Dinner Meeting

Turkey Supper will be Served at Second Gathering This Season

For the second time this term, members of the A. I. E. E. will meet at a dinner gathering this season. In the first instance, the meeting will be held in the East Hall, where Mr. J. H. Rigby, the President of the Department of Electrical Engineering, will address the group on the topic of the "Future of the Electrical Industry." The meeting will conclude promptly at 9:30 P.M.

In order that sufficient provisions may be made for the members of the A. I. E. E., who are expected to attend, those interested are requested to obtain admission receipts from any of the members of the Executive Committee, or in Room 400 before noon Thursday.

Juniors from Poster Contest Announced

Prices of $10 and $5 Offered For Best Designs

Numerous, prospective articles about the subject of "The Future of the Electrical Industry" have been submitted for the announcement of the Junior Poster Contest. The judges have made their final selections and will be announced in the near future. The contest is open to all students.

A Free Lunch Journal Sunday Night

At the conclusion of the second week of the Faculty Poster Contest, several changes in the program were announced. Among these was the change in the schedule of the contest. The present, several days ago a card was distributed to all students informing them of the rules of the contest and how to enter. It is interesting to note that if it is not held, the contest will be held next semester.

New Hydraulics Lab Nearing Completion

Conversion of the old gas engine house to a hydraulics laboratory will be under way. A concrete foundation has been poured, and the necessary machinery and equipment have been purchased. The laboratory will be completed in the near future.
I goal, and are working steadily towards it—come Hell or high water. In Chicago, they do everything in a bold way—and with the above words as his watchword, he was a practical dreamer—an artist, but an engineer. In the rating by the Prudential Insurance Company of cities according to their crimes of violence, and corruption, Chicago has many jumps ahead of every other city in the country. Chicago has made its city park system and replaced them with edifices of architectural beauty and parks which have made the city's eastern edge a beauty and recreation center. This is just one of the many facts that Perkin might have had to report to his opponents—and with the above words as his watchword, he was a practical dreamer—an artist, but an engineer. Perkin's opponents might have said, "Mr. Burnham, you are incapable of recovering lost ground. No student worthy of the name will be a pupil of your school. Carbon Monoxide Gives Off By Gas Burners Investigated By A. G. A.

That some sort of test is one of the most necessary conditions in making sure that a gas fire is safe has long been recognized by the makers of appliances. Several such tests have been published recently in an effort to determine whether such an apparatus is safe. The one that is most widely used is the test for the amount of carbon monoxide given off by the appliance in question. Such a test may be conducted in the presence of the fire, or under the required weights.
