WRESTLING MEET TONIGHT BEFORE BASKETBALL GAME

Matmen Meet Brown and the most feared teams in New England this season, being one of the closest of the basketball game until midnight.

The Engineer wrestling team will tackle the Brown University grapplers. Rumor has it that New Hampshire will play the Champions for tomorrow night's event. The meet is expected to be a thrilling one from the audience's viewpoint.

Walker Committee To Use Assignment Book

In order to avoid any conflicts in social functions involving any class, the following announcement was made yesterday that the Walker Memorial Committee will utilize a sign-up book for all functions held in the Walker Memorial. All class officers are expected to check their assignment books and determine what dates are available for their respective events and then organize the courts that will be used in the Walker Memorial. The sign-up book will be held at the front desk of the Memorial at all times.

GIVE RESULTS OF SENIOR ELECTIONS

Lenex, Knight, and Brooks Close to Serve As Class Marshalls

George J. Lenex, Ralph F. Knight, and Frank Myers have been selected for Class Marshal of 1927. The trio was chosen last Tuesday evening. Lenex, a member of the University basketball team, Knight, a member of the S. S. "Minnewaska," and Myers, a member of the track team, are expected to be splendid all around basketball ability.

Technology Score Will Depend A Great Deal Upon the Board of Directors.

The 1927 Graduate Class Marshall, chosen at the meeting Wednesday to take a greater participation in the activities of the Institute, is expected to be the leader of the class in the coming year.

The Technology sign-up sheet will be called at the conclusion of the Student Assembly. It is without doubt one of the biggest affairs of the coming year. Rumor has it that New Hampshire will play the Champions for tomorrow night's event. The meet is expected to be a thrilling one from the audience's viewpoint.

OPEN HOUSE NIGHT TO COME APRIL 17

Committee Plans To Open Activities

Technology at play, as well as Tech- nology in action will be shown during the open house night to be held at the Institute on April 17. The meeting is expected to be a thrilling one from the audience's viewpoint.

The open house night is expected to be a thrilling one from the audience's viewpoint.

PROFESSOR NEYMAN'S VISIT TO BELGIUM

Professor Paul C. Eaton '27, was elected President of the Junior Committee for the coming year. He is expected to be a splendid all around basketball ability.

The meeting is expected to be a thrilling one from the audience's viewpoint.

PARTY OF TEACHERS VISIT TECHNOLOGY

Slightly over fifty instructors and assistants from a number of greater district high schools were present at a special tour of the Institute last Wednesday in an inspection tour about Technology. This trip was organized by Mr. C. M. Coburn of the Trade School, and Mr. Charles R. Mofett of the High School Department, the latter of the Class of 1923, is the President of the Institute Committee.

SUMMARY OF MEETING

At the Institute Committee meeting last evening held in Walker Memorial, the report of the election of Paul C. Eaton '27 as President of the Junior Committee was announced. The committee also adopted the report of the Junior Committee for the coming year. The meeting is expected to be a thrilling one from the audience's viewpoint.
A FINE REPORT

At THE Institute, a meeting yesterday, the special committee was called upon to report the results of the inspection of the student body. The report showed a high standard of discipline and a general readiness to co-operate with the tutors. The committee was especially pleased with the students' work in the field of athletics, and recommended the continuation of the tutorial system.

The report also included several suggestions for improvements, such as the establishment of a more comprehensive system of record-keeping and the provision of more opportunities for social intercourse. The committee believes that these recommendations will contribute to the general welfare of the student body.

HARVARD'S TUTORIAL SYSTEM

One of the interesting phases of education which has been studied recently is that of the tutorial system. At Harvard, the tutorial system is operated on a large scale, and has been the subject of considerable study by educational psychologists. The system is based on the idea that each student should have a tutor, who will act as his guide and mentor.

The tutor system has many advantages, such as the personal attention given to each student, the opportunity for individual study, and the promotion of a closer relationship between students and faculty. However, there are also some disadvantages, such as the cost of maintaining such a large number of tutors, and the need for carefully selecting the right tutor for each student.

An important question in the study of the tutorial system is whether it is better for students to have one tutor or several. There are arguments for both sides, and the decision should be based on careful consideration of the individual student's needs.

A Waist in automobiles is presented at the University of Oklahoma, and it is hoped that this will lead to a more widespread use of automobiles in the future.

**PRINCETON GYM TEAM AT WALKER TONIGHT**

Princeton sends her strong gym team here on Saturday afternoon when they will meet the Engineers at the Walker Memorial Gymnasium. The figure has a slightly better squad than last year, having lost five of last year’s squad. The team is prepared to work against Temple University. Temple is to turn out all of her top men, including two students from the United States, one of the four men in the meet: Capt. Smith, Walker, Newcomb, Weinstein, Burgess, and Smith will perform on the parallel bars. Newcomb, who did all the best work against Dartmouth, will enter in the rope climb and the flying rings. In the tumbling, Waller, who has done very well in practice, will be the only entrant.

**Rivalry Among Classes Keen On Eve of Big Meet**

Technology’s Annual Interclass Track Meet will take place on Monday afternoon in the hangar gym tomorrow afternoon at 2:30 o'clock. This marks the first step in the birch gym season and should draw a large field of entrants. The final race of the afternoon will be the 440 yards hurdles. The meet will be composed of Wies, Brown, Bridges, and Grover. These old rivals have shown up to best advantage, as a result of the postponement of the New York trip because of lack of time in the gym. In the hurdles, Grover is conceded more than an even chance over Wies, who beat him in the time trials.

**FENCING TEAM GOES ON THREE DAY TRIP**

Captain Sam Cole, Joe Lewis, Ken Hawthorne, Fees and Mike Darrow of the fencing team left late Wednesday night for a three-day trip to New York. The trip took in the Annual Interclass Meet, the University Games and the University Olympic meet. This is the second trip in consecutive weeks ends for the foileurs and considering the showing that they made against Columbia and the Navy they ought to be fairly successful in their great expectations.

The men have been working early and late this week in North Hall, so that they were in good shape to meet the New York college.

**SMIMMERS EMBARK ON NEW YORK TRIP**

**MEET SYRACUSE AND UNION ON CONSECUTIVE EVENINGS IN FOREIGN WATERS**

This morning the Technology swimming team began their two day invasion of New York State, where they will meet Syracuse University and New York University. Both of these teams are exceptionally strong and the Technology squad has been improving all of the season so that they may meet the New York Colleges to give them a real game.

Syracuse, starting the handicap with but few veterans, has gradually come into her own at the present time. This year she has a really formidable array of swimmers and is likely to cause considerable upset before their schedule is completed. The final race against Swarthmore gives ample proof of their ability to the pool.

In Syracuse University, the Technology swimmers meet one of the best college teams in the country. In recent years, Syracuse has always boasted of being the best college team in the country, and has produced a record outfit. The members of the Technology team have been forced to their great extent by their opponents.

**HOCKEY TEAM MEETS TERRIERS ON MONDAY**

**SQUAD IN TOP FORM FOR WINSON CUP SERIES AT ARENA**

As a result of the postponement of the post-season hockey tour because of lack of ice, the Technology team will have a short rest over the week end. One way this was a most fortunate occurrence, for after such a journey the players could not possibly whip themselves into shape for the coming University Dean’s Hockey competition on Monday evening.

MUSICAL CLUBS HOLD CONCERT AT SARGENT

The Combined Musical Clubs will give a joint concert with the Sargent School of Physical Education musical clubs tonight at 8 o'clock in the Sargent gymnasium.

Two specialty acts, a band act by Ray Mantock '26 and Floyd W. Hatt, and a tenor solo by Arthur B. Kohl '26 will be features added to the regular program in the Sargent's club, which will contribute two numbers, each by the club fellows.

Dancing will follow the concert and will last until 11:00 o'clock, when a bell will signal the close of the program.

When the straight-8 blows a shoe

Before you even look for the jack or tire-
tools, tack a neat wad of Prince Albert into the muzzle of your jimmy-pipe. Light up — and get yourself in the frame of mind where a flat tire is "all in the day's work." Talk about a gloom-chaser!

P. A. simply knocks troubles for a row of planished-steel mudguards. Its cool, soothing smoke percolates into your system, the sun crashes through the clouds, and everything is hotly-totzy. Yes indeed, Fellows, Prince Albert is great tobacco.

And paste this — in the fly-leaf of your the-
saurus: P. A. can't bite your tongue or parch your throat, no matter how hard you hit it up. The Prince Albert, Bet and Parch on their first examination. Get a tidy red.

As a gloom-chaser!
