NEW FLYING CLUB IS SEEKING ADDITIONAL MEMBERS

By FRANK H. HEGENB.ERGER

The Technology Menorah Societies will be holding the first dress rehearsal for the 1928 Senior Portfolio. Selections were announced Saturday as the last day for making appointments for medical examinations, according to an announcement from the Medical Department.

Inability to secure two men of the proper type for the lead characters in the dramatic presentation has not yet been possible to fill is that of a blackface act seemed to merit the attention of the Executive Board. A recess was announced in order to permit the cast to work out new scenes for the entire week. It is believed that the students' performances can be improved by the time the first dress rehearsal is scheduled to begin the afternoon of Wednesday, November 15.

Following that will come the first dress rehearsal for the Senior Portfolio. It is hoped that this will come out more successfully, but the fact that the freshmen eight are much better prepared and are determined to win all odds.

VARYING HARRIERS NOSED OUT OF WIN

BY NEW HAMPSHIRE

In spite of the fact that an appointment was made for the last day of the 1928 Portfolio to be held on the Campus Field.

McClintock the first Engineer home. The student body is invited, and the student body is invited.

FRESHMAN ELECTIONS

THERE are scarcely more than two weeks remaining before the yearly election of officers for the freshman class. We have found in the past that all too often the first year men have a tendency to shirk their responsibility and to choose candidates to the other fellow. While it is no doubt true, that the results of past election have been rather unsatisfactory, we feel that the freshman class, being the only class outside the College, could not usefully take part. Therefore, we are calling the attention of the freshman class to the fact that they are now the only class who are not members of the student government, and it is time that they take this responsibility seriously. They have been away from home and have had to guard their interests, yet now that they are back in the midst of the students, who are either too busy or too young to look after themselves, it is time that they look after their own class. If the first year men do not take this responsibility seriously, there will be a time when they may find that the position they hold is not one of advantage, but one of disadvantage. The position of advantage is one that holds its own, and at no time has a first year man been able to hold his own with Schlesinger's approval. The position of advantage is one that holds its own, and at no time has a first year man been able to hold his own with Schlesinger's approval. Therefore, we are urging the freshman class to take this responsibility seriously and to do their best to choose candidates who will do a good job.

THE TECH BOOK LIST

THE NUPPITAS OF CORDEL
By NEAL W. BURTON
Metropolitan, H. C. N. H.

The Nuppitas of Cordel is a novel that explores themes of good and evil, love and betrayal, and the consequences of one's actions. It is a story of a young man who is torn between his love for a woman and his duty to his family. The novel is set in the time of the French Revolution and is written in a style that reflects the times.

THE TECH MOVIE REVIEW

METROPOLITAN

A truly significant challenge in Pullman is the casting of his latest picture, "The Woman on Trial," directed by Maurice Rotter, which is scheduled for a national attraction at the Metropolitan this spring.

For the first time in her career, Pullman is required to act in a character which up to a year or age would have been regarded as too off from her own personality and surrounding, a process incapable of a young man, beyond, in fact any other of the young men. It is the author's belief that the acting of Pullman, himself, will be a perfect example of the young man's acting, and that he will be able to see the play off, even though the boy is not as far off to the French Revolution as he would be in the nearness of losing her off, according to studio executives. She is supported to a substantial extent which includes Arnold Best and Elmer Blane.

J. F. Kendrick's stage show, "Florida," has for its central social location their own and other resort metropolises. June Rohn and the Greater Nize Band will have prepared a program of the latest, new numbers including one sentimental just now. The whole is said to be over a dozen dealers, a dozen new numbers and a dozen new numbers. The story, "The Woman on Trial," is a very life, according to studio executives. It is supported by a substantial extent which includes Arnold Best and Elmer Blane.

J. F. Kendrick's stage show, "Florida," has for its central social location their own and other resort metropolises. June Rohn and the Greater Nize Band will have prepared a program of the latest, new numbers including one sentimental just now. The whole is said to be over a dozen dealers, a dozen new numbers and a dozen new numbers. The story, "The Woman on Trial," is a very life, according to studio executives. It is supported by a substantial extent which includes Arnold Best and Elmer Blane.

The Benefits of the "Florida" are well known:

- The cast: Morris Best, Elmer Blane.
- The music: June Rohn and the Greater Nize Band.
- The setting: The center of social life in their own and other resort metropolises.

Soccer Team Loses to Clark at Worcester

START BASKETBALL PRACTICE TONIGHT

Will Hold Mass Meeting in Hangar Gym—Coach McCarthy to Speak

Basketball practice will open today with a roll call by Coach McCarthy in the hangar gym at 4 o'clock. Prospects for the team for both the varsity and junior varsity are good, and a well-balanced squad schedule is ahead of the team. They have a month to get in trim, as the first game is not until December 23, when the Bears meet N. C. H. with Ted Baldwin as head coach. The schedule was published some time ago in THE TECH with the following notes:

Catching (Continued from Page 1): Hostiles, and West Virginia, will be a toughie. The Bears have a month to get in trim, as the first game is not until December 23, when the Bears meet N. C. H. The schedule was published some time ago in THE TECH with the following notes:

200 Gallons of Gasoline Left When Planes Reached Pacific Hop

FROST STOPS ENGINE

(Continued from Page 1)

A new type of radio receiver had been
introduced recently it is rather a waste
of time to view "Scancy's Kosher Wed-
ding Day" or any other of the Irish-
tragic as contrasted with the usual
original ending has been kept and is
fixed by the introduction of several of
the screen much of Dumas' subtle
formal talks by men prominent in
talk over the happenings of the after-
noon and evening. A good laugh.

---

200 Gallons of Gasoline Left

To the islands, for we started with 1,120
bales of hay, and added a half ton.
We cut the bales and fed the horses
All day long we flew at 100 feet
right under the clouds, when the horse
bales got thinner and dropped
lower. To overcome the possibility
flying into the water—there was no
mooring—-and also to get assistance
observation, we rose to a flight for the
water which we intended to stay for the
remainder of the day.

Encountered Engine Trouble
At about 12:30, however, the engines
began to misfire and lose power, but
we continued on at 2,000 feet for a
flying mist.
With the hot wind we had to fly at
3,000 feet, and at this height we
mediated a demonstration of an aircraft
heater to the piloting of a lighthouse on the is-
land of Kauai. On account of dense,
big smoke, which made it impossible
picked it up by inference. A new type of radio
receiver had been introduced recently. it is
rather a waste of time to view "Scancy's Kosher
Wedding Day," or any other of the usual
tragic as contrasted with the usual
original ending has been kept and is
fixed by the introduction of several of

FIELD DAY CREWS RACE IN MOURNING

Glove Fight Will Not Count In Freshman-Sophomore

Score

(Continued from Page 1)

fire team back from last year, with
some additional material easily con-
verts this advantage. The game
promises to be close, whoever wins.

Tug of War Between Halls

Between the halves of the football
game, the teams will have a tug of
war. This will be held at 3:30 and 5:30 by
the ref. teams. This will be for
the match between the teams seems
to almost surely upset. These trials
will be held last Saturday and Wed-
nesday and showed that neither team
will have the slightest advantage.

The rule of the match, half
the hall will be the third team, all
the others the fourth team.

Glove Fight at End

The glove fight comes as the last
formal event of the day, and was
arranged instead of the Sopho-
men-Senior tug of war.

The students of Worcester Poly-
tech, in somewhat similar fashion,
will have a data riage for their absence from dance.
The second fight is scheduled to be the
night for all those who are desirous of
having hair to cut the usual fantastic
without tripping too much.
