I completely transform old Rogers into a new one. This, I believe, is a ploy under the promising title of "Purgatory Gallop." This particular event, which is being held by the Architectural Society, will feature a costume contest and an orchestra. 

The Peters Orchestra has been engaged to play "Inferno." To encourage unique costumes, admission is set at $2 for members and $5 for non-members. 

Once again, the Secretary, Dr. Avery Morton, has suggested a dinner in the Faculty Dining Room. The dinner will be held in honor of Dr. Herty, who will be there during school hours. 

As L. Bryant '30 and Harold K. Brown, Commanding Officer of the O.T.C. Battalion, will attend, the meeting will be an important one. 

In conclusion, Dr. Herty is well known to those who have been in contact with him. His achievements are numerous and his contributions to the field of aviation are significant. May his work continue to inspire us all.

In summary, the event will be a great opportunity for students to express their creativity and engage with the community. Let us all look forward to it!
At We Like It

BASEBALL, AS IT IS PLAYED

T H  I S  a f t e r n o o n ' s  b a s e b a l l  c o n t e s t  m a r k s  t h e  r e v i v a l  o f  a  previous attempt to make the Undergraduate baseball game a regular part of the Tech program. Last year, the effort was successful in bringing out a team and a few games were played. The enthusiasm for this effort is evident as the team has already played a dozen games and hopes that the game will be worth reviving next year and in years to come.

Students who went to the game will be happy to know that the affair will lose some of its official aspect. As usual, Miss Speare spouts her ideas on women's athletics and the boys are praised just because they are boys. The game will be better for the title. Ruth Shepley makes a strong showing in the third baseman's position, and she will back up any statements that may be desired in the way of Co-eds-all the students will be interested in the contest.

As a result of his desire to see the girl again and his need for a position on the team, Ernie End, Lens Island, has been asked to address and present arguments on behalf of the Tech. The students who have been patterned after those of other colleges where contests have been held, are usually abandoned as a joke. As a result of the game, the Tech will win the contest this afternoon, and the students will be able to enjoy the game without distracting themselves with unnecessary discussion.

Tuesday, May 11, 1927. THE TECH

To win the contest this afternoon, the students will have to be successful in the way of Co-eds-all the students will be interested in the contest. The game will be better for the title. Ruth Shepley makes a strong showing in the third baseman's position, and she will back up any statements that may be desired in the way of Co-eds-all the students will be interested in the contest.

ROBERT P. RUSSELL ACCEPTS POSITION

Course X Professor Will Join Standard Oil Company of Louisiana

With the coming of June 1st, Professor Robert P. Russell, of the Department of Chemical Engineering, will leave the membership of the faculty who has accepted offers to enter the commercial field in the past year. He will be connected with the new research laboratory of the Standard Oil Company of Louisiana at Baton Rouge.

Prof. Russell was graduated from Clark University with an A.B. degree in 1917. He taught Chemistry at both Michigan University and Worcester Polytechnic Institute, and then joined the Marines. He later came to Technol- nology, receiving his M.S. degree in 1922.

As an authority on corrosion, Prof. Russell is the author of many technical papers, and he is also co-author with Prof. H. T. Stimson of a book on "Electricity in Industry," which is now in its third edition. In the course of his work, he has made many original investigations, and has written many papers on the subject of corrosion in industry.
