Final Plans For Annual Event
Prepared With pgct

WILL HAVE 16 DANCES

Approximately 325 Couples

To Attend Social Climax

At the Copley-Plaza

With but six days remaining before technology's annual Juniper

process place, the Prom Committee is seeking its solution upon the

question of seating arrangements for the annual affair, as a musi-

cal number, according to Mr. Wm. H. Timbie, is being put together

to open the program. Proper seating should be arranged for the

dancers and all who will be attending the event.

Prom officials for the Prom have

appointed Robert J. Joyce '27, stage

manager, and Gordon A. White

Whitehead '27, page boy, to

work with the Student De-

signers in getting the

prom goers seated.

Arrangements of tables for the Prom are

being completed, but the total number of the
dancers has yet to be decided. There will be approximately 16 dances con-
tinued this year for the convenience of the students.

NOON ON THE MEADOWS

Music Clubs Give

Spring Concert

On Monday Night

Glee Club To Sing This Year's Prize Songs as Feature of Concert

Easily new numbers will be played by all of the musical organizations of the Institute where the spring program of the Concert is to be

held. It will begin at 9 o'clock and will follow the formal dress from 8 o'clock with refreshments

served among the guests.

Ticket sale for the concert has been

announced by President Charles F. Pence '28.

The tickets will be sold at the principal

domestic house in the Central Administra-
tion building during the week.

BASEBALL DRIVE
ENDS TODAY AT 5

Stop Sale of Season Tickets
Early Day Because of Sales

Due to the widespread support of the student body, the baseball season tickets are

sold out today at 5 o'clock, having a

turnout which is expected to be even

larger. The 200 tickets which were

scheduled to go out last night were stated that approximately 100 tickets were not

seated in the Central Administration

building.

CHARCOAL IS TOPIC OF TALK TOMORROW

Professor Urbain of Paris Will Address Open Meeting

Discussing “The Relation Between the Parts of Coal and Its Adhe-

sive Characteristic,” Professor Urbain will speak under the auspices of the

American Chemical Society in the 37th, tomorrow afternoon at 4 o'clock, in the

Chemistry laboratory. Professor Urbain has for some time been under

study of the characteristics of charcoal and, in cooperation with many

other specialists, has made many

noteworthy discoveries.

Professor Urbain has been through the efforts of Dr. Serret, who has

been in charge of the study and the officer

will deliver only one lecture here, but he will have the opportunity, according to the

American Chemical Society in

Hicksville, Virginia, this week.

Phosphoruss Will Present De Luxe Edition Dedicated To Prom Girl

Announcement of Elections to Board of Volume X

Will Be Made

With the appearance of a fine line of competition, the Prom has been

relished from its present position of an unseated and this is the time

remained unopened in three of the features of the theme. The

frontispiece design is, of course, the “Babe” Prance, and the inside over and against any kind of

competition. But the favorites are those: “Prin Dolly,” “Mayor of the

Preface,” and, of course, “Babe” Prance, each has been

drawn. Even Phosphorus himself

The Prom. “Babe” Prance has been

dedicated from his personal, take

his pen in hand, and drawn a

cartoon for the Prom which

the art.

Prom "Babe" Prance has been

announced by the Juniper Prom Committee.

THE TECH

THE OPEN FORUM

To the Editor of THE TECH: I wish to take this opportunity to express my appreciation and gratitude to the Mass Institute of Technology and the M. I. T. Alumni Association for their financial assistance in starting the paper.

This donation at the time that the paper was started was simply an expression of the growth of this organization. The members of the Freshman Class, W. W. Young, G. W. Finney, W. W. Young, C. B. Allen, C. B. Allen, and W. W. Young, wish to thank for the M. I. T. A. and the Institute Committee.

President, M. I. T. A.

As We See the Movies

STATE

Muriel Milton and Mary Oakes-Morse in "The Red Mill" top this week's Little Theatre program. The Little Theatre's first offering, "The Red Mill," hit the stage with a bang. The production is quite commendable, and the acting is excellent.

The story takes place in a small New Hampshire town, where a young girl, played by Miss Davies, is the center of attention. The acting is superb, with Miss Davies portraying the role of the young girl with great skill. The production is well-directed and the acting is excellent. The costumes are well-designed and the set design is simple yet effective.

The show is a hit and is well-received by the audience. The attention to detail in the production is commendable, and the acting is excellent. The Little Theatre has come of age with this production.

Beaver Baseball Team Meets B.U. Nine On Saturday

Expect Hard Fought Battle for Engineers In Operating Game

Next Saturday at 3 o'clock the Beaver or baseball team will meet that of Boston University on the unconditioned diamond next to Building G. The game has been arranged as a part of Junior Week, President and with immense interest by the students of the School.

Present indications prophesy a hard battle for the New Cambridge Nine in contrast on B. U. put up a good battle against Harvard last Saturday afternoon. Its greatest weakness is a small printing staff, and in addition is bound to stop the bungling of facing foolishness, perhaps, to a waist and out-squeeze-play ability.

With the Beaver possessing a formidable pitching staff and an speed画画ability, the Terriers will have a battle on their hands. In fact, every department of the game is well represented among the new squad and it will be some time before the most consistent players can be picked for the ultimate time. 

Some men to the Terriers have not reported for practice, due to lack of time, but they are soon expected to do so. Among them are a few to excel the number of those playing for the first time in the nine's history. New uniforms will make these men in Harvard's favor and with a rival commend of Cambridge it is to-be that the two teams give a pleasurable and material indication of the enthusiasm that the student body has shown toward the new sport.

TRACK MEN WORK FOR CLASS MEET

Expect Good Marks Will Be Made in Interclass Match Next Monday

Plenty of loose, fast workouts are being assigned by the track coaches. The varsity team is getting ready for another campus game this week with the intramural relay races with the hope that the opposition will have to face some good material. The entry lists include practically all the-Harvard's crack performers and spectators are assured plenty of action.

On Saturday afternoon the men will probably finish first in the mile, but the gun will go at 8:30 for the long jump. Wide is the broad jump. President and Allen in the high jump and McCarthy in the javelin throw are favorables. The relay races will come in the last hour's program.

The dash will bring together each fast man on the Institute, Bovin, Bosin and to and from the that student body has shown toward the new sport.

What to see in BRITAIN

When you travel through Britain—London and North Eastern Railway—you must see some of the finest historic and historic spots in all Europe. Over this historical highway lie the ancient cities of Ely, Lincoln, Norwich, York, Edinburgh and many old-world towns celebrated in romance and legend. Britain is the birthplace of English rugby, and at present the land of the game. In addition to the "flying sequins", the famous crack between London and Edinburgh, there are fast and frequent trains to all the numerous points of interest.

OPEN HOUSE NIGHT PLANS ANNOUNCED

(Continued from Page 1)
gas grenades, incendiary grenades, smoke grenades, and candies. The poisonous gas will be especially in-

discouraged in the demonstration

showing chemical warfare prod-

ucts. The central section will begin be-

tween Walker and Building 2. Two

hundred-yard mortar fire from four

Husoes mortars will be set off on the

hill. After these demonstrations from

has not obscured the landscape, a se-

itary smoke will be live, and probably

from titanium tetrachloride, will be ten

the number. During this time, the

planting off flares and will have machine

guns and a tank on exhibition. Today

the freshman Chemical War-

face Unit will be organized and they

will be given an opportunity to start

training at once if they desire to take

part in the demonstration on Open

House afternoon and evening. They

will not be obliged to do so, and vol-

unteers only will be called for, but if

they do join, it indicates their inten-

tion to participate. The num-

ber of mortars will have to be cut

down, as each mortar requires one

man to load it.

BASEBALL DIAMONDS ARE RECONDITIONED

Considerable attention has been at-

ttracted during the past few days by the

signs of activity on the space be-

 tween Building 2 and Walker. The

baseball diamonds have been hauled and the ground rolled to take out the

roots left there during the winter

for the spring. Temporarily a backstop has been erected on the diamond nearest the

buildings but it will be removed be-

fore graduation, due to the fact that

it is not desired entirely eradicated.

Another diamond is being prepared

on the field behind the Cooperative

store, which is expected to be ready

for use by Monday.

TECH PROJECTS ANNOUNCED

A Plant visit will be made this af-

fternoon in the new Simpsons Plant of

the Ford Motor Car Co. All stu-

dents present. There will be

groups, one at 12:30, and a second

to 2:30. The students will take

classes between 2 and 3 can get to the

place.

UNDERGRADUATE VARSITY SWIMMING

All members of the varsity swim-

ning team are asked to be present at

the election of next year's captains.

It will be held in Room 6, Walker, Fri-

day at 2:30.

JEWISH STUDENTS

Jewish students who will not be

able to return home for the Passover

holiday and who would like to be the

guest of an orthodox family for the

“Seder” services should communicate

at once with Mr. S. Marcus, 62

Brunswick St., Boston. It was an-

nounced by Julius S. Webber.
