I will carry on his work at the Institute and return to Technology, though he is prevented his earlier operation by Complications. Pendicitis and operated on in Paris. In the early part of June to visit Mrs. "I can't wait to try it because I'm being cleaned." has been the reply of freshmen who have been offered at various times in the stairway. By now excuse has come to any one who has attempted the service. I don't expect any longer, even though it may prove to be the truth of the case. So far, the enforcement cards have been handed out the fact that it is just a service. The service is being conducted by a few men who consistently neglect to cooperate with the directions of the "keeping clean" card. They have been petitioned to make the enforcement rule more in line with the freshness rule. On the contrary, they have been petitioned to make the maintenance of the cleanliness of the students. And because of this, they are going to be dealt with severely by the Rules Committee. Their personal cleanliness, as well as their childish endeavors in vain, for about 35 percent of the class are wearing their ties consistently.

M.I.T. A.A. Plans Revised Form of Eligibility Cards

Sales of Season Tickets Have Been Brick in First Three Weeks

As soon as the present stock of eligibility cards has been released, the revised form of card will be put out. It is hoped that the freshmen this year will not be so stereotyped that it cannot be accepted. The new cards will be put out in detail, in the near future.

M.I.T. A.A. To Be Entirely Finished

The Initial Session

DR. KEYES RETURNS TO INSTITUTE WORK

Mr. Keyes, the former head of the Department of Chemical Technology at M.I.T., has returned to work, after a long illness. Mr. Keyes will resume his duties with the Depart- ment of Chemical Technology, He will be on the staff of the Dep."
The IMMORTAL BULL Session

A COLLEGE man without a more or less inherent tendency to throw all else aside merely for the sake of sitting in at a good bull session must be about as human and red-blooded as the average curb stone. Such discussions, however, even if the arguments often seem, have some intangible attraction for a man no matter what his age may be, and it is often impossible for one to tear himself away from them and get down to study or much-needed sleep.

These bull sessions have met with very unfavorable criticism from some sections men who claim to know something of the curse of university life. Yet for every such critic, there would appear to be far more who feel that no informal type of group discussion is one of the high points in a student's career, in which he is given the opportunity and the inspiration to divulge his thoughts, often long past the scheduled time.

When the Honors section was formed this year, it was found that, after all, it was possible that similar group discussions were practically nonexistent and therefore it was necessary to reconstitute on the original class impressed with the previous success of the idea that they have reorganized this term, and are now meeting regularly at 7:45 in a room on some hard issue in Building 2. They hope that all who might be interested in bull sessions may join them in their meetings, and that they should continue to live together, bull sessions will never pass away.

Five minutes to play

The score 20 to 2 against dear old Stilwich. Brunel, the great
Stilwich quarter-back, gets the ball. He rushes down the
field for a touchdown. But we ain't enough. He makes
another... another... another... until the time runs
out. And Stilwich makes 55,000. We go crying home.

Well! What of it? Brownie, her girl and all the band
drunk "Canada Dry" after the game, the coolest, most
tinging gingers ale they'd ever tasted. Because it
contains only pure Jamaica ginger, it has a delightful
flavor.

M.I.T. SOCCER TEAM BATTLES CADETS
Varsity Takes Fifth and Frosh Sixth Place in National Harrier Meet

WEST POINT FAVORED IN MEET WITH BEAVERS

Technology meets the Army at West Point today with special emphasis on defensive work which will count a great deal in the final standings. All the regulars, with the exception of a small residue of last year's veterans, have been on the field for several days. The Head Coach, J. T. A. A., will lead the team which is composed of a large number of freshmen, 12 of whom are expected to contribute to the team over the season. The team is expected to be one of the strongest in the country and to excel in the freshman race.

Last year the Engineers lost to New Hampshire, 2-1, and beat Massachusetts, 3-1. This year the team has a new look and is expected to do well in the meet. The meet will be held tomorrow afternoon and several men will be in attendance. The meet will be attended by several members of the club.

Stone & Webster Incorporates

DEPARTMENT OF DESIGN: steam power stations, hy- pressurized systems, industrial plants, government con- struction, public utility and industrial plants, steam power stations, industrial plants, ware- houes and mission projects.

FIVE VETERANS OUT

STONES & WEBSTER

The Stone & Webster construction company has五个 veterans from the previous season out of the meet. They include the following: J. T. A. A., F. W. B., J. F. C., R. O. E., and W. J. F.

Penn State Annexes Four First Places

(Continued from Page 1)

The Philadelphia Inquirer and the Sportsman's Club, which have not been in the meet for the past few years, have decided to make an appearance this year. The team will be led by the 125 pounder, Edward H. Heimes, who will be the 8th Tech man of the meet. Heimes is expected to do well in the meet. The meet will be held tomorrow afternoon and several members of the club will be in attendance.

Two Venues for Private Events

Two venues for private events in the city of Boston will be in operation this year. The first is the new Harrier meet, which will be held on the courses of the Army and West Point. The second is the new Harrier meet, which will be held on the courses of the Army and West Point.
