Technology's Possessions Include Over Eighty Acres

Recent Land Purchases Predict A Greater Technology in the Future

Like many universities the land owned by the Institute is spread over a large area and is used for various purposes, as indicated by the.

In 1861 the State of Massachusetts granted to the Corporation the original site occupied by the Institute. This included 50 acres located north of Harvard Street and west of Massachusetts Avenue. In 1881 the Corporation purchased the remaining 3 acres directly behind the Institute's main building.

In 1893 the General Committee of the Corporation decided to sell the land west of the drill field. The sale was completed in 1895 and the land was used for the construction of fraternity houses, Mrs. Moore's private apartment house, Riverbank Court and the area with the exception of the store. In 1924, 1926, and 1928 purchases of the land were made. The present main location of the Rogers building on this land formed at $1,500,000, which now represents 15 acres.

New road just east of Jordan Marsh's buildings on the land west of the drill field. How soon developments will start in the area is not known, but it is understood that the road will eventually be power lines which will eventually be

The Guggenheim Aeronautical Laboratory attached to MIT's Engineering Building, the block in which the Rogers building is located and the present main location of MIT's aeronautical engineering department. The laboratory was completed in 1933 and houses the Institute's offices, the Guggenheim Foundation, and the aeronautical engineering department. The laboratory also includes the Guggenheim Aeronautical Library, which contains over 100,000 volumes on aeronautical engineering.

Machias, Maine includes about 700 acres of land. This territory totals 30 acres.

As We Like It

"HOLIDAY"—THE PLYMOUTH

For light, ancillary comedy nothing could be more delightful than Philip Barry's "Holiday" opening this week at the Plymouth. It is a light comedy, perfectly put together, and with a cast that is fully cast and intact. Hope Williams, whom it will be remembered made her professional debut two seasons ago in "Paris Bouds" with Madge Kennedy, takes a glorious heroine and capably handles the part. She is in perfect form, coming from her opening line to her parting challenge on the outside of the door. The story is of a young man who was interested in establishing himself and is a law firm by his own efforts. But who is captivated by the idea that he would prefer to take time off for a few years while he is trying to acquire enough money to thoroughly enjoy life. He is not wise of his own finances in order to acquire it. He learns his lesson in his adoption for the occasion of his wealth and glory and makes it rather evident that his ideas will be anything but favorably accepted. The assistance of Hope Williams as his fiancée's sister in the situation of his diffusions makes a rollicking comedy full of interesting situations patter.

**M.I.T.A.A. Seeks Information on T**

Executive Committee Asks All "T" Wearing, Coaches, and Managers to Reply

The Executive Committee of the M. I. T. A. A. has forwarded the following questionnaire to all "T"ers, managers, and coaches on the athletic teams. It is hoped that this correspondence will receive careful attention in the formation of future policies which will be dependent upon the information derived from them.

Executive Committee requests that your answers be sent in as promptly as possible in order for the committee to continue the following questionnaire to all "T"ers, managers, and coaches on the athletic teams. It is hoped that this correspondence will receive careful attention in the formation of future policies which will be dependent upon the information derived from them.

d) Do you approve of awarding managers the same insignia as a place holder in the book of the year?

(i) Do you approve of what type of award you suggest?

(ii) Do you approve of the award of "T" for exceptional service as manager or of a recognized sport?

(iii) Do you approve of an award similar in honor but in some respects distinguished from the "T" as an award to managers of the school?

(iv) Do you favor the present rule which allows the award to a freshman instead of a senior or junior?

(v) Do you believe that any freshman should be worthy of all tradition. The Executive Committee of the M. I. T. A. NOTICES - ANNOUNCEMENTS
Of General Interest
Hydraulic Turbines
Dr. Ing. D. Thoma
Wednesday, October 23, 2 P. M., Room 1-190
Dr. Ing. D. Thoma, Professor of Hydraulics, Water Power Machinery, and Water Power Plants, will present the eleventh lecture in the series on Hydraulic Turbines and Related Subjects in Water Power Plant Design and Operation. The lecture will be called "The History of the Development of Industrial Turbines." The lecture will be illustrated by lantern slides.

THE TECH
Trip to Library
Incorporated In English Course
Importance of Finding Information Emphasized by Instructor
The teacher of the ability to find and interpret information as an essential part of an education was strongly emphasized by Professor William A. Jamison in a recent interview. Meanwhile, in the fall session, the student was given an introduction to the use of the library. Those lectures are reinforced by the trip to the Public Library, where the students, in groups of eight or more, are supervised under the instruction of Professor Jamison. The students are responsible for the material collected by them and are to submit a written report of their findings. The trip is a source of obtaining information on many useful and valuable subjects.

FILING
FENCING
All freshmen who wish to substitute box A, B, or C for their final time on this year's team, are reminded that they must do so before October 21.

AERONAUTICAL ENGINEERING SOCIETY
The Aero Club of the Engineering Society is now forming. All persons who are interested in this field are urged to sign up as soon as possible in the Main Lobby.

SOCcer NOTICE
All freshmen who are out for soccer must make a report to the Coach every morning at 7 o'clock.

FRESHMAN FENCING
All freshmen who intend to substitute for their regular sport must sign up at Henry P. McCarty's office before October 21. All men who have previous instruction in fencing are requested to report in Walker Gymnasium either today or Friday at five o'clock. All others are requested to report at six o'clock. This request is necessary in order to have the required number for the team.

BAYONET SOCIETY
A meeting of the Bayonets Society will be held at 7:30 o'clock in the Kappa fraternity house at 27 Commonwealth Avenue. A large number of members are expected to be present.

FRESHMAN TRACK
All freshmen planning to substitute for the final time for P.T. substitute track for P.T. must make the substitution by signing up at Henry P. McCarty's office not later than 12 noon, Friday, Oct. 18. Men interested in track are requested to report to Manager (last name) immediately.

PHOTOGRAPHIC SOCIETY
The Photographic Society will hold a meeting at 5:00 o'clock, Friday afternoon. At this meeting, the committee will plan for the coming year. All members will briefly explain the past year's work in the field of photography and all others are urged to be present.

TECHNIQUE
The roll of the student section in the Technical Association is now open. All members are requested to make their entries at the office of the Technical Association.

FRESHMAN BOXING
All freshmen who intend to substitute for the final time for P.T. must sign up before October 21. All men interested in trying out for the P.T. substitute team are requested to leave their entries at the desk in the M. T. A. A. office. Those interested in trying out for the P.T. substitute team are requested to leave their entries at the desk in the M. T. A. A. office.

FRESHMAN TRACK
All freshmen who intend to substitute for the final time for P.T. must make the substitution by signing up at Henry P. McCarty's office before October 21. All men who have previous instruction in track are requested to report in Walker Gymnasium either today or Friday at five o'clock. All others are requested to report at six o'clock. This request is necessary in order to have the required number for the team.

FLOOR POLISH LOSTER
The floor polisher of the T. C. A. is in a position to receive credit. The pliers are made by the T. C. A. and the floor polisher is in a position to receive credit. The floor polisher is in a position to receive credit.

NOTICE
HI, FRESHMAN!
THE TECH issues forth a call for candidates for positions in the circulation department. Further promotion from circulation manager leads to business manager or general manager. Call at 302.

CALENDAR
Wednesday, October 23
2 P. M.—Hydraulic Turbine lecture, Room 1-190, Dr. Ing. D. Thoma.
5 P. M.—Meeting of Freshman Class, Room 10-258.
9—15 P. M.—Last day for F. T. substitutions.
6 P. M.—Meeting of Freshman Class, Room 10-258.
Saturday, October 26
6—9 P. M.—Boston Boat Club Dinner, Faculty Dining Room, Walker Memorial.
Tuesday, October 29
2:30 P. M.—Architectural Society meeting, Rogers Building.
