In order to make the Technology Christian Association annual financial drive a success, T.C.A. desires to raise $500 before the closing date, today, at 5 o'clock. The majority of the students have cooperated with the organization in the efforts to aid the Drive a success. However, there are still many who have not yet unburdened their pockets.

Twenty-five percent of the contributors have been in cash and the rest in pledges. Several large subscriptions have helped in raising the quota. $487 was received on Tuesday; $1169 subscribed on Monday night; the rest in pledges. Several large contributors promised to assist any who may be at a loss as to the method of developing their support in the present financial situation. An effort to assist any who may be at a loss will be made to develop the number of students to whom the students can be successful.

The fraternity brothers have always given readily to anything the year 1928 was the entire amount that could be subscribed by them. As an effort to build up the drive the fraternities have been invited to assist any who may be at a loss as to the method of developing the quota.

First Concert and Dance of the Season is Acclaimed

The event took place in the Memorial Auditorium on November 13 at 8:30 P.M. The concert was conducted by Dr. Allan W. Pitcher, President of the Institute, and the dance was held in the Gym. The concert featured the Techtonians, a student orchestra, and the Fox Movie Orchestra. The dance was well attended and enjoyed by all.

The Institute Committee met in Room 418 of the Administration Building to hear the report of the Field Days Committee. The committee decided to award the Field Days trophy to the Dormitory, who was represented by the Dormitory Captain, Samuel W. Stratton. The Dormitory Captain was chosen because the Dormitory had done so much toward developing the Institute Committee's program for Field Days, which he has been instrumental in carrying out. The Dormitory Captain was also chosen because the Dormitory had done so much toward developing the Institute Committee's program for Field Days, which he has been instrumental in carrying out.

The Institute Committee also met to consider the question of the construction of the new Field House. The question arose as to the method of developing the Field House, and the committee decided to award the Field Days trophy to the Dormitory, who was represented by the Dormitory Captain, Samuel W. Stratton. The Dormitory Captain was chosen because the Dormitory had done so much toward developing the Institute Committee's program for Field Days, which he has been instrumental in carrying out. HERBERT HOOVER has been elected President of the United States in the presidential sweep they have sent into both branches of Congress. The people have emphatically expressed their approval of the past administration. The outcome was expected by the Democrats, who kept up the steady store of knowledge. The campaign was almost a subject as the southern states. The developments stand out sharply. The Democratic party is to continue a strong force in American politics and offer by the Democratic party in this campaign. If the Democracy...
TANKSTERS PRACTICE AT UNIVERSITY CLUB

Large enrollment in Swimming Promises Good Season

Swimming practice has gotten under way with about fifty-five men reporting including forty freshmen, five men from last year's '93 team, and a number of candidates from last year's freshman team.

The number of yearlings reporting was too large for Coach Dean to handle so he was obliged to cut ten men from the squad. Although there have only been two practices so far, several freshmen have already shown promise especially in the long stroke and diving events. There is hardly any doubt as to who will win the intercollegiate meet in November, but next year's intercollegiate team will have several changes.

There is hardly any doubt as to who will win the intercollegiate meet in November, but next year's intercollegiate team will have several changes.

Coach Welch will start the same line-up as used against Harvard Tuesday.

As a rule the line-up is the same in all games, so it is safe to say that the team will carry the same line-up against Springfield.

There are a number of men available in the back field; it is likely that most of these will be used. There will be no substitutions in the backfield.

The placing of Captain Faison, E. B. Kilmann, and Kilmann is considered by the coaching staff as the best combination for the backfield.

In the opening game of the dormitory soccer season, the Freshman and Sophomore foci will make a successful bid for the Dormi-

T.C.A. ENDS ANNUAL DRIVE AT 5 TODAY
$500 Needed to Push Quota Over the Top

(Coordinated from page one)

frenzied interest in regard to the drive will not wane-I hope you will do your best to realize that the day.

The drive is reported from the T. C. A. office at Boston. Some favorable statistics have been contributed to date by Beta Theta Pi, Delta Upsilon, and Tau Delta Phi. Complete assessment of the goals of the drive was made at the T. C. A. office yesterday. After the returns have all been collected and assembled, the achievement of the drive will be revealed to a nation of what the members have accomplished.

If the facts are not all that are remaining, you will have a few students评议 the theory that their dues have not been assessed. In such a case as the T. C. A., it is possible that the dues are not all being paid by every student present.

Graphs Posted Daily

Graphs are posted in the Main Lobby showing the standings of the fraternity, and giving the total amount received since Monday evening. Students have the chance to contribute to the drive many times, and if they do not make it by the end of the day, they may do so at any hour of the day, at the basement of Walker, and receive the same treatment as they do at the T. C. A. office at 3 o'clock yesterday the following.

Leaves Tobacco Tin at all Calling Card

Calgary, Alta., March 13.

Wed. 9:30 a.m.

Greatest

West in Rensselaer, Alabama, in 1919, I climbed Tonto Mountain, the tip of this mountain is a rag of stones where tourists leave their cards with remarks about the scenery, etc. Not having a card with me, I left a tin of Edgeworth, which, a week later, reached my home.

I have a tin in my possession with the same number and name on it.

I have seen about 100 tobacco boxes with one of whose owners I was in contact with the Postmaster of Edgeworth. What makes me write this note is I heard that in Rensselaer, I received two axes of Edgeworth with the note, "Here's a gift to you from your friends at Edgeworth."

Your sincerely,

T. B. Robinson
