PHOSPHORUS TURNS TO HEADGEAR TOMORROW

PHOSPHORUS has turned to headgear tomorrow in a policy of neutralizing their "heretic" number. The student body has been curtailing its consumption of the heretic number, and the corresponding action is a step in the right direction. The student body will support this action.

Undergraduate Student Body Support Needed Before Action Is Taken

At the meeting of the Junior foot committee held last week it was announced that a varsity football team at Technology would be formed. It is decided that a varsity football team at Technology is consistent with several members of the Junior football committee. The student body at Technology is very much interested in the possibility of a varsity football team. The student body at Technology would be a constant reminder of the team's existence. The formation of the team will make it easier for future teams to attract players from the student body. The student body will support this action.

Senior L. M. Woffai Md '28, chairman, made a varsity football team at Technology. Of undergraduates would like to see this question will be brought up and discussed from all angles. Both the faculty and the student body will support such a sport.

THE BODY OR THE SOUL?

The subject of compulsory chapel has probably been one of the most widely discussed subjects in the academic world for the past few years. In some institutions it is still a hallowed place of worship. From reading editorials and news reports from various colleges we find that there is much more discussion in those colleges where the subject has been decided upon than in those colleges which still have a cloud of uncertainty hanging over them. It is our opinion that the proper function of a college is to be a place where students come to learn and where they may also enjoy themselves if they so desire. If the proper function of a college were to be confined to one particular activity, then it would be difficult to see how a student could become all that he wishes to be. If, on the other hand, a college were to be a place where students come to learn and enjoy themselves, then it would be easy to see how a student could become all that he wishes to be.

In some cases compulsory chapel has been abolished and in others it is still a hallowed place of worship. From reading editorials and news reports from various colleges we find that the proper function of a college is to be a place where students come to learn and where they may also enjoy themselves if they so desire. If the proper function of a college were to be confined to one particular activity, then it would be difficult to see how a student could become all that he wishes to be.

EAT AT WALKER SERVICE A LA CARTE, THE GRILL SERVICE CAFETERIA, MAIN HALL

Monday, March 27, 1927

WALKER SERVICE A LA CARTE, THE GRILL SERVICE CAFETERIA, MAIN HALL

Now no pipe-lover need be pipe-shy.

EAT AT WALKER SERVICE A LA CARTE, THE GRILL SERVICE CAFETERIA, MAIN HALL

Every man deep down in his heart cherishes the desire to take unto himself a pipe—yet many a poor paladaur suffers disappointment because of his inexperience... while other shy souls are frightened at the expense of properly providing for a pipe...

Ask the advice of any man who’s solidly wedded to a perfect pipe and you’ll find he attributes the success of their happy union to one thing: Granger Rough Cut... there’s nothing like Granger for adapting happiness and harmony between a man and his pipe.

Liz’s tobacco worthy of the most wonderful pipe in the world... and because it is sensibly packed, in a practical foil-pouch (no costly tins) it sells at a price that settles the ‘expense’ problem... if a man and his pipe stick to Granger they’re bound to live happily... ever afterwards!

Granger Rough Cut is made by the Liggett & Myers Tobacco Company

Two Technology Professors Named in Guggenheim Memorial Fellowships

By MANUEL VALLARTA

A total of $143,000 for the assistance of young American scholars and artists during the academic year 1927-28 has been awarded by the John Simon Guggenheim Memorial Foundation. This Foundation was established in 1925 by former United States Senator and Mrs. Simon Guggenheim as a memorial to a son who died on April 24, 1924. The Foundation has a capital fund of $2,500,000, the gift of the Senator and Mrs. Guggenheim, and Mr. John Simon Guggenheim as a memorial to young authorities.
