

## VARSITY HARRIERS HAVE FIRST WORK AT FRANKLIN PARK

### Seven Men Stand Out Among Aspirants for Freshman Harrier Team

## FIVE VETERANS RETURN

### Greater Number of Men Re- port for Field Events Than Did Last Year

Nine men of the Varsity cross-country squad had their first workout on Technology home course when they journeyed to Franklin Park Wednesday afternoon. The Holy Cross meet to be held next Friday afternoon, will be run on this same course and will open the season for the Engineer harriers. Both Varsity and freshman teams will compete in this meet.

Of the nine men who made the Franklin Park trip, five were members of last year's team. Captain Thorsen, number one man; Beltzer, number three; Berry, number five; Herberts, number six; and Albright, number seven; were the members of the 1928 team to make the trip. Gilman, Conant, and Littlefield, all of the freshman team last year, also worked out in preparation for the Holy Cross meet. Manager Fisk, who is a new man to cross-country this year, also made the trip.

### New Men Show Promise

Seven men in the freshman class have proven themselves the most serious contenders for berths on the yearling team. These men are: McKay, McMann, Masters, Crane, Kessler, Stalter, and Payne. These men have shown up best among the candidates who have been reporting regularly since the beginning of the term. There are several men who have just reported recently who show great promise of earning berths on the team when it first takes the field one week from today.

### Results are Important

Tomorrow's handicap meet will be one of the deciding factors in the choice of men for the Sophomore and freshman relay teams. The results of the 150-yard dash will by no means pick the teams to race on Field Day but it will give Coach Hedlund a chance to see what the candidates can do when they are in competition.

Coach Bowie reports that a number of men are reporting for training in the field events this year. This will be of great advantage to the team as a whole as the field events are often the deciding factors in the determination of the winning team in a meet.

## MAKEUP CLASSES TO BE HELD IN ENGLISH

### 500 Word Theme First Assign- ment for Men Receiving "D"

Makeup classes for those men who received a D in English composition last Term have been started during the past week, and all students should make arrangements to attend one of the two scheduled classes at the earliest opportunity. Classes will be held on Tuesday at ten o'clock in Room 4-231, and on Friday, at twelve o'clock in Room 2-282.

In holding these classes for the students who have shown a poor grade of composition work, the department is attempting to help them toward success in their later thesis work. A five hundred word theme, prepared in the usual form, and on any subject in which the student is really interested has been assigned for the first meeting.

## FRESHMAN MEETING TO BE HELD FRIDAY

A mass meeting of the Class of 1933 will be held in Room 10-250 next Friday immediately after drill. Addresses will be made by Oscar L. Hedlund, "Bill" Haines and others to arouse enthusiasm among the students so that they will come out for the Field Day teams.

Candidates are urgently needed for the freshman tug-of-war team, according to Horace S. Ford Jr., President of the Class of 1931 and adviser to the Class of 1933. He said that so far only seven men have reported and 24 are needed to make a full team. Football material is, however, satisfactory, as two full teams have reported.

## Saddened Frosh Finds "Free" Bowling Costly

One unknowing freshman believing the use of the Walker bowling alleys was "on the house", treated himself to several hours of this delightful pastime the other morning. No doubt, as he left for class the gratuitous recreations which the Institute offered was foremost in his mind. But murder will out and his score sheets were found in the room opposite the hall bulletin board. The long arm of the Law reached him just as he had completed another long session "on the house" and the facts and especially the figures, were put before him. A poorer but wiser man, he walked unsteadily from the building probably resolving to stick to marbles from now henceforth.

## Swimming Coach Addresses Rally For Candidates

### First Practice Will Be Held On November 4—Many Show Interest

Coach Dean, speaking at the mass meeting for swimming candidates on Wednesday afternoon, expressed his great satisfaction at the number of men who were present. He spoke of the coming season, and the important need of new material for the present team. To those who showed enough interest to come to the meeting he extended his plea that they bring others out for the Varsity and freshman squads.

### Chance for freshmen

The freshmen, who have the opportunity of substituting swimming for P. T., have excellent prospects of earning positions on next year's Varsity. The present team that will represent the Institute is composed largely of men who will graduate in June. If the new men take advantage of a year of experience on the freshman team, they will be well fitted to step into the vacancies in the Varsity lineup for 1930-1931. All those who intend to join the squad were urged to report to the manager at the initial practice sessions on November 4.

## WALKER BOWLING ALLEYS REPAIRED

For the first time in twelve years the Walker bowling alleys were completely rebuilt this fall. A thorough overhauling costing \$1,500 has prepared them for whatever punishment will be administered during the next decade. A number of the boards which were torn up showed a perceptible decrease in thickness at different places. The pool room has also undergone renovations.

## Faculty Is Urged To Play Squash

### Facilities for Learning Game Will Be Provided for Participants

Squash is becoming a popular sport among the faculty, according to a notice circulated among members of the Faculty Club, and signed by Professors John W. M. Bunker and Leicester F. Hamilton '14. The notice points out the benefits of squash as an exercise, and also states that an unofficial census reveals that there are fifteen members of the faculty playing the game at present.

Members of the faculty are urged to join a bumping tournament, in which the players will automatically become arranged according to their proficiency. Later in the season it is planned to hold a round robin or match tournament, for which some prize will be offered.

For those who are not familiar with the game, arrangements have been made to secure instruction from a qualified coach. Within a few days the draw board with names of members competing will appear in the hangar gymnasium just before the entrance to the squash courts. The official rulings, and other information about the tournament will appear at the same place.

## GOVERNING BODY NAMES NEW SONG BOOK COMMITTEE

### Field Day Marshals and Ushers Also Appointed at Institute Committee Meeting

## 1933 ELECTIONS NOV. 13

Howard S. Gardner '30 was elected chairman of the Song Book Committee for this year at the meeting of the Institute Committee held yesterday afternoon. This committee has been appointed chiefly to help increase the sales of the song book that was printed this year, the proceeds from which are to go toward the purchase of a new shell.

Other members of the committee are Harold P. Champlain '31, Allen Latham, Jr., '30, Roy W. Ide, Jr., '30, George D. Love '31, Robert T. Leadbetter '31, Christian R. Binzer '31, Lawrence W. Whitaker '32, Thomas E. Sears '32, and Arthur N. Rinehimer '32. About 2000 copies of the song-book were printed and to date only 500 have been sold. The receipts from these copies have not been enough to cover the cost of printing. The committee wishes to urge that the student body help as much as possible to increase the sales.

Elections of freshman class officers will be held on November 13. Nominations should be in by November 6. The same form should be used in submitting nomination blanks for these officers as with nominations for Junior Prom Committee. This form is printed elsewhere in this issue.

Nomination of Field Day Marshals and Ushers was also made at the meeting. These nominations will appear in the next issue of THE TECH. Robert Sanders '31 was approved as Business Manager of the Musical Clubs and Lambert S. Linderoth '30, Treasurer and William D. Corder '32 Program Manager of Tech Show 1930.

## Call For Skits Is Made At Smoker

### October 30 and November 5, 6 Dates of Tryouts For Chorus

Tech Show 1930 got under way Wednesday night at a smoker held in the North Hall of Walker Memorial Building. Over 125 students were present to hear the plans for this year's Show. William C. Greene, Instructor in the English Department and cast coach of the Show last year, Langdon Matthews, chorus coach for the last three years, and James Donovan '28, Stage Manager of Tech Show 1927, were the principal speakers of the evening.

Albert R. Sims '30, General Manager of the 1930 Show introduced the first speaker, Donovan, who gave the new men an idea of what Tech Show was in former years. Following him Mr. Greene spoke on the skits that are wanted for the Show. He stressed three points in his talk: many skits are needed, they must be funny, and they should be short. Anyone who has what they think is an idea for a skit could see Mr. Greene in his office, Room 2-176. He will be glad to talk things over with students any afternoon from 3 to 5 o'clock.

### Larger Chorus This Year

In speaking of the chorus for this year's Show Langdon Matthews said that he will try to have it consist of either twenty or twenty-four instead of sixteen as there was last year. This (Continued on Page 2)

## Nominations for Prom Due on Next Wednesday

Nominations for this year's Junior Prom will be due October 23 before 5:30 o'clock. This date was set at the meeting of the Institute Committee yesterday afternoon. The nominations should be submitted in the following form:

"We the undersigned members of the Class of \_\_\_\_\_ do hereby nominate \_\_\_\_\_ for \_\_\_\_\_ of our class."

(Sponsors' signatures)  
"I hereby accept the nomination."  
(Signature of nominee)  
There should be the signatures of five sponsors on the nomination blank. Elections will be held on October 30.

## Cambridge Cop Can't Catch Cagy Criminal

One zealous minion of the force of the law and order in the City of Cambridge is having a hard time trying to catch a student of the Institute. This pavement-pounder's beat happens to include the Technology Dormitories, and his equanimity has been much disturbed by the tendency of the students to engage in water battles. On Wednesday night, as he observed a student throwing water from a window, the cop thought that he could at last achieve his ultimate goal. Prompt investigation of the room in question failed, however, to disclose the perpetrator of the outrage, and the policeman retired in defeat from the field of battle. Nevertheless, he still lurks in doorways and around corners, hoping against hope that he may some day find the criminal.

## Season's First Dorm Dance To Be Held Tonight

### Dormitory Men Open Social Season With Dance In North Hall

Residents of the dormitories will gather this evening for the first dorm dance of the season, which will be held from 8:30 until 12 o'clock in the North Hall of Walker Memorial. The affair tonight is the first of the series of dances given by the dorm men every year, and as usual with the first dance of the season, it will be informal.

Preparations for the dance have been completed by a committee appointed for the purpose, and headed by Juel H. Lensch '30. The committee reports that a large number of tickets have been sold, and it is anticipated that the dance will be as successful as any of those which have been held in former years. Music for the occasion will be furnished by Dick Edwards' Orchestra. Patronesses have been announced as Mrs. Leicester F. Hamilton and Mrs. James R. Jack.

## FRESHMAN BAND TO PLAY ON FIELD DAY

In preparation for their participation in field day, the members of the Freshman R. O. T. C. Band, under the direction of Warrant Officer Eric H. F. Svenson, Retired, are practicing every Monday, Wednesday and Friday at 4 o'clock, in Room 5-330, on a program of typical band marches. The band will be led on field day by Captain Arnold S. Achiss '30, band leader during the past two years, and student officer in charge of the band this year. On field day afternoon, the combined Sophomore and freshman classes are to be led on to the field by the band, in full uniform, and during the rest of the afternoon, the band is to play between the various events on the program.

## Course VI-A Men Elect News Staff

### Importance of "News" to Em- ployers Explained to Staff— Smoker Planned

At a meeting of the Juniors and Seniors of Course VI-A yesterday afternoon elections were held to the staff of "VI-A News," the publication which is one of the unique features of this course at the Institute.

Professor William H. Timbie spoke regarding the seriousness with which this paper is taken by the officers of the companies included in the VI-A options and mentioned that the President of the General Electric had taken time to personally call him to task for some items appearing in the paper to which he had taken exception.

George W. Schaible '30 was elected Editor-in-Chief. Other Elections were: Frank E. Burley, '30, Business Manager; Carl J. Ellsworth, '30, Advertising Manager; Myron F. Burr, '31, Undergraduate News Editor; Fredrick P. Fay, '31, Alumni Editor; John M. Ness, '31, Special News Editor; Wm. B. Ferguson, '30, Circulation Manager; and Kenneth Bolles, '31, Assistant Circulation Manager.

## ENGINEER VARSITY MEETS DARTMOUTH BOOTERS SATURDAY

### Freshmen Play in Preliminary At 1 O'clock—Varsity Game at 3

## WESTPHALINGER, COACH

### Coach Welch Issues Call for New Men to Try Out for Frosh Squad

After a hard practice game with the Harvard Jay-Vees, yesterday afternoon on the Co-op Field, the Engineer booters stand ready to meet The Big Green tomorrow afternoon at Dartmouth. The frosh team will play first at 1 o'clock, followed by the Varsity game at 3 o'clock.

Tomorrow's game will be the first for the yearling booters, who are expected to make a good showing against the Big Green frosh. The lineup of the Beaver soccer team is as follows; Handley, Mohr, Snow, Kidde, Mayor, Lovejoy, Batman, Conway, Haas, Luckie, Sinkervic, and Flint. The team that will start in the preliminary tomorrow will not be picked until the time of the game. Last year the freshmen lost by the score of 7 to 0.

### Westphalinger to Coach

Coach Welch has issued another call for freshmen to come out for the squad, as the booters also have a good spring schedule. This is a good chance for freshmen to earn their numerals, in one of the big fall sports, and all interested are urged to come out for practice. Lieutenant H. R. Westphalinger, former soccer player on the Army Varsity will help Coach Welch mentor the freshman team this season.

### Lost Last Year 4 to 1

Last year the Varsity lost to Dartmouth by the score of 4 to 1, but due to the excellent showing made against Brown last Saturday, the Engineers expect to give The Big Green a hard game. The team last year lost to Brown 4 to 1. The lineup of the booters as they will start tomorrow afternoon is as follows; Wyman, g; Capt. Hawkins, rfb; Reihl, lfb; Cooper, rfb; Fragiacom, chb; Newman, lhb; Schultz, or; Kashemsanta, c; Velez, jr; Youngson, il; Vibulayamonkai, ol; Serrallach and Ryan, sub. All men going to Dartmouth are requested to meet at the Hangar Gym tomorrow at 4:45 o'clock.

This year's Varsity includes five men from last year, who made an excellent showing in the Brown game, and are expected to lead the offensive against Dartmouth tomorrow. Members of last year's Varsity playing tomorrow are as follows: Wyman, Reihl, Captain Hawkins, Cooper, Youngson, and Vibulayamonkai.

## 25 NEW MEN ATTEND FIRST T. C. A. SMOKER

### Pallison and Ross Talk on Work Accomplished by T.C.A.

A large keg of cider which by its weight showed that it had been emptied furnished part of the refreshments at the Technology Christian Association smoker held at North Hall on Wednesday. There were 25 new men who signified their intention of entering this activity.

Henry O. Pattison '30 presided at the meeting and gave a short talk on the service of the T. C. A. Wallace M. Ross, General Secretary, then welcomed the new men and told them to speak to the department heads about the work they wished to follow. Besides the cider, cigarettes and doughnuts were served.

## COURSE XVI REPORTS CHANGES IN FACULTY

The following changes in the instructing personnel of Course XVI are noted. Since the retirement of Professor E. P. Warner '17 to position of non-resident professor, his duties have been taken up by acting head, Professor C. F. Taylor. Associate Professors O. C. Koppen '24, and E. H. Smith '23, are this year's additions to the staff. E. S. Taylor '24 and D. C. Sayre, formerly instructors, have been made associate professors to gather with S. Ober '16 who was transferred from the research department.

RESTAURANT OR CLUB?

THE decision of the Interfraternity Conference to hold their next dance at Longwood Towers brings up again that often-repeated question, "Why is Walker never used for student affairs?" The fact that the organization, representing as it does a considerable part of the men at the Institute, should refuse to consider holding the dance "on the campus" indicates a general feeling that Walker does not meet the requirements as a student clubhouse.

In discussing Interfraternity Dances at all, a number of important issues are involved. In the first place, there is a strong prejudice against them which has to be overcome. Their disapproval dating back to a "brawl" held at Alden Park Manor in 1926, the authorities have looked askance at the whole series of affairs. The dances have not been of such character as would arouse student enthusiasm—poor music and food, inadequate space, mismanagement and low general tone explain this feeling. To meet these difficulties the fraternities are planning extensive improvements. Each fraternity will be allotted only about half as many tickets as last year. The price has been raised slightly, but refreshments are to be included. The music will not evidence last year's mediocrity.

These plans show that the committee has the commendable intention of bettering the dances. Yet why will not Walker meet their requirements? The big social functions at other schools are held in their student Unions—why do we insist that ours be hotel affairs? The prejudice against Walker is unfounded. It was designed as a student rendezvous, and provides a room much more beautiful and spacious than any ballroom, with the added advantage of negligible price. Draperies are to be hung around the mezzanine floor which will serve the double purpose of bettering the acoustics and providing lounging room.

Since arrangements have been made for the next dance, nothing can be done about the situation at present. Yet it is most important to keep the idea in mind.

We "gripe" about the fancied shortcomings of our student building, and that is the extent of our action. Until we give Walker a fair trial, there is no hope of effecting any changes there. At present it offers, at a minimum expense, very excellent accommodations for parties. It meets all the demands of students. It has been proved elsewhere that the success of dances does not demand they be away from the school. Walker is there for our use—why not avail ourselves of it?

THE EDITORIAL SPECULUM
One of the best ideas the Spectator has heard in a long time is this—a thoroughly all-Technology Dance. Plans are already going forward for a combined dormitory and fraternity affair, to be held in Walker. To paraphrase the famous saying, it will be by Tech men, for Tech men and at Technology. The proceeds of the dance will go to the crew, decidedly a worthy purpose.
Such a use for Walker is altogether in keeping with the original plans for the building. It was to be the headquarters for the student activities at Technology, but for some reason few care to benefit by using the beautiful edifice. To be sure, its accommodations at present might be improved, but why, say the authorities, should we add to Walker when it is not used as it is?
During its years of existence, the Interfraternity Conference has accumulated a considerable reserve. What could be more appropriate than that some of the money be used to finance the dance mentioned above. It would

serve the double purpose of aiding a worthwhile activity, and promoting a more general use of Walker.

CALL FOR SHOW SKITS
(Continued from Page 1)
means that there should be about 80 men trying out for positions. Cast tryouts this year will be held on October 30, and November 5 and 6.
William S. Conklin '30, Production Manager, spoke on the management of the Show. He explained the work of the Senior Directors and the Junior Managers, introducing the men who are filling the positions this year. After the entertainment consisting of a clog dance, songs by a quartet, and a dance number by members of last year's chorus, refreshments were served and the gathering broke up.

**Notices**

**WALKER MEMORIAL COMMITTEE COMPETITION**

Announcement is being made of the Sophomore Competition for the Walker Memorial Committee. Three weeks competition is held after which time four Sophomores are appointed. Those men wanting to try out for the Committee, meet in Walker Memorial Office, today at 5 P. M.

**GYM TEAM MEETING**

All men interested in substituting Gym for P. T. should attend the meeting of the Gym team to be held next Monday afternoon at five o'clock in Walker Memorial Gymnasium. Men interested in trying out for positions of Assistant Manager are requested to report at the same time.

**FRESHMAN BOXING**

All freshmen who wish to substitute boxing for P. T. can sign up before October 25, in Room 335, Walker. Tommy Rawson says that the freshman schedule includes several matches away from the Institute.

**TECH SHOW**

There will be a meeting of the stage and production candidates for Tech Show at 5 o'clock today in Room 301 Walker.

**FRESHMAN TUG OF WAR**

Many 1933 husky heavers are needed to complete the tug of war squad. Weight is the essential factor, but it is not necessary in the selection of men. All freshmen who are interested are asked to report at 5 o'clock today behind the squash courts.

not "artificial treatment"—make OLD GOLD . . . a better and a smoother cigarette

OLD GOLD brought about a great change in smoking habits. It gave smokers a new freedom of enjoyment . . . without any forbidden limits.

The man who used to say "I can't smoke until after lunch . . . my throat is sensitive in the morning" now finds that he can "light up" whenever he pleases. For his morning OLD GOLD has no more throat-scratch than his breakfast omelet.

Likewise all those who have to guard their throats . . . salesmen, singers, actors, and the like . . . no longer have to stint their smokes, for OLD GOLD is as free of throat irritants as a glass of spring water.

Better tobaccos did it . . . naturally good tobaccos . . . extra-prime leaf made irritation-free by the violet rays of sunshine . . . not by "artificial treatment"

If you like food that is naturally good, instead of food made good by "artificial treatment" . . . sure to prefer OLD GOLD'S natural tobacco smoothness. Try a package . . . and get a vote of thanks from both your throat and taste.

Mother Nature makes them smoother and better . . . with "not a cough in a carload"

On your Radio, OLD GOLD—PAUL WHITEMAN HOUR. Paul Whiteman, with his complete orchestra, every Tuesday, 9 to 10 P. M., Eastern Standard Time

OF GENERAL INTEREST

Hydraulic Turbines Dr. Ing. D. Thoma  
Friday, October 18, 2 P. M., Room 1-190

Dr. Ing. D. Thoma, Professor of Hydraulics, Water Power Machinery and Water Power Plants, and Director of the Hydraulic Institute at the Technische Hochschule of Munich, Germany is presenting a series of illustrated lectures on Hydraulic Turbines and Related Subjects in Water Power Plant Design. The topic of his sixth lecture will be "Experimental Determination of Losses in Pipe Fittings and Experiments with Various Devices." The lecture will be illustrated by moving and still pictures.

The lecture is open to students and members of the instructing staff.

FRESHMAN SECTION LEADERS

The complete list of freshman section leaders is not obtainable. In order that this list may be published in Monday's issue it is requested that all section leaders hand in their full name and section number at THE TECH news room in the basement of Walker before noon tomorrow.

Music by the ever-popular Meyer Davis' Le Paradis Band under the direction of Joe Smith

Suits with Wider and Squarer Shoulders

—in Scott & Company's original models—that will be worn extensively at leading universities, colleges and prep schools.

The tendency in colors is for lighter blues, livened by smart green, red or blue stripes . . . grays—tans—browns and heather mixtures in great variety—

The models are slightly form-fitting, with wider and squarer shoulders and shaped fronts . . . soft rolling lapels with rounded corners . . . trousers cut straight.

The fine imported and domestic fabrics assure long and satisfying service—all tailored to our exacting standard in our Boston workrooms—\$45 to \$55.

YOU'LL WANT THIS  
SMOOTH, SWEET NUMBER  
IN YOUR BOOK!

"Look at him GO!"

Five Yards . . .  
Ten Yards . . . He's Clear!  
TOUCHDOWN!

There's a thrill for you, a thrill that's captured and brought to life again in the fast-action stories of all the important football games that you'll find every Sunday in the New York Herald Tribune. When men like Grantland Rice, W. O. McGeehan, Fred Hawthorne, Don Skene, W. B. Hanna and Richards Vidmer sit down to tell you about football games, their stories are almost as exciting as the games themselves. They know football from all angles and they write it that way—with all the skill of experience and with keen attention to detail and drama and the intimate personal "dope" that makes such good reading. Go to all the big games every Saturday; you'll find them in the sports section of the Sunday

**R**UTH ETTING will have you all sewed up the minute you hear her newest Columbia record.

She sings this pair of hundred-proof hits (one from a red-hot show), and makes them sparkle—with all the delightful vivacity you've learned to expect of this great little girl.

When you call for your copy, hear what good company Ruth is in . . .
