The Burnelli plane, which has been the subject of much attention among the aeronautics engineers, the “flying wing,” is a type of aircraft that has been designed to approach the closest possible approximation to the ideal of the 19th century’s conception of the airplane. It is said to be the first airplane to have a fuselage made in the shape of an airfoil, or “wing.” This design allows for unprecedented aerodynamic efficiency, as the drag on the leading and trailing edges of the wings is minimized to the greatest extent possible. The ailerons are located at the ends of the wings, and they are used to control the roll of the aircraft. The plane is powered by two motors mounted on the wings, and it is equipped with brakes on the front wheels. The plane has been issued by the management of the Uppercu-Burnelli Company, who have been building airplanes for a number of years.

THE LOUNGER

Friday, November 1, 1929

THE TECH

In the Lounger's ears that they receive favorable mention in their respective home town papers. It comes to the Lounger's acts that several Sophomores want to participate. And the reason? Because it's a joke.

The Lounger wishes to take this opportunity of informing all intelligent representatives of the two lower classes, as well as any adolescent Juniors, that he will be quite preoccupied in the center today, wearing a certain color, and with certain emotions in his heart, for it is the tradition of the Lounger to be completely oblivious to all things, whether happy or sad. As a result of this kind indulgence, he will personally see to it that they receive favorable mention in their respective home town papers.

SQUASH CONTEST WILL START SOON

Today and Tomorrow Last Days for Sign-ups—Many Out for This Sport

Sign-ups for the coming Squash Tournament will close tomorrow at noon. All men who desire to partici- pate in the tournament, and have not yet signed up, are urged to report immediately at the track house. A meet- ing will be held Monday at 5 o'clock at course seven and eight. It is en- sued that all candidates be there in order that they may acquaint themselves with the other participants, and the rules of the tournament is to be conducted.

Coach J. L. Summers stated yester- day that the students seemed to take a great deal of interest in the game. At least 45 men have already turned out. He said that he did not have any difficulty in teaching those who have not had any previous experience in the game. He also expressed a de- sire for entire players to come out for the Squash Tournament, and that the losers in the tournament are certain to stand them in good stead in the indoor courts. Coach Simmons also suggested that squad athletes be a great means for tennis players to indulge in a varia- tion of their preferred sport when cli- matic conditions make it impossible for them to play on the open courts.

The required number of circuits will go on the field tomorrow as follows: Hatton, center; Marshall, right guard; Kibler, left guard; Marshall, right tackle; Cooper, left tackle; Sing, right end; Sklar, left end; Newman, right end; Sing, right guard; Sklar, left guard; Marshall, right half; Sing, left half.

Coach Simmons of the Sophomores given the opening lineup of the season. As of this afternoon the program is as follows: (Di- vine, right end; Robinson, left end; Bracken, left guard; John- son, right guard; Newcomb, center; Carleton, right tackle; Captain Paul, quarterback; Balgh, right halfback; Catt, left halfback; West, fullback; Barlett, Sear, Carleton, end; Eades, back- will be substitutes for the first Sophomores eleven. The lineup of Sophomores eleven is as follows: Wyman, goal; Haw- kin, left; Velez, center; Serralach, inside right; Kashemsanlta, inside left; Vimalanachon, outside left; Vimalen, who had a shoulder dis- located in the Dartmouth game, did not get to have his arm come out of his practice, and will probably be out of action tomorrow.

WRESTLING

There will be a selection of all wresting candidates, both worshipful and freemasons, on Monday afternoon at 5 o'clock in the Hangar Gym. All men subscribing wrestling for P. T. are requested to be present.

SOCCER TEAM TO MEET BRIDGEWATER

Team Hopes to Win First Victory Tomorrow Afternoon

Due to the poor showing of the bootloader in their last game with Wren- ter for Norrich, the probable outcome of their game with Bridgewater is in doubt. After playing a sterile game against Dart- mouth the previous, the boys are off again last Saturday when they were defeated by the Westerome team 2 to 0. Fractures, who played for a short period in Saturday's game will be in the lineup to start tomorrow. The Steep as they will start tomorrow at 3:00 P.M. The first round will be in the Herbert-Boss match will play 2 P.M. Survivors of the 2nd round will play for the championship.

Tentative Lineup of 1933 Team

Coach J. L. Summers announced the opening lineup of the season as follows: (Bartlett, right end; Chadwick, left end; Sharp, left end; Newman, quarter- back; Ward, fullback; Bartlett, Sears, Macullar, right tackle; Kashman, right guard; Newcomb, center; Jenkins, left tackle; Rogers, right back; Chadwick, fullback; Swartz,

Field Day Rivals Meet To Settle Year’s Supremacy

Annual Battle Excites Much Enthusiasm Among the Underclassmen

(Continued from page 1)
Both groups are confident, however, and it should be a great race right through to the finish. As an event in which weight usually triumphs, the freshman tug-of-war team appears certain of victory. The Sophomore team is definitely superior in numbers and has a slight advantage by virtue of the barge boat which the Sophomores are expected to meet in the course. Their only hope is that their superior force may enable them to win a narrow victory.

The result of the chase fight is a foregone conclusion. By sheer weight, the prejudices are expected to crown the Sophomores, although the freshmen would have a slight advantage by virtue of the fact that the Sophomores are expected to use the barge boat. The freshmen won.

Mass Meeting of Sophomores Held Wednesday Night

Team Captains Outline Prospects of Class of 1932 on Field Day

Concluding the preparations for Field Day, the Class of 1932 met Wednesday afternoon at 5 o’clock in Room 306 to discuss the final plans for the event. Although the attendance of the Sophomores was poor, the business meeting made up enthusiasm which it lacked in numbers. The meeting was opened with a prayer, led by William A. Caffrey. Afterwards, the captain of the Sophomore tug-of-war team outlined the progress that has been made with the relay team. He explained that although last year the relay race was the only event met by the Class of 1932, this year the meet is much improved and will be sure to give the freshmen a good race.

The Sophomore tug-of-war team is decisively outmanned by the freshmen, and thus turn in a win.

The result of the glove fight is a foregone conclusion. By sheer weight, the prejudices are expected to crown the Sophomores, although the freshmen would have a slight advantage by virtue of the barge boat. The freshmen won.

Fraternity Dances

Take advantage of these opportunities to give your own car and make them better.

Field Day Banquet

The annual Field Day banquet will be held Field Day Nov. 1, at North Hall of Walker Memorial. All members of the Class of 1932 and others are invited.

SHE’S FUNNY THAT WAY!

LEE MORRIS has a tricky way of stepping right off the face of a record and becoming perfectly charming to you—if it’s something more than singing.

You’ll find all the familiar Muro music suspension back the

song hits on her newest Columbia record. One is a lively number in

dance tempo—the other a crooning intimate ballad crammed with lots of “something along.”

Before your dealer wraps this one up for you, have him play

these stoppers, too...
