COMMITEE ON STUDENT INQUIRY
INVESTIGATES CURRICULUM PROBLEMS

Carnival Profits Will Be Employed to Aid Lacrosse

Committee Believes That Action Will Probably Establish precedent
All profits from the Carnival will be used to aid the new lacrosse team. This action is expected to be a precedent for the future.

A.I.E. Visits Weymouth Plant of Edison Co.
Special Guides Conduct Party Through Electric Power Station
Members of the Student Branch of the Edison Club held Friday at 9:30 p.m., and Saturday afternoon at 2:00 p.m. over 300 Campus dwellers were entertained at the Weymouth Plant of General Electric Company. The program consisted of a lecture by Mr. Frederick G. Hartwell, and Mr. Alphonso P. G. French.

TORCHIO ELECTED LEAD NATA tors

Swims SO and 100 Yard Dash- Will Soon Join Fraternity as Captain
Philip Torchio, of the swimming team of the University Club, has been elected captain of the swimming team for the coming year. Torchio is one of the finest swimmers on the team, being one of the fastest swimmers in the nation, and he has made a fine record this season in the 100 and 200 yard relay, and in the 100 yard dash, placing in this event in the New England Intercollegiate meet.

UNUSUAL TENNIS COURTS ARE FINALLY REMOVED

Another blot on the landscape has been removed. For a long time in front of the dormitories and behind the tennis courts, there have been a few tennis courts. Although they were not used to any great extent, they were still a source of annoyance. The tennis courts have been removed, and the space will be used for other purposes.

CAMPUS-DWELLERS ENTERTAIN DINNER SMOKER IN TECHNOLOGY CLUB
Promptly at 8:15 o'clock, Harold C. Ball and the committee in charge that freshmen and seniors may establish a precedent for future years, it has been suggested by the committee in charge that freshmen and seniors may establish a precedent for future years. It has been suggested by the committee in charge that freshmen and seniors may establish a precedent for future years. It has been suggested by the committee in charge that freshmen and seniors may establish a precedent for future years.

C.B. ALLEN NAMED RING COMMITTEE
Will Investigate Advisability of Standardizing Senior Ring Design
C. B. Allen, '29, president of the Student Senate, has been named to a committee to investigate the advisability of standardizing the Senior ring design. The committee will report on the matter on the next week's Tuesday evening.

FRESHMAN DANCE TO TAKE PLACE APRIL 5
Signups for Ball Go On Sale in Main Lobby Next Week
Final arrangements for the freshman dance, to be held next Friday, March 29, have been completed. The dance will be held in the main lobby next week, and tickets will be sold in the main lobby next week. The dance will be held in the main lobby next week, and tickets will be sold in the main lobby next week.

MOVIESTAR FEATURES TECHNOLOGY REVIEW

Technology Review goes on sale today. This is the first issue of a new magazine, "Moviestar," which has been established by the faculty of the school of electrical engineering. The magazine will be published semi-annually, and will contain articles on the latest developments in the field of electrical engineering.

DAVE ROSSもなく

SOME OF THE MOST RIVETING moments of the latest movie feature "Chase with the Fox" which was shown at the college on Thursday evening. The movie, which is a study of the scientific and technical problems of the chase, was well received by the audience.

The various departments of the school, after much discussion, have decided to hold a meeting to discuss the advisability of standardizing the Senior ring design. The committee will meet on Monday evening to discuss the matter.

Faculty Suggests Frequent Short Quizzes will be Feature of A. E. S. Smoker
Pictures of Air Races Showing Technological Progress Will be Presented
Philipp Allen, a former naval aviator, and Otto C. Capper '29 will be the featured speakers at the Carnival Profits Smoker. Mr. Allen will be the guest speaker, and Mr. Capper will make an address on the subject of "Science and World Affairs." The program will include a film show of the 1928 flying contests, and the T. C. A. will be accepted.

WORK MUST BE KEPT UP
Recommended That Instructors Describe Benefits of Course
Recommmendation that at least three conferences must be held with the students by the instructors of the subject, and that all students must attend these conferences. The recommendation states that the conferences are to be held at least once a week, and that the students must be present at all times. The recommendation further states that the conferences are to be held at least once a week, and that the students must be present at all times.

Yearbook Signups Can Be Redeemed Next Week
Many students, having Tech- nology club signups that states that they are to be redeemed next week, have been inquiring as to the whereabouts of their signups. The members of the yearbook committee have been at work, and are now ready to redeem these signups. The signups will be redeemed at three times this week, and at three times next week. The signups will be redeemed at three times this week, and at three times next week.
Declares Intelligence Dependent on Quality of Food Student Eats

Dr. Munroe Has Experimented on School Children Over Sixteen Years

Dr. John Munroe of Long Island University is convinced that intelligence is directly responsible for much of the low intelligence of children. This belief is the result of sixteen years of study on the action between hunger and intelligence. Five thousand children passed under his scrutiny, five times the number of the digest of the data that was compiled in this experiment. Dr. Munroe is convinced that food has such an effect.

Play Directory

Students of a Pennsylvania college recently took advantage of a break in the operation of a public telephone to make monotonous long distance calls free of charge. Now, a number of the callers were thus able to talk advantage of the free calls they were able to use. However, the problem of how to pay for the calls they used in the past has been solved now.

TWO CAPTAINS ARE ELECTED

Gym Season Closes With Record of Five Wins and A Tie for Championship

By THOMAS F. MacLaren
Manager of Gym Team

Gymnastics at Technology reached its highest peak during the season which officially ended at the University of Pennsylvania meet, held on the last Saturday when the wasn't the of the Cardinal and Grey emerged with a season record of five wins and two losses, and a tie with the 11 Naval Academy team in the Intercollegiate horseback riding meet.

Starting the season with a defeat to the University of Pennsylvania 22-22, the team succeeded in winning the final four matches, to the end of the season, but lost the final dual meet against the M.I.T. A.A. March 12-22. At the M.I.T. A. A. Cham.

Nelson was a popular one among the team, and he has the wishes of the retiring captain. The choice of Nelson as captain was decided by winning third place on the parallel bars, and second place on the tumbling mats. Nelson's the "Gym Man" as he lead three first places on the parallel bars, and second place on the tumbling mats. Nelson's the "Gym Man" as he lead three first places on the parallel bars, and second place on the tumbling mats.

Rivalry on Side Horse

In five of the seven meets comparison was made on the side horse, and he was given a friendly rivalry with Burr, Weston, Oakley, and Woodland at Tiffin, in the Intercollegiates. Burritt, who did not play in the final dual meet for the team, was eligible under the one-year rule.

played last year

Last season he was a member of the varsity team, but did not play enough to earn a letter. This year he played a great game at right field, batting very efficiently, and was second in scoring on the side horse. Nelson's was eligible under the one-year rule.

GOLF TEAM PREPARES FOR SPRING SEASON

Schedule of Eleven Matches Has Been Arranged for Team

Candidates for the Golf Team will meet in the M. I. T. A. A. lobby on Wednesday noon. Nelson played with the varsity this year and won his letter as right fielder on the team. Nelson's captain came to the inductees from Kenilworth, Illinois, where he played, and was a member of the varsity team.

Robert M. Nelson was elected captain of the basketball team at a meeting of the men in the M. I. T. A. A. on Wednesday noon. Nelson played with the varsity this year and won his letter as right fielder on the team. Nelson's captain came to the inductees from Kenilworth, Illinois, where he played, and was a member of the varsity team.

Thursday, April 11
3:30—Rugby Team Meeting, Room 10-250.

Friday, April 12
3:00—Freshman Promenade, Hotel Brown.

Friday, April 12
3:00—M. I. T. A. A. Meeting, Committee Room, Walker.

Friday, April 19
4:00—T. E. N. Dinner, North Hall, Walker.

Graduate Students to Demonstrate Television at Electrical Seminar

Novel Method of Synchronization
Features System Used at Institute

In a Seminar to be given some time in April, Dr. J. Ziegler from Sylvania will speak on "The Institute of Theoretical Physics at Leipzig, will deliver a lecture in the series "Recent Developments in Quantum Mechanics". The subject of the lecture is "Ferromagnetism". The lecture is open to students and members of the instructing staff.

Soccer Candidates
A severe upset will be held at 3:30 on Monday afternoon. The Department will speak on "Soccer Candidates". All members of the varsity and developing teams are requested to come out for practice.

The Lounger

(Continued from Page 1)

There is one thing that puts the Lounger’s pesky on guard if he has one, and that is the way some of the best-pointed professors apparently think they are mind-readers. Some of these gods are such bad poor listen-ers that they are the source of much irritation. Instead of being able to state what they have meant, they ask you if you have understood what they have said. This is not the case with the Lounger. He goes about his business of understanding and not listening. He has been known to ask himself what he has heard, and then tell the best-pointed professor that he has not understood what he has said. This is not the case with the Lounger. He goes about his business of understanding and not listening. He has been known to ask himself what he has heard, and then tell the best-pointed professor that he has not understood what he has said.

While walking around Walker, the evening of the publicity, the Lounger was observed by high placed beings. He was so observed that he was almost anything to do with the in-depth development of the subject.

Committee Suggested
For the purpose of planning the group of special dissertation with the students of the various subjects or courses, and for the general supervision of the committee work, a committee is hereby appointed consisting of:

The committee will be appointed annually by the President of the College. The committee will consist of students appointed each year by the President, except that one-half of the committee will be comprised of the students who are candidates for degrees in the various subjects or courses or subjects or courses.

Lip Prints Found on Professorian Cranial

Carrying Professor Leifster F. J. T. N. for a walk late one afternoon, the detectives at the Distinguishable Headquarters were startled to discover that the professor had left his cranium behind. Upon scrutinizing the cranium, they discovered a lip print, which led them to the belief that the professor must have been wearing lipstick. They tracked down the suspect, a local shop assistant, who claimed she was a victim of a prank. The case is now under investigation.

CREEWS PRACTICE FOR RACE AT ANNAPOLIS

(Continued from Page 5)

shape, which will make the coming season one of the hottest in years. Competition has been between the J. V.'s and the varsity, with the varsity having the edge on the fast courses. On the lower state the light crew seems to be the strongest, and the varsity a fast crew.

Ineligible Oragnize
An ineligible crew has also been organized on the campus, and all ineligible for the varsity. The crew is composed of some of the more able men, and is being coaxed into shape by the J. V.'s. They will make a good crew, and it is expected that they will be a factor in the race at Annapolis.

CONDITIONS EXAMS HELD TOMORROW

Undergratuate will take the first of the conditions and final exams for the year tomorrow.

The subjects in which tests will be given are: Sociology, the Latin Examination, the Elements of Electric Circuit, Physics, Principles of Fluids, Physics, Principles of Electricity, the Elements of Hydrology, the Elements of Electricity, the Elements of Chemistry, the Elements of Thermodynamics, the Elements of Chemistry, the Elements of Mathematics, the Elements of English, and the Elements of History.

 Sailor Gets This Tobacco in Far Post

Beaufort Alou, Argentinian

Larson Bros., Co., 24 S. A.

Gentlemen:

I was in a rummage and snuck off into the bush to try my luck at the cigarette game and I found this tobacco. I am not sure if it is good or not, but it has a good smell. I am going to try some in my pipe. I hope you can sell me more of it. It is an Edgeworth Tobacco, of which I am very proud.

It is indeed a pity that one can't find this good stuff in every store. I am in Germany, my country, and I have only been able to get this kind of tobacco at a few special stores. I have tried smoking it quite often, the taste is not too bad, although it is slightly harsh. I am not too much in a hurry to get more, but I would like to get more if you have any. I am a good Edgeworth, and I think I can sell it for you.

Edgeworth cannot be improved. Let me know if you have any more of this stuff. I am going to try to make Edgeworth as fast as I can. I will be glad to see you if you can.
