ADVISORY COUNCIL VOTES FOR SPECIAL MANAGERS' INSIGNIA

LACROSSE REFUSED FULL RECOGNITION BUT GIVEN FUNDS

Board Suspends Its Provisional Recognition—But Assesses Debts

FIELD DAY CHANGE MADE

Managers of Technology athletics teams will be awarded a special in recognition of their efforts in keeping the field clean. Because of the addition of a bar below the 7th walk that was made by the Advisory Council when it accepted the report of the Committee on Friday, the managers will be allowed to keep the field clean by a half a bushel and will be given $50.

LASER LAUNCHED WITH \textit{VIRUS}

Laser Launches a Laser as a Laser is launched into space. The laser is to be used in experiments to determine the effects of laser radiation on biological systems. The laser will be launched on a rocket from the Florida Space Center.

PRELIMINARY PLANS MADE FOR FIVE-YEAR REUNION, NEXT JUNE

Air Corps Flyer
To Address A.E.S.
Smoker Tonight

Dartmouth Students Wish To Buy Unrepaired Glider from Flying Board

Captain Joseph L. Eronne of the United States Army Air Corps will speak on Aviation at the possible site of the Aeronautical Engineering Society of 319th Room. Capt. Eronne has had a wide engineering background, and he will discuss some of the recent engineering problems that arise as a result of the development of aircraft technology.

THOMAS C. DESMOND HEAD COMMITTEE FOR 1930 MEETING

Alumni Gathering on June 6 and 7 Will Be Sixth Held Since 1904

PLAN DINNER ON JUNE 7

Preliminary plans have already been made for the A-Technology reunion dinner, which will be held on June 7. This will be the sixth of the five-year reunions of Tech and will be held in a large hall at the University Club. The dinner will be held in honor of the former students and graduates of Tech.

TICKETS NEXT WEEK

A dinner ticket will be held on December 13th in the President's Dining Room, which will be held on the campus. The ticket will cost $5.00 and will include a full dinner service.

DISTRIBUTION OF SENIOR TICKETS NEXT WEEK

Tickets for the Senior Dance that will be held on Friday night will be distributed next week. The price will be $1.50, and the dance will be held in Walker Gym.

LOWELL INSTITUTE PRESENTS LECTURE SERIES

On Exploration in Innermost Asia

Saul Stein, Author and Explorer, Will Relate

Adventures

Archeology is well represented in the Lowell Institute Lectures. Saul Stein, explorer and author, will relate his adventures in the interior of Asia. Stein is a member of the American Geographical Society and has made several expeditions to the remote regions of Asia.

NEW T.C.A. CABINET MEMBERS ELECTED

Financial Policy Regulating Publication Finances

New elections in the T.C.A. Cabinet will be held on Friday afternoon at 4:30 p.m. in Room 105.

R. A. Gram to Give First of Lectures In Alred Series

Eminent Architect Will Speak On 'Building of a Great Cathedral'

Mr. Ralph Adams Cram, who is engaged in the design and construction of some of the most famous cathedrals in the world, will give a series of lectures on the subject of 'Building of a Great Cathedral'. The first lecture will be held Friday afternoon at 4:30 p.m. in Room 105.

ercey's view that the "Building of a Great Cathedral," is considered to be the most significant achievement of the 20th century. Cram is known for his work on the design and construction of many of the world's most famous cathedrals, including the Hispanic church in Madrid and the Cathedral of St. John the Divine in New York.
With the recent increase in popularity of the course in Aero-
autical Engineering, there have developed difficult prob-
lems, both to the men studying in this branch of engineering
and to the men teaching them. This is an important
situation: In what shall I specialize in this vast field, and what
shall I do with my knowledge once I have graduated?

There are many different fields in which we shall teach these
students, that they may best develop their latent abilities and
find that the worthwhile place among the Institute.

Here are the answers to these questions given by Guy W. Vaughan,
vice-president and general manager of the Wright Aeronautical
Corporation. A number of the columns from this page are
in charge of these issues:

Student Branch
Will Hold Third Dinner Tomorrow

Mr. E. S. Manfield to Speak
On Use of Electric Power

Members of the M. I. T. Student Branch of the A. I. E. E. and all freshmen and sophomores will meet for the third regular dinner of the term at 6:30 o'clock in the North Dining Hall.

A motion picture, illustrating a number of the experimental laboratories of the School, will be shown. Mr. Manfield will address the assemblage on the subject of the opportunities afforded the experimental laboratories in the education of the engineering student.

Last Year's Freshmen

The last year's freshmen will be the speaker at the luncheon address of the faculty members, which will be served at 12:30 o'clock in the North Dining Hall.

For One and Two-Mile Relay Teams

As a sequel to the freshman and sophomore one and two-mile teams, two separate relay teams in the relay events will be entered in the Intercollegiate track meet to be held at the Harvard Stadium on April 20th.

The captain of the team will be announced at a later date. The squads will be composed of two freshmen, two sophomores, two juniors, and two seniors.

The relay runners will be selected from the members of the squads after the meet has been held.

FIELD EVENTS TEAM IS STRONG

This year's relay runners will be a number of the athletes of last year's and the current cross-country season. In the field events, a number of the competitors of last year's track meet will also be on the squad.

The members of the team will practice on the track at 2:30 o'clock on Tuesdays and 3:30 o'clock on Thursdays.

Cross-Country Men Report

Kearney, a senior, and Patton, a graduate, were among the new men who reported for practice last week. The team is now composed of 16 men.

The captain of the team will be announced on April 16th.

MUSICAL CLUBS TO GIVE XMAS CONCERT

Annual Concert and Dance To Be Held in Brookline Tuesday Evening

In connection with the Christmas season, the Combined Musical Clubs of the Student Branch of the American Choral Directors and Union of Fraternity Varsity groups in Boston.

The concert will open at 7:30 o'clock with the chorus, the Boston University Scarletmen, under the direction of Mr. H. C. T. Abbott, of the Union of Fraternity Varsity groups.

The concert will continue until 10 o'clock, and will be followed by a dance.

The concert will conclude with a short address by Mr. E. S. Mansfield, of the Union of Fraternity Varsity groups.

Field Events Team Is Strong

The field events team will be composed of the same men who won the event at the Boston meet last season. A number of the men will be entered in the meet on April 20th.

The men were selected from the members of the track meet after the meet has been held.

This affair was marked by a great pageant, symbolic of the spirit of progress of the men and the passage of the days from his old building.

Telephony knows no barriers

Telephone lines must cross natural barriers. This means construction methods must be flexible, readily varied to peculiar local conditions.

Special problems arise, too, in telephone laboratories, factory and central office. How to protect poles from insect attack? How to develop more compact equipment for use in manholes? How to assure a sufficient number of trained operators? How to build long distance business?

It takes resourcefulness to find the answers, to surmount the barriers. There is no stereotyped way.
