JUNIOR PROMENADE ELECTIONS RESULT IN CLOSE CONTEST

C. A. Campbell, D. R. Funk, E. W. Glen, C. S. McCune, W. W. Young Elected

In an election characterized by a small turnout of voters and close competition between the candidates, Class of 1923 selected five committee members for the Junior Promenade. Miss Campbell is a native of Wellsville, Ohio; Miss Glen, the only girl on the committee, is a native of Wausau, Wisconsin, and prepared for the Institute at the Waukesha Normal School.

The clubs, there will be several speeches by the Stein Song.

Leadership of the Glee Club in singing at the Wednesday night meeting of the Providence chapter of the Providence chapter. In the future, they will be joined with the clubs under the leadership of the Glee Club in singing the Stein Song. The songs will be selected by the Providence chapter.

FULL HOUSE SEES "THE HAIRY APE"

Students Pack Common Room To See First Presentation Of Dramashop

An enthusiastic reception was accorded the first public showing by the Dramashop of "The Hairy Ape" in the Common Room at Roger's last night. "Yank," the title character, went through his various tribulations before a house filled to capacity and was warmly applauded at its close. The play was staged by the Dramashop, a group of students under the supervision of Mr. Charles A. Campbell, who is a member of the Department of Dramatic Art.

John F. Stevens Delivers First Of Aldred Lectures In 10-250 Today

The Future of the Young Engineer

In an address to the American Society of Mechanical Engineers, Mr. R. E. Aldred, a prominent engineer, delivered the first of a series of lectures to be given in 10-250 at 3 o'clock this afternoon. Mr. Aldred is a native of Wausau, Wisconsin, and prepared for the Institute at the Waukesha Normal School.

BUSINESS NEEDS MEN WITH BRAINS

Ivy L. Lee Addresses Freshmen On Opportunities in Engineering

"Young men with initiative and brains will find opportunities in engineering," said Mr. R. E. Aldred, a prominent engineer, in addressing the first of a series of lectures to be given in 10-250 at 3 o'clock this afternoon. Mr. Aldred is a native of Wausau, Wisconsin, and prepared for the Institute at the Waukesha Normal School.

DONOVAN ELECTED BY COMMITTEE TO VICE PRESIDENCY

Will Also Be New Chairman Of The Homecoming Committee

There shall be no Technology Circus this year, was the decision of the Institute Committee last night after a lengthy discussion. The recommendation of last year's Committee was followed strictly, and the decision was made to have no Circus at all this year.

Rumor of Scalding on "Hairy Ape" Tickets

No more than 200 tickets were sold for the Saturday performance of "The Hairy Ape" at the Alden Theatre last night. The play was given an enthusiastic reception, and Mr. R. E. Aldred, a prominent engineer, delivered the first of a series of lectures to be given in 10-250 at 3 o'clock this afternoon. Mr. Aldred is a native of Wausau, Wisconsin, and prepared for the Institute at the Waukesha Normal School.

Music Clubs Give Annual Christmas Concert Tonight

Several Specialty Acts Are Included in Well Chosen Program

Waltins Hall, Brooklyn, will be the scene of the annual Christmas concert this year, with a special feature being a pipe organ of the first series when the students' music clubs give their annual Christmas Concert and Dance. The program will be well chosen, and the students' music clubs have put on the program, which will consist of instrumental numbers, songs, and carols.

"Yank" Struts His Stuff—One of The Tense Moments of "The Hairy Ape"

"Yank" was one of the tense moments of "The Hairy Ape." He was the title character, and went through his various tribulations before a house filled to capacity, and was warmly applauded at its close. The play was staged by the Dramashop, a group of students under the supervision of Mr. Charles A. Campbell, who is a member of the Department of Dramatic Art.

LECTURING TO EMPTY CHAIRS

WE WERE decidely disappointed in the stant audience at Mr. Ivy Lee's lecture to the freshman class yesterday afternoon. It is not a pleasant reflection upon the under-
graduates that when a talk is given hundreds of miles to give a talk is accorded such uncourteous treatment.

The officials of the Institute are not in the habit of asking men or women to go out and pay any sort of undergraduates and Mr. Lee is undoubtedly one of the most interesting and worthwhile speakers who has ever lectured at Technology.

For two hours and a half he held his audience spell-bound. And more than that. These are the beginning of the under-
graduates and if the freshmen are starting to show sign of this weakness so early in their college careers, it is high time that something be done about it.

Mr. Lee had a definite message to convey to the freshmen. It was a message that any Technology student would have been the better for hearing and yet, there are few whom it will

The first year men will have the chance to hear certain selected speeches. While the men cut these lectures they are not only violating a trust placed in them by the Institute but they are also doing themselves harm. We make this last statement be-
coming the thought that the first year men often have the broadest one's view on life is a decided mistake.

An added weakness is the absence of indifference on the part of the under-
graduates if the freshmen are starting to show sign of this weakness so early in their college careers, it is high time that something be done about it.

Passing The Puck

The Cardinal and Gray hockey team has been reorganized this year and will play Dartmouth in the Springfield rink on January 2, the day the men return from their vacation. The manager is captained by Miles Lang. All-American half back, and is expected to be one of the leading men in the East. Lang, paired with Bob McMillan, captain of the Green football team, will comprise one of the sturdy defense in college hockey.

CROSTON & CARR
St. Summer St., Boston

Go to Europe the American way and enjoy yourself

$77.50 and up, round trip

The time to plan your vacation trip to Europe is now. Demand for Tourist Third Cabin accommodations is so great that reservations should be made well in advance. Last year many thousands of students traveled on United States Lines—this year the number will even be greater.

These ships are so popular because they are American ships. Standards of living in America are the highest in the world and they are maintained on the leadships, George Washington, President Roosevelt, President Harding, Republic, and America.

Staterooms are clean and airy; social halls, smoking rooms, and libraries are attractively furnished; the cuisine is well known for its quality by all experienced travelers. Teaks are wide and many. You can be sure that all passengers enjoy themselves because of the efficiency of the people on board.

For we accept and deliver complete information, we present this offer.

To see your Student agent or your nearest steamship agent for saving on air and sea transportation.

MANY ATTEND FIRST "HARPY SHOWING"

(Continued from page 1) the hypercritical at the previous showing.

The sight rapidly succeeding scenes were handled in a manner that makes much professional work suffer in comparison; the statistic was unusually well done, and the lighting proved marvellously effective. The audience of opinion was that if future processing is handled in the same way, we may be excitingly entertained. The play will be presented for the last time in the Common Room tomorrow night.

JUNIORS SELECT PROM COMMITTEE

Les Than Half of Class Votes

In Elections—Usual Average Is 54 Per Cent

(Continued from page 1) Eligible for Homecoming Queen was a High School in that city. He was on the freshman, track and track was track and the Sophomore top-five team. He is at present treasurer of the Future Class and has been treasurer of the Future Class for three years. He served on this year's All Technology Student Committee and as a Field Day marshal, and he is also on the Prize Song Committee. He is a member of Scabbard and Blade.

McCune attended high school in his home town, East Stroudsburg, Pennsylvania. He was a member of the freshman and Sophomore tennis teams and served on the Sophomore Senior Committee. He played a part in last year's Tech Show. He is a member of Scabbard and Blade.

Young, a native of Carlinville, Pennsylvania, prepared for Technology at Carlinville High School. He was on the freshman and Sophomore football teams. He is a member of the Sophomore Business Committee. He has been on the staff of THE TECH since his freshman year, and is now News Editor. He is a member of Scabbard and Blade.

Only 214 of the class took the trouble to vote. This is much less than 50 percent, and quite a bit below the usual turnout for a prom election, which is usually 50 percent. All those elections were held by the Institute Committee at its meeting last night.

CHRISTMAS CONCERT IS GIVEN TONIGHT

MUSICAL CLUB WILL PRESENT A VARIED PROGRAM

(Continued from Page 1) Include a piano number by Frank R. Straton '79 and numbers by the Tech
tanians. Refreshments will be served at midnight at the added cent tea. This will be the third concert of the kind. The idea of a Christmas concert has originated two years ago and taking the place of the former winter concert of the Musical Club. The audience has accepted the disadvantages of coming during the holidays at a time when the undergraduate body was busy preparing for examinations.

The program:

1—Gloaming of the Ahl—J. M. Patton
2—Light Cavalry Overture—P. B. Bogg
3—String Band—C. Monroe
4—Banjo Band—J. Messing
5—Scholars Grinder—J. Stunt
6—Glee Club—D. Stunt
7—Four Songs—Forty-Two Gentle Winter Songs—Burden
8—Glee Club—J. Stunt
9—Popular Selections—The Technitons
10—Stella Song—Burden '87

BOSTON GEOLOGY

Professor Shimer Will Give First of Four Popular Science Talks

(Continued from page 1) know down to the present. The lecture will be illustrated by lantern slides and geological specimens de
ing the geographical structures and living forms characteristic of the various periods.

The second lecture of the series, "The Migration of Plants and Animals by Modern Inventions," will be given by Professor Giuseppe L. Bianco of the Civil Engineering department on January 14 and 15, and "Astronomy and Aircraft Engines" will be the sub
ject of the third lecture, to be given January 21.

The series is sponsored by the Department of Aeronautical En
graving the second week of February.

The fourth and final lecture of the series will come in March, when "Paris and Parisian Conceiving the Sculpture of the Atom" will be dis
ussed by Dr. M. E. B. Aspinwall, Pro
fessor of Theoretical Chemistry at the Institute. These lectures are an annual feature at Technology, and are given under the auspices of the Society of Arts at the Institute. They are free and the public is invited to attend.

BUSINESS IN NEED

OF MEN WITH BRAINS

Ivy L. Lee Addresses Freshmen: On Big Business

(Continued from page 1) Advertising is merely a title of publicity. The idea to be presented to the advertisement must be put very with some soap and must be under

ing the editorials. A discussion of the differences between news and ad

vertising is that which the public is willing to pay for in order to attract the attention. Advertising is that which the interested party is willing to pay money to bring to the attention of the public. The greatest contribution that a man can render is publicity to prove that the thing which he is advertising de

serves to be followed by the public."

While speaking about the railroads he said that several years ago they were in very poor condition, being in a state of dilapidation, and were on the verge of bank
ruptcy. In fact they were taken from private ownership and put under government control. The out

ststing factor in saving the situation for the railways was the beginning of an economic program by which the employers managed to cut down much of their waste and losses.

l...PRINCE ALBERT

—is a grand little pal

No matter how hard you hit it up, this long-burning tobacco never hits back. You can go to it before classes, and right through to Lights Out. Get yourself a tidy pound of Prince Albert today. The School of Experience has never produced a greater smoke than good old P.A.
