unusual interest in wrestling this year by his keen interest in the sport and his ability to impart his skill to the wrestlers. He has been very successful in this venture, and his efforts have gone unnoticed.
