LADDER PLAY WILL START FOR TENNIS CANDIDATES TODAY

Freshmen Spoken to by Manager Wight and Capt. Cleary at M. S. Dolls

CAPT. CLEARY STARTS PLAY

Ladder play is the tennis tournament in which the captain of every team of the M. S. Dolls and the manager of the tennis team of the Freshmen compete for the title of champion of the tournament. The tournament will be played through Tuesday afternoon, and will not be affected by the weather.

Through the management of the tennis team of the Freshmen and Capt. Cleary, more than 30 matches will be played, 10 each for the two teams. The manager and captain will compete for the title of champion of the tournament. The matches will be played on the courts of the Freshmen, all matches being played on the same day.

The first challenge of the season is a player and manager, Mr. McGraw, who is the first challenge of the season. He plays No. 3, and will meet Mr. McGraw, who is the captain of the Freshmen team. The winner will play Mr. McGraw, who is the manager of the Freshmen team.

The matches will be played on the courts of the Freshmen, all matches being played on the same day.

OPEN HOUSE—OUR DAY

IT is the general opinion among Technology undergraduates that the coming Open House Day is a faculty effort to sell their wares. This is not surprising, since these events have been far too little interested in the part of the students in giving light to the ideas for the displays and in developing these ideas into finished products.

The students have experienced difficulties in producing ideas. Work we may when some one tells us what to do, but to everyone there is a "trick of the brain". Who are you are interesting an interesting day at Open House?—such a day is going to be difficult to plan.

If you are particularly interested in some phase of your work at Tech, you have a chance to reach much more of the Open House committee and demonstrate your accomplishments for the enlightenment of the freshmen attending the University. We students are doing at Tech. The committee had to limit its work to showing points of interest with which they were familiar, thereby making it impossible for any other students to show how the rest of the work was done.

Many of the freshmen attending the University, and particularly those who were present. The affair was honored by the company of Mr. and Mrs. George.

The customary patrons of fraternity houses, and to many of the freshmen attending the University. The first tea was served at seven and the remainder of the time was devoted to dancing.

Popularity of Lacrosse Grows After 100 Years In Colleges of America

GAME ORIGINATED BY INDIANS FAVOR IN SCHOOL

Pennsylvania Couch Tells Story of Game and Facts of Early History

CANADIANS LIKE SPORT

Lacrosse is the oldest known sport in the Western world. It is a game of boyhood that the first settlers adopted from the Indians. It is the national sport of Canada. The Indians developed the game in the fifties of the last century and played it on the banks of the Ohio and Mississippi Rivers. The English took the ball and stick across the Atlantic and introduced it into the colleges of America. It is played almost exclusively by men. The game is not nearly so popular in the schools and colleges as basketball.

New Varsity Crew Defeats Jay-Vees by Three Lengths

Popularity Grows

The game has spread from the schools and colleges and now active clubs are being formed in various parts of the country. The game is very popular in Canada and has flourished in the United States. The popularity of lacrosse in the United States is believed to be about the same size and weight properly balanced. The aborigine had shaped somewhat in the fashion of a golf stick, with the curve so

National Games in Canada

From that beginning, the game has been developed to its present status. In recent years the playing of lacrosse has increased by leaps and bounds in the United States, and a season twenty-five per cent more than in the old days. It is the game of the season. In the United States, it is played extensively in Canada, where it is considered a national game. Great Britain, on the other hand, has organized intercollegiate athletic competitions in a number of different sports. storytelling knowledge of the sport, and the thrill it gives people. The game is ideal for the amateur and the professional alike. The demand for good players is on the increase, and the quality of the game is on the rise.

Sports Desk

THE TECH

The changing of the date of the Intramural Meet to before vacation will provide for a double round robin tournament in the number of entries. While the meet was held in conjunction with the Junior Work program.

Popularity Grows

The popularity of lacrosse is growing. Great interest is showing in the game throughout the Spring term and they progressed far enough. It is hoped that the reconditioning of the track had not been performed.

The winning of this new honor is not, in my estimation, a sort of competition cannot fail to be hard to overcome.

The final gym team banquet will be held tomorrow night, April 9, at 6:45 p.m. at the Cambridge Y. M. C. A. by the winning crew. This meet was an individual affair, and the contestants entered selected upon their own initiative. Though the Engineer captain did not participate in the meet under the colors of M.I.T., he had been a member of the winning crew.

The first meet that the Varsity will hold in the new Varsity ranks will be the one-mile class. Their name was put in the Spring term and they progressed far enough.

Notice

In the announcement of awards to the Athletic Council, the name of Robert M. Nelson, Jr., who has been chosen to represent the school in the National Barge League, has been announced.

Of General Interest

Turbo-Generators

Mr. J. P. DunHartog

Monday, April 8, 8 P.M., Room 3-470

Tuesday, April 9, 11 A.M., Room 3-370

Mr. J. P. Swezey, Research Engineer of the Westinghouse Electric and Manufacturing Company, will give two lectures on "The Theory of Electric Turbine-Generators." These lectures are primarily for seniors in the Mechanical Engineering Department, but students of other years or others who are interested are invited.

Colloquium

Messrs. J. R. Shea and C. D. Hart

April 8 and Tuesday, April 9, 9 P.M., Room 10-275

Messrs. J. R. Shea and C. D. Hart of the Kearny Works of the Western Electric Company are to give a colloquium on "Manufacturing Problems arising in the Production of Telephone Cable," and "Cloth Splicing and Splice Inspection." These lectures are open to all members of the instructing staff, graduates and senior students and the Junior Honor group.

Hydraulic Experimentation

Dr. Ing. Theodor Rehbock

Tuesday, April 9, 2 P.M., Room 5-330

Dr. Ing. Theodor Rehbock, Professor of Hydraulics at the Technische Hochschule of Berlin, will give a course of lectures on "Hydraulic Experimentation." The subject of his final lecture will be "Exp. The lecture will be illustrated by moving and still pictures.

Calendar

Monday, April 8

3:00—Colloquium on "Manufacturing Problems arising in the Production of Telephone Cable," under the auspices of Electric Engineers' Club, 5:00—M. T. T. A. Meeting, Committee Room, Walker.

Tuesday, April 9

3:00—Continued Colloquium under Auspices of Electrical Engineers' Club, 5:30—T.C.A. Installations Dinner, Faculty Dining Room, Walker.

Wednesday, April 10

3:00—Continued Colloquium, Upper Spence, North Hall, Walker. Thursday, April 11

12:00—Faculty Club Luncheon, Faculty Dining Room, Walker.

Friday, April 12

12:00—Technology T. C. A. Luncheon, Faculty Dining Room, Walker.

All Technology Carneval Thursday, April 11

4:00—Corporation XV Trip to the Pittsburgh Plate Glass Plant at Wyanstock

Saturday, April 13

3:00—Field trip to Buffalo; 5:30—Student dinner at Kellogg's, Variety and Junior Variety Craws vs. Navy on Stadium.

rather because of the wrath of per-ents. It will be of interest to all who are interested in the University a university without experimental and mental effort. The College of Engineering would exceed the normal average student a year's study, and would thus have a steady circulation of students and faculty. Without a doubt, the projection of academic minds would provide the establishment of new departments in the university.

SARTORIAL SLAVES

And now at last the college collegians have almost achieved the sartorial per- sumption just a little too long. Styles are destined more to shift, and some of the upperclassmen are in the mood of cutting down. Perhaps it is too ingrained, but we still remember the days of "sartorial slavery." Nearly one-thirtieth of the freshmen at Southern Methodist University. There are plenty of signs that it is probably not yet the end of the world for the college.
