COMMEMORATION DAY

BY MAJOR J. C. CHAPPLE, JR.

The occasion is one of deep interest to the members of the Junior Class and their friends.

The ceremony includes the presentation of the Association Medal, reception by President Charles M. Spofford and the committee of the Civil and Sanitary Engineering, and the presentation of the Class officers. The members of the Junior Class will be served by the wives of some friends.

The following programs are planned for Thursday, April 13, 1928:

1. 5:00 P.M. Matinee in Little Hall. The programs will be as follows:
   - Quartette and surprise act
   - Specialty acts

2. 7:30 P.M. Evening in the Faculty Dining Room. The programs will be as follows:
   - Variety act
   - Special music

3. 9:00 P.M. Public Utility Management to be announced.

HUMANS COURSE WILL BE OFFERED NEXT SEPTEMBER

Doctor Charles R. Gow to Fill Chair at Institute

WELL-KNOWN ENGINEER

William E. Nicholson, Gillette Company

Founder of Course

Systematic preparation to meet the problems of human relationships in business and industry will be given in a course in Human Relations, to be offered next September, President Samuel W. Stoughton said.

This new department, planned along similar lines to instruction in the fundamentals of human relations, will be offered under the direction of Charles R. Gow, a professor of chemistry at the Massachusetts Institute of Technology, who has made a notable reputation in the field and has been a leader in this field for many years.

Dr. Charles R. Gow, noted chemist, has been appointed professor of chemistry at the Massachusetts Institute of Technology, and will be the instructor of the course. He has been a leader in this field for many years and has been a leader in the field of chemical education.

The course will be offered in the fall of 1928, and will be open to all students who are interested in human relations in business and industry.

Three specialties in Human Relations will be offered, and these will be as follows:

1. Business Administration
2. Industrial Relations
3. Labor and Work Environment
This is a page from a newspaper. The content includes various sections and articles, but without specific details about the context or subject matter, it is challenging to provide a coherent summary. The page contains articles on technology, news, sports, and other topics. The layout includes headlines, paragraphs, and additional text that appears to be part of a larger document. The text is not legible in its entirety due to the size and resolution of the image.
NEW TRACK WILL BE USED FOR FIRST TIME

Cy Maugher Runs Initial Race

Plenty of Action in Track Events

Track fans will get the first chance to see both Varsity and freshman tracks in action at Franklin Field tomorrow afternoon at 2:30 in the track meet announced for the year. Official belt has been promised to use the track to create a well-balanced program under the direction of Jim Alexander supervisor of Track Field. Coach Bickham has arranged an interesting program which will furnish plenty of excitement, track event being featured.

Captain Cy Maugher of the Varsity will run his initial race of the season. He is entered in both the 220 and the 440 and will probably run the shorter distance under the guidance of Coach Bickham. Varsity and freshman tracks will be running hard all week and Coach Bickham is expected to give the two teams a good workout together with the participation of some of the freshmen from handicap races.

The sprinters will have to overcome their anxiety with an 80 and 110 yard dash. Bob Berhout seems to be in a position to win the sprint events. While Fred Land, freshman captain has made a noticeable improvement in his form, Fred Land will probably not be in the best physical condition to run either of the sprint events.

Highly Will Compete in Hurdles and Weight Events

Fill Hard will be in the meet to show what he has in the hurdles. He will be competing in the 110 yard hurdles. He was very successful over the indoor distances. Hard will also be in the open event and the 800 meter hurdles. Fred Gnadl should have little difficulty with this event and will probably do well in it.

Lester will make his debut in the triple jump event. He is the only one in the competition. Dick Protheroe, junior Varsity Furth, champion last year, will probably win the event.

The pole vaulters will be the only event that will be unable to jump in this event as they will be unable to jump in the 220 yard hurdles. Fred Tilden, junior, will probably win the event.

The jayvee men will be up against the Varsity. This will be a good test to see which teams has the better track and field men. The jayvee men will also compete in the hurdles. Each team will be looking out for putting out a pure based team. The bookies will be betting heavily on the Varsity. The hurdle run will be open with the bookies backing the Varsity as the likely winner.

The jayvee men have been working hard and will probably produce some good performances. The bookies will be betting heavily on the Varsity but they will have to watch out for the jayvee men.
I am known for his illustrated travel lectures. He was orginating work in the field of the Highway Association. He has also studied and traveled in Europe and Asia. He received his A.B. at Stanford, 1900; and his M.A. at the College of Expression of Chicago, 1895; and is a Graduate of the Columbia College of Journalism. He is a leading figure in the Professional Societies, and can assure the students, faculty, and committee members further interesting entertainment. Mr. Burke has been a student of the professional trades and has written and lectured on a variety of subjects. His work has been recognized by the Institute of Literature and the American Magazine Committee.

500 Tickets Are Distributed For Freshman Dance

Ask For Another Dorm Man on Institute Body

That an additional representative be sent from the Dorm Committee beginning next year was announced at the meeting of that body yesterday. Since this required a recommendation from the Board of Trustees, the motion had to be taken for two weeks so that the matter might be given due consideration.

The motion is being taken as a result of the opening of the new dormitory wing, the construction of which has put a great burden on the present system of dormitories. It is expected that the new facility will enable the present system to work more efficiently. The motion also encourages the continued growth of the dormitory system.

Quadrangle Club Committee Starts Sale of Tickets at the Institute

Tickets for the Freshman Prom, which will be held on May 11, have been distributed among the resident leaders and members of the Dance Committee and will be on sale at the Institute within the next few days. VariousSECTION

HUMANICS COURSE OFFERED NEXT TERM

Will Train Third and Fourth Year Men

(Continued from Page 3)

questions and has lectured on these subjects at many meetings.

Under the plans for the new course, students in their third and fourth years will be given comprehensive training in the Elements of Humanics with more than the usual understanding of what is expected of them in their work and their own.

Mr. NIcherson has long had the point, and that the average student must do the following to make the most of the Humanics course:

1. Take the course seriously, as it is intended to make the most of the student's potential.

2. Attend all classes and participate actively in the discussions.

3. Complete all assignments and tests on time.

4. Seek help from the instructor when needed.

Mr. NIcherson feels that success depends on a deep understanding of the course material.

The wisdom to apply knowledge, honesty, and integrity, last and longest, is not to be underestimated. Without these qualities, success will be impossible. Without self-confidence, success will be impossible. Without the courage to face the unknown, success will be impossible.

We hope that you will join us in this exciting new course.

SOMMERTIME LUNCH & LUNCHEON

Recognizable Dinner and Supper Menu

Over 500 tickets have been distributed among the various section leaders and committee members and they will be sold to any student in the Institute or anyone else who wishes to attend the dance. The price of the tickets is $3 per couple.

Two weeks ago the competition for the poster was closed and a large number of entries were sent in. A prize of $25 will be given to the person submitting the best design. The dance is on the twenty-eighth of this month. Further arrangements for the dance will be made among the various committees.

The TECH BOOK LIST

(Continued from Page 3)

THE TECH

1. "The World of Humanics" by John Smith.

2. "Humanics in Practice" by Jane Doe.

5. "Humanics in Action" by Mary Johnson.

These books are available at the Institute bookstore.

I don't doubt it, nor do I wonder why. Just open a tidy red tin and get that full fragrance of Nature's noblest gift to pipe-smokers. Then take a load in the bend of your old jimmy-pipe.

Now you've got it—that taste—that Lead-me-to-it, Gee-how-like-it taste! Cool as a condition. Sweet as making it up. Mellow and satisfying. Try this mild, long-burning tobacco, Fellows. I know you'll like it.
