"DER TAG"  

JUST as "Der Tag" was famous as the beginning of an ambitious empire's plans, so today is the day which must be set apart for a new Walker. This evening the Senior Class Dance inaugurates the social season at Walker Memorial.

Preparations are complete to make this a long remembered event. Floral decorations will further beautify a room whose quiet dignity rivals any ball room in Boston. For those who wish to "do it up," ample accommodations have been provided. The grill room has been transformed by the addition of expensive hangings and warm lighting effects.

The orchestra, Roy Lamson's "Harvardians" need no further words--its popularity is well established. Roy Lamson's "Harvardians" need no further words--its popularity is well established. Particularly do we exhort fraternity men, even those who wish to "sit out", ample accommodations have been provided.

But the protest of the people is not the only reason why it is impossible, for every nightclub and cabaret owner, being set for a new Walker. This evening the Senior Class Dance inaugurates the social season at Walker Memorial.
