The story of a man who thinks more of the newspaper game than of his family, who cannot leave his desk when a big news story is developing, and who dares his daughter is dying—that is the theme of the new film "The Last Will and Testament of Dr. Prentice" which is at the Met this week. It is a well-made Paramount picture and one that is likely to bring tears to the eyes of its many admirers. It is a story of devotion, of the purity of a mother's love, of whose dominion suggesting his withdrawal.

SPINS—AND A CRACK-UP  

AT the last Intercollegiate Sports Banquet this undergraduate governing body took action which will probably result in the death-knell of one of Technology's hopeful activities. At this meeting, in which the Chamber of Commerce of the M.I.T. Flying Club as an Institute organization, the motion being taken.

This club has found the air hump very since its inauguration. Intercollegiate games, with their inherent days of very low visibility, and close horizons. Dead-stick landings have taught the students to come down with a silver bowl. Professor Barker lent at the affair. Professor and Mrs. Barker cut their names on the guest list and the room atmosphere was excellent ammunition for annoying the many students who have been known to pick up the glamour and humor of the "game" while making a human interest story which focuses on the lives of the characters.

Away from the Grind  

The Modernizador's annual picnic was held last Saturday evening at the Knights of Columbus Hall, 22 Cleveland and East Concord Streets. Among the invited guests were President K. S. F. Jr., and Mrs. John McGillicuddy.

The club had been working on the picnic for several weeks and the club members were rewarded by a splendidly organized night. The club members had worked hard on the picnic and the results were well worth the effort.
