Saddened Frost Finds “Free” Bawling Costly

One unkown freshman believer of the “new wave” was the author of this composition. He was once “on the inside”, treated kindly every day and full of delight. He even required the other members of the team. Suddenly, as he passed by, the.colleges were his words. His story made the newscast on the radio. He is reported to have died of heart failure.

The decision of the Interfraternity Conference to hold their next dance at Longwood Towers brings up again the oft-repeated question, "Why is Walker never used for student affairs?" The organization, representing a considerable part of the men at the Institute, should refuse to consider holding the dance "on the campus" indefinitely. The general feeling that Walker does not meet the requirements as a student dancehouse.

In discussing Interfraternity Dances at all, a number of important issues are involved. In the first place, there is a strong prejudice against them which has to be overcome. Their disapproval dating back to a "brawl" held at Alden Park Manor in 1926, the authorities have looked askance at the whole series of affairs. The dances have not been of such character as would arouse student enthusiasm—poor music and food, inadequate space, mismanagement and general tone explain this feeling. To meet these difficulties the fraternities are planning extensive improvements. Each fraternity will be allotted only about half as many tickets as last year. The price of tickets probably will be increased.

Plans are already going forward for a combined dormitory and fraternity ballroom, with the added advantage of negligible price. Drapery is to serve the double purpose of bettering the acoustics and providing a room much more beautiful and spacious than any restored hotel can boast of. A more general use of Walker Memorial is expected to solve the problem of a place. To accommodate the increased attendance, the music will not evidence last year's mediocrity.

The prejudice against Walker is undoubtedly due to its unprepossessing exterior. To most visitors from the Street, its dingy gray facade is an indelible reminder of a combined dormitory and fraternity hall. To be held in Walker. To paraphrase the famous saying, it will be "as if the students had built it, and the students have built it." The mode of entrance may lead to belief by the uninitiated.

The question of whether Walker, with all its drawbacks, should be the site of another dance, is a matter of considerable importance. The said campus dances can be more appropriate than that held in Walker. To paraphrase the famous saying, it will be "as if the students had built it, and the students have built it." The mode of entrance may lead to belief by the uninitiated.

Violet Rays of Sunshine

not “artificial treatment”—make OLD GOLD

... a better and a smoother cigarette

OLD GOLD brought about a great change in smoking habits.

It gave smokers a new freedom of enjoyment

... without any forbidden limits.

The man who used to say “I can’t smoke until after lunch... my throat is sensitive in the morning” now finds that he can “light up” whenever he pleases.

For his morning OLD GOLD has no more throat-scratch than his breakfast omelet.

Likewise all those who have to guard their throats... uncles, aunts, sisters, and the like... no longer have to stint their smokes, for OLD GOLD is as free of throat irritants as a glass of spring water.

Better tobaccos did it... naturally good tobacco... extra-prime leaf made irritation-free by the violet rays of sunshine... not by "artificial treatment"

If you like food that is naturally good, instead of food made good by "artificial perfections," you would be sure to prefer OLD GOLD’s natural tobacco goodness.

Try a package... and get a vote of thanks from both your throat and taste.

Mother Nature makes them better and... with “not a cough in a carful”... On your Table, OLD GOLD—PAUL WHITEMAN BOW. Paul Whiteman, with his complete orchestra, every Tuesday, 9 to 10 P. M., Eastern Standard Time

There's a thrill for you, a thrill that's captured and brought to life again in the fast-action stories of all the important football games that you'll find every Sunday in the New York Herald Tribune. When men like Grantland Rice, W. O. McGeehan, Fred Hawthorne, Don Skene, W. B. Hanna and Richards Vidmer sit down to tell you about football games, their stories are almost as exciting as the games themselves. They know football from all angles and they write it that way—with all the skill of experience and with keen attention to detail and drama and the intimate personal "dope" that makes such good reading. Go to all the big games every Saturday; you'll find them in the sports section of the Sunday New York Herald Tribune.
