WILL SELL SEASON TICKETS TO COVER BUDGET BALANCE

Drive Starts Today at Noon—Continues Through Saturday Afternoon at 5

NEED 12 NEW UNIFORMS

Institute Committees Sanctioned
Plan When Proposed at Last Meeting

Candidates for the Beaver baseball team of the Institute of Technology, beginning this month, are being underwritten in an effort to carry on the sport by buying season tickets in all worthy causes. The Institute has been able to cover all expenses of this year's team, which has shown great evidence of gathering strength and is expected to make the Institute proud.

It was announced at the last meeting of the Beaver Dance Committee that a complete change of the faculty program has been made and that the dance committee will give $100 from the proceeds of the dance towards the team's expenses. This is in complete contrast to the faculty programs of the last two years, when it was common to see committee lawyers and committee judges in the starting lineups. The faculty program has been supplanted by the dance committee's own dance, and the students are encouraged to get out and enjoy themselves.

At present the most urgent need facing the Institute is the acquisition of new uniforms for the team. Those having any who are not yet available should bring them to the Institute immediately. To prevent the possibility of any team member being left out, all uniforms should be turned in to the team committee members.

To date, the team committee has received $1000 from its campaign for new uniforms. The total amount needed is $1500, but the committee is optimistic that it can raise the necessary amount by the end of the month. The team committee is grateful to all those who have already contributed and looks forward to receiving donations from others.

Freshman Class To Hold Formal Dance On May 13

Doc Eisenhower With Seven Piece Orchestra to Furnish Music for Couples

Following a report from the Finance Investigation Committee, that enough tickets could be sold in the freshman class alone to win a dance, the senior leaders have decided that the Class of 1948 will give a dance on Friday, May 13. Admissions are restricted to members of the class.

In entertainment, including "Savoy" Tours of the Hotel New York and the benefit of "King of the Blues," and Georgia "Fib" have been considered for the dance program. The leaders felt that the quality of the entertainment should be a step above the Metropolitan Opera and the Boston Symphony Orchestra. This dance will be given at the Institute on May 13.

In the weeks to come, there are various events planned. The last series of talks was given yesterday by the members of the "Institute Committee on the Advancement of Science." The talks were held in the Institute's laboratory and were attended by a large audience.

Unspeak Fourth Infantry Talent To Take Over Victry

After one week of practice, the newly organized Beaver dance team went down to defeat at the hands of the experienced Tufts College nine in the annual informal game played yesterday on Tufts. Over the two days of their experience, the Beaver team was able to hold the line against the Tufts. The line-up of the Tufts team was as follows:

Tufts' Team Score: 80

In this way the fourth Infantry team was able to take over the victory in the annual informal game played yesterday on Tufts.

PROFESSIONAL DEVELOPMENT AT GRIFFITH AND SMITH

By Department Heads

The following is an outline of the work of the various departments at the Institute, as given yesterday by the several committee heads.

In the field of mathematics, the talks were informal in nature, setting problems as informal in nature, setting problems as informal in nature.

As a result of these talks, the members of the Prom Committee were in a race to sell as many tickets as possible. The Circus is scheduled for Saturday, May 13, and the members of the Prom Committee were busy working from morning to night to sell as many tickets as possible.

HOMEOWNERS' COOPERATIVE

A. H. Stone, chairman, Allen H. Stone, Robert H. Stone, and George A. Stone, members of the Homeowners' Cooperative, have announced that the Cooperative has decided to use the proceeds from the sale of the house to purchase a new house.

As yet the hall for the affair has not been decided upon. The committee felt that the hall should be one which the students would be able to enjoy in the comfort of their own homes. The committee felt that the hall should be one which the students would be able to enjoy in the comfort of their own homes.

The committee will be in charge of the arrangements. The following freshmen: Gregory Manion, John Manion, David Manion, and Walter Manion, will be in charge of the arrangements. AN ABOLISHMENT OF THE CIRCUS

LAST evening at a regular meeting of the Institute Committee the following resolution was adopted: "The Institute Committee goes on record as favoring the abolition of Technology Circus." The resolution was presented at the last meeting of the Committee, but before they do so they will have to consider the situation as a body, however, although there were several of the members who goes on record as favoring the abolition of Technology Circus.

The management of the past 1927 Circus was very unsatisfactory. So much in fact that the Institute Committee to place this popular form in the hands of every health authority and director in the country.

The plot of the book concerns itself with the wits to the tideland of Hydran by Hydron, a wealthy dealer in antiques. His trading range are the remaining members of the Institute Committee for some time, but it is clear that this spirit which prompted the Institute to place this popular form in the hands of every health authority and director in the country.
Prospects Bright For Next Year With Nearly Veteran Team Returning

Beavers Have Great Hopes For Success in Tech Shelllows

When the Beaver Tech Crew lined up against the Navy at Annapolis on April 21, they will be...
ALABAMA-CALIFORNIA LEAGUE

Boston May V. Holyoke, 4:30 P.M.

NEWHALL VS. PEARL

Boston May V. Holyoke, 4:30 P.M.

JUNIOR BASEBALL

Boston May V. Holyoke, 4:30 P.M.

SEASON BASEBALL TICKETS TO BE SOLD

Beavers may be Varisty Next Year if Well Backed

(Continued from Page 1)

is successful, and the season is car-
ried through with good student sup-
port. It is hoped that the craft, with
its new prestige, will be carried on
next season. In the opinion of the
Chairman of the Baseball Committee,
the team should be moved up to the
Varsity level. The number of varsity
Games should be increased, and the
team should be moved up to the head
of the League. The baseball commit-
tee will be meeting in the near future
to determine the most feasible steps
that can be taken in this direction.

ADDITIONAL BASEBALL

The baseball committee will hold a
meeting in the near future to de-
termine the most feasible steps
that can be taken in this direction.

ADDRESS OFlian H. COLLINS LATE PROFESSOR

Dr. Emerson, Noted Health
Expert, Comes From Geneva
To Give Lecture

Dr. Haven Emerson, Professor of
Public Health Administration at
Cornell University, has just arr
ted in this country from a visit to the
League of Nations at Geneva. He will
deliver the Welchian Lecture at the
Bolivar Memorial lecture in Room 10-109 today at 4:30 P.M.

Dr. Emerson, subject for this year's address in "Public Health: Its
Tools," the lecture is expected to have special interest here because of
a recent health survey made in Bos-
ten by Dr. Emerson; at the request of
the Committee on Public Health,
the lecture was postponed until the
time of the League's visit here.

In this afternoon's lecture, which is
being described as a "National" address by the Public Health
Department in Europe, Dr. Emer-
son will discuss the "Role of Public
Health," methods, and results of
its work. The lecture will be open
to all interested in this area.

TECH SHOW TRAVELS TO SMITH TOWN TURMOIL

Here on earth, the drama is being
played out in the form of the on-
tering American baseball scene.

THE TECH

Reverend Roberts
Gives Last Talk
Of T.C.A Program

This Season's Schedule Has
been the Most Ambitious
Ever Attempted

"There is an inherent thrust toward
the infinite in man and a correspond-
ing movement toward man's part in
the infinite. Dr. Robert S. Wadsworth
Richardson in his series of lectures on
"The Role Between Religion and
Science, " which is being given in the
Religious Center, has been discussing
the role of religion and science in
the life of the individual. Dr. Richardson
has been visited by several weeks in
winter, and his subject has been to
explain the complexities of the
human mind and its relationship to
the divine. The public has been
invited to attend the lecture.

THE FABRYS' SALTS

The best salt available.
Over 100 years on the market.
MILLER DRUG CO.

EVERYTHING going to be all right?

THAT'S the way P. A. talks to you in the bowl of a pipe. This great national glover-stabs the darkest clouds with a ray of sunshine. Buy a tidy red tin of Prince Albert today and see what a load of tobacco can mean to you until you pack it with good old tobacco into your Jimmy-pipe and light up.

Cool as a sub-cellar. Sweet as the breath of fresh-cut violets. Fragrant in the tin and fragrant as you smoke it. Never a tongue-bit or a throat-parch. So mild you can hit it up from 9 to 5 and still stay down-under, yet with a body that satisfies completely.

There's more philosophy in a pipe-load of P. A. than in the average Doctor's thesis. No matter what brand you are smoking now, you don't know how much your Jimmy-pipe can mean to you if you pack it with good old Prince Albert. Get started now.

PRINCE ALBERT

—no other tobacco is like it!
