in last saturday's issue of the boston herald we read the following account. "the students' midnight smoker at the university theatre was the occasion of much excitement and hardship among the students, variously charged with drunkenness, assault and battery, and other minor charges. some students were injured from either officers' clubs or mutual assaults. these injuries, too, will go also to the hospital. the occasion, happening early after midnight, proved worse than any of the old-time bloody monstrosities."

if it is with some satisfaction that we observe the fifteenth anniversary of the Yale Daily News. While publicity points out the fact that the Yale daily is the oldest college newspaper in the United States, we are chiefly concerned with the progress made by our undergraduate journalism during this period. for the paper has not only an active existence and celebrates its fourteenth anniversary with the jubilant note of the "yale daily news."

While the college daily has enjoyed a state of daintiness, many journals have been observed in the management of the graduate journals. as well as a complete transition in matters which are relative to our present condition. From the time of the move to the present, we have attempted to break away from faculty supervision, a something that accomplished the individual, with the possibility of making independent newspapers. for, as a matter of fact, independent newspapers are not possible. the student can be made to feel as intimately as though tar were our own, his own impressions and memories of the experience.

KEN SMITH BREAKS RECORD IN THOUSAND FIVE WINS UPHILL BATTLE FROM WESLEYAN

Kirwin First in Mile and Fay Leads in 600

Running one of the best races of his career, Ken Smith established an American indoor record in the mile race at the New Haven Athletic Club handicap meet, finishing in 3 minutes, 58.4 seconds. Of a second off his record of 3:59.4, set at the West End track last February, the 3 feet 5 inches.

In the mile event, Kirwin starting near the inside rail, had to avoid a fall on the last lap. He avoided the fall, still was outdistanced, but in in the last 10 yards he opened up a large lead and held himself finishing about 15 yards in the face.

Kirwin's time of 3 minutes, 58.4 seconds is the second-fastest mile of the year and broke the previous indoor record of 3 minutes, 59.2 seconds, set by Art Green of New York City in 1926.

Like a sea breeze from morning till night.

Sweet and cool,

No more haunting, taunting hot-pipe Blues!

"The hot-pipe blues" is now a back-number, a dirge of days gone by. Pipes no longer mean, "What'll I do?" They've changed their tune to "Sunset and cool," and "This is my lucky day!"

So, if your pipe still gets red-hot, it's ten to one you're still smoking tobacco that's cut too fine. Finely cut tobacco burns fast and naturally smokes hot. Pipe tobacco should be cut in large flakes... slow-burning... cool-smoking.

Try this on your pipe: First ream it clean, then fill it full of Granger Rough Cut. It's the latest pipe-hit, a perfect classic, never gets hot. Notice how the white-hot rag flakes burn... how cool it smokes. Like a sea breeze from morning till night.

Granger ends all your pipe discord. For it's neither sharp nor flat—but smooth and "mellowedious." Just keep your old pipe packed with Granger and life'll be one long sweet song!

HAY TO CAMEL

(Meeting a mate in the United states)

You are an experienced smoker and you know your brand!

You're an experienced smoker.

You know good tobaccos. You know taste and fragrance.

And you insist on the best---Camels. Only principals for representative tobaccos grown are good enough for you—the experienced smoker. Whatever do you are going to do, if you know it.

If Camels weren't the best, they wouldn't be far and away the first. If Camels weren't quality supreme, they would not be the overwhelming preference of smokers who have tried every brand.

Your taste tells you the tobacco difference. Your advice to others is --- "Have a Camel!"
