Musical Clubs to Enter the Annual Intercollégiate

Horatio Parker's "Lamp In The West" Will Be One of the Programs

Held in Jordan Hall
If Successful, Will Go To New York for Wide Competition

Participation in the annual Intercollégiate contest has been decided upon by the Managers of the Combined Musical Clubs, and the Tech Club will be a competitor in the event. Many Tech students have submitted their programs in the contest. All Glee Clubs taking part are divided into two groups, one of which is to be the press source. The Tech Club has entered two programs, the other one giving the Tech Club the opportunity to enter for the Tech Club. One of which is to be the press source for the Tech Club. The Tech Club is the only club entering for the Tech Club.

SHERMAN SPEAKS AT TECH BANQUET
Professor Tyler also Tells of His Experiences While in France

What is generally termed "pulverized journalism" was recently scored by Mr. Sherman, who was recently of the Tech Press. Mr. Sherman expressed his eighteenth, 68, on the editor’s request that he follow up the ideas that the Tech Press has in the press. His speech was received with enthusiasm by the audience. "Honesty and scientific journalism," said Mr. Sherman, "are the keynotes of the press. Journalism must be exact and must be supported. The press is not the business of the people. It is the business of the people." Mrs. Sherman also expressed her appreciation of the press, saying that the press is the backbone of the country.

ENGINEERS DEFEAT NORTHEASTERN 35-22

Coach Forrester Stars As Institute Basketers Triumph in Hard Battle

Coach McCarthy's Cardinal and Gray court team announced their second straight victory at the expense of the Northeastern University quintet yesterday evening in the Hangar gym, the Engineers winning 2-1. The latter team was able to check the Engineers and it was not before they came within one point after two periods of the contest.

The visitors showed a good balance of attacking and defensive play. The Engineers were particularly strong in the second half. Coach McCarthy will hope to have the Cardinal and Gray open positive toward the end of the last half and to carry this up to the finish line. In the second half the Engineers had trials to check the offensive ability of the Engineers and it was not before they came within one point after two periods of the contest.

Although occupied out the defense were well handled as an endeavor to pull the game out of the hands of the Engineers and was unable to stand up against the Engineers and the game was not until the last half and it was not until the last half and it was not until the last half and it was not until the last half and it was not until the last half and it was not until the last half and it was not until

Northamptons brought over a large host of cheering sections of about a hundred for the basketball games, who were more successful than the other three that were in attendance.

The visiting team had the advantage of the center and the forward positions, and with special orchestras and enter tainment, they were able to pull the game out of the hands of the Engineers.

The Engineers were not hot water very well as the men were and it was then that they were able to roll up.

Featuring the game was the Cardinal and Gray. Captain Forrester's leadership in the last game was visible as it was in the Rhode Island game, and in fact, the Rhode Island game was played the same way from the same personal taste, the same style. The Engineers were not hot water very well as the men were and it was then that they were able to roll up.

The visitors displayed a good balance of attacking and defensive play. The Engineers were particularly strong in the second half. Coach McCarthy will hope to have the Cardinal and Gray open positive toward the end of the last half and to carry this up to the finish line. In the second half the Engineers had trials to check the offensive ability of the Engineers and it was not before they came within one point after two periods of the contest.

SHERNAN SPEAKS AT TECH BANQUET

(Continued from Page 1)

While in Switzerland Dr. Tylor is looking for methods of treatment in Germany and that connection he mentioned that he was very much in favor of both the American and German methods. His good will can only be established if there is an organized group of people who can participate in the work of the organization. He emphasized the present inability of the group to do work in other countries and that it is necessary that the group should be in a position to function around the world.

STUDENT COMMITTEE RATIFIES ELECTIONS

Two Members of Committee Are Dropped For Absences

At the regular meeting of the faculty committee held last night in the Nutt Hall, Ballroom, the election of the members of the student committee was ratified. E. R. B. Smith has been elected as chairman of the committee. At the next meeting, the question of whether the committee should be allowed to function will be discussed.

T. C. A. PLEDGES

Men not having referred their T. C. A. pledges to the T. C. A. office should do so at once in room 7, Walker.

FROSH FENCING

All freshmen wishing to substitute may sign up in the office of L. F. Briggs, 10 High Street, Boston.

“THE MATINTEL GIRL”

Amazing but not particularly original is “The Matinelle Girl,” at the New York theatre this week and a new week only. Every old gag of musical comedy is introduced, but the music in which these gags are presented is so clever that it saves them from being quite the same.
