Following is an official statement from John F. Bennett, Chairman of the Institute Committee, regarding the question of whether the freshmen or the Sophomores would have the victory.

"Last fall, the Institute Committee granted a recommendation that the pulls for Field Day should be changed so that football game four and the golf game four. This month, however, was not brought to the attention of the Advisory Council on Athletics. The Institute Committee, in the past, has always had final authority over all athletic events, a category which traditionally includes Field Day. Therefore, their decision to maintain the former arrangement of putting the athletic events on the Campus at the end of the year."

FIELD DAY AFTERMATH

ORIGINATING with the announcement at the Field Day Banquet that the Class of 1932 might propose a contest, student opinion is strong in its belief that an injustice has been done. The basis of this opinion is that the voting was not unconditional. This is contrary to the scoring of last year in effect, and the Sophomores are feeling under fire.

The whole matter hinges on whether the Glove Fight should contribute towards the total points awarded for the day. The belief is that the Glove Fight was arranged immediately after Field Day last year, the motion was passed that "the points for the event of Field Day were to be reassigned so that the football game counted four points, the crew and relay races three points each, the tug-of-war one point for the glove fight, on Field Day, etc." Furthermore, "The Chairman of this committee is, in spite of conflicting constitutions, it seems that the Council's identification of Field Day, etc." Therefore, the motion was made that the contest shall be final.

However, this motion was never brought to the attention of the Council, rather it was recommended by the Advisory Council committee. It has been suggested that the matter be referred to the Advisory Council, which originally constituted the Council itself.

In a section entitled "Field Day Committee's Actions," it is stated, "In a meeting called to order by W. Rowe, Secretary-Treasurer of the Institute Committee, it was recommended that the Advisory Council committee adopt the recommendation of the previous meeting of the council for the day. This motion was made and carried and the Advisory Council committee recommended the procedure been followed the Council's action taken. Under the Constitution governing this contest shall be final."
