THE SCHOOLBOY'S PICNIC

Yes, it was a good affair. Without a doubt, everyone enjoyed himself. For a change, the undergraduate fraternity ugs get-together for two years. While at times the evening par-
took on the hue of a night which would bring despair to most troupers, the event was a singular lack of socializing activity. All the general participants were merely schoolboys luxuriating on a height of enjoyment.

The Committee should be complimented on the success of the affair. Starting under a handicap of mistrust, suspicion and even active opposition, they carried through the event in a climax most satisfactory to all. There was a student about the whole thing which was gratifying to those of us who will not be-

Smoker Tips 16 on Big Secret

Norwood, Ohio May 8, 1929

Lars & Brandt Company

Gentlemen:

For over forty years I have been a smoking man. I was always smoked a pipe, but for some reason or other I have started smoking cigarettes. I have tried all kinds of pipe tobaccos, but not one of them is satisfactory.I have tried one of your pipe tobaccos, N-N-B-U-H, and have been pleased with it. My wife is satisfied with it also. We have used this tobacco many times and have found it satisfactory. We have been using this tobacco for over two years and have been pleased with it.

I have started not less than six times a day, as we do not have smok- ing facilities in the office where I work. I am satisfied with the tobacco and will continue to use it.

I hope you will continue to manufacture the tobacco as it is satisfactory.

Very truly yours,
