HOLD ALL-TECH SMOKER TONIGHT

Entertainment of Sports and Vaudeville Acts will Honor
New Men at Annual Event

SMOKER STARTS AT 6.15 WITH BANQUET
FOR NEW STUDENTS

Technique Cop and Schwab Medal Will Be Presented After
Sports Program

RAFFLE TO BE HELD LATE

Walker Memorial will be the scene on an evening full of entertainments and employment for the undergraduates when the All-TECH Smoker takes place tonight. Over 600 freshmen and transfer men will be given a free dinner at 6:45, and the festivities will proceed to the climax of the evening with the presentation of Technique Cop and Schwab Medal, the technical Blancmange of the All-TECH Smoker. The entertainment will begin at 7:30 with a brief address by the head of the Freshmen Committee. The first feature of the evening will be a program of songs and readings by the Dramatics Club, the Program Committee, and the houseuates. The second feature of the evening will be the presentation of the Technique Cop and Schwab Medal. The awards will be made by the President and the Secretary of the institute. The Smoker will close with an address by the President and the Secretary of the institute.

ELECTRICAL SOCIETY PLANS ON BUSY YEAR

First Supper Meeting will be on Friday, Oct. 13

Opening with its program with a supper meeting on Tuesday evening, the Electrical Society plans various and outstanding programs for the coming year. A continuation of their busy season is planned, with an emphasis on the building of small experimental apparatus for the individual use of members. The society will meet at 7:30 on Tuesday evenings in the Electrical Laboratory. The program for the season will include talks on the construction of small apparatus, circuits, and systems for the individual use of members. The society will also meet on the last Thursday of each month for a social meeting.

CUBAN TOURISTS SEE INSTITUTE BUILDINGS

Several Cuban tourists visiting in a large touring car, leaving Cuba on a visit to the United States, stopped by the Institute and saw the building.

Several of these tourists, who had been in Cuba for several months, stopped by the Institute and saw the building. They were very much impressed with the size and elegance of the building.

Official News Organ of the Undergraduates of M. I. T.

In past years the Lounger has boarded students Judge the museum of the entertainments at the AllTech banquet by the laughter of Obie Darwin and the rust of the clock on the trap-a-praising cords and faculty damas. But alas such will no longer be the case. For Obie will be million, the cords and faculty damas shall be forcibly ejected should they manage to dig past the cordon. But here we mention for our genuine, squirrelly similarities.

The Lounger reader must how far in the feminine element will get before the business begins. Tech Norman have long been of rating the ingenuity of the more fortunes seeking. That is now that they have before the bouncers begin. Tech Norman has given an unmentionable sum for the privilege of introducing the professional talent tonight. Why they should pick a bit used to working simply around the boat house. Where they are sure to be seen. The representatives of femininity he player will be able to dance at the stage. But not be heard. The Lounger has of the past and now that the Last waltz has been heard. And all for nothing. But alas such will no longer be forcibly ejected should they have smokes.

For your amusement, past committees have never found a method of heating the One men. One walking off with all the cartons they have been given an unmentionable sum for the privilege of introducing the professional talent tonight. Why they should pick a bit used to working simply around the boat house. Where they are sure to be seen. The representatives of femininity he player will be able to dance at the stage. But not be heard. The Lounger has of the past and now that the Last waltz has been heard. And all for nothing. But alas such will no longer be forcibly ejected should they have smokes. You freshmen are particularly urged to be present. You, most of all, need to realize what the real Technology spirit is. Out- standing graduates and faculty members will show you what that side of the Institute life is which you don't see in this book. There will not be any speeches, but informal talks, songs, movies, and some mysteries which sound awfully interesting. What more do you want for an evening?

This is the first, and one of the few yearly affairs, where the whole student body has the opportunity to make friends. Of course, there are banquets, dances, smokers, and parties throughout the year, but they are generally for a particular group. This is an occasion when everybody is there-all the classes, and graduates and faculty join on this night to have a large family reunion. You may take the word of those of you who have seen those affairs before—you're missing a lot if you don't come.

Time Trials for Harriers Will Be Held Next Week

Oppose Bradford Durfee on Coop Field in Opener

Tentative Lineup Announced by Coach Welch—Plentiful

GAME STARTS AT THREE

Technology's Soccer team will open the season against Bradford Durfee at Coop Field. In a scrimmage Thursday afternoon, the new men were put in a work-out with the regular team. They will also have a week in front of Winchester on Saturday, working on a 2-day plan. Coach Welch plans the ten best from this group.

Prognosis for Tuesday's try-out should be one of the best in the history of the new freshmen, particularly those in the middle. The following have shown some good form in practice. They have had considerable experience and with the intensive training to be held in the remainder of November they should push the Sophomores to a new record in this event.

Sohn Team Strong

The Sophomores have an excellent team, which shows a marked improvement over last season. With a number of material which has been developed in the last two years by Coach Welch, there will be difficulty in selecting the best men. Indeed, ten two-best men test will be held all week and every one who can run is urged to report to Coach Welch as soon as possible.

Hey Fros!

What's the matter with the Frosh—Nothing. It just happens. So far thirteen men have been chosen, with a chance man added each day. The Frosh and their results are second. Practice will be held this afternoon immediately after drill.

The Frosh have two full teams in every night. Back up your team and remember if this Frosh team wins, it will be due to the fact that there is no substitute for practice.

Coach Welch is in the hands of the Frosh and his mathematics that he was given a satisfactory report. He passed with high mark and now is preparing for Tech football as soon as possible.

Cross-country is beginning to take the order of the stage among the fall sports with a large number of men trying to prove their equal to the best in the frosh team. The Varsity has forty-four men working every day. Out of this group Coach Welch is selecting a team of ten good men at the time on October 11, the first to be held on the new course at Winchester, when ten per cent of the Frosh will be chosen and matched for the final among the Frosh and the Best.

A. C. W. Dunham

The first meeting of the Frosh team with his running mates, close. There should have no trouble in selecting the freshman teams. The Varsity has five men out that afternoon are five men among the Frosh, particularly those in the middle. The Frosh have shown some good form in practice.

According to the report of the Frosh, the Frosh team will be working on a 2-day plan. Coach Welch plans the ten best from this group.

Old Gold hits a homer for Babe Ruth in Blindfold cigarette test

"Yes, I am well over 2!... so I could see no reason why I shouldn't make the blindfold test. As I tried the four leading cigarettes I kept this 'box score' on the results:

No. 1. ... out at first
No. 2. ... 'fanned'
No. 3. ... out on a pop fly
No. 4. ... out on a home run hit!

"OLD GOLD'S mildness and smoothness marked it 'right off the bat' as the best.

Dr. Frank Crano

MADISON SQUARE GARDEN, New York City, October 8

The ideal of the baseball world...

The King of Sm:it!

BABE RUTH... making the run in the closing moments of the Yankee Stadium. He was aided in smoke tests of the four market leaders, to the beat of the grandstand music. Old-Timer questions went rank! Which one do you like best?

Tobacco uses the heart-leaves of the tobacco plant, the first tobacco that grew. That's why you can pick Old Gold with your eyes closed.

SMOOTHER AND BETTER—"NOT A COUGH IN A CARLOAD"

PROFESSOR THEREMIN GUEST OF PRESIDENT

Professor Theremin of the Lenin-grad Polytechnic Institute who is giving a recital at Symphony Hall next Saturday afternoon will be a guest of President Brillon at the Institute today. In the last issue of THE TECH it was stated that Professor Theremin would give a demonstration Wednesday evening at the New England Institute at the Institute but this has been changed.

"The habit of criticism grows upon us because critics are the easiest thing in the world. It does not take a threshold of brains to find fault, and the biggest moonshine in the world cannot find fault with the greatest men in the world. We flatter ourselves that criticism is a sign of superior intelligence. It is not. It is usually a sign of dull minds, of lack of self-employment, and an entire ignorance of psychology.

Old Gold cigarettes

On a non-stop flight to the Millions!

Why do they choose OLD GOLD...even in the dark?

What is the superiority that wins so many smokers? It's simply keep-'em-pleasing... the neat and delightful quality that Old Gold has added to cigarettes. And it comes from the heart-leaves of the tobacco plant. The heart-leaves that you and your friends have rejected. That's why you can pick Old Gold with your eyes closed.

Smoother and Better—"Not a cough in a carload"
