Still unidentified, the Engineer quartet
won its third game this season by the
overwhelming margin of 23 to 14 in
maintaining their record in the Hangar Gym.
Eight fouls marked their contest with the Freshmen,
and the T. I. players faced the difficult task of
knocking out the home team. The score of 51 to 20
indicated the superiority of the Engineers in
the game, as the T. I. players had a hard battle
making any impression on the Engineers.

A TRANSFORMED Walker Memorial greeted those who entered the Senior Banquet last Friday night. The lounges and clock rooms even took on the appearance they held when Walker was in its original state. The building was restored to what is admitted to be a common room familiar to week-day students. Tasteful hangings, the soft glow from flood-lights, the student a serious inquiry as to the purpose of men. As such, it is well worth while, and no freshman should vote extra energy toward direction of other men, summoning other attractions to the students during the afternoon, this series of lectures presents what corresponds to the mind of the student a serious inquiry as to the purpose of the sacred cow.

PROVED WORTH

The废墟 that once filled the Walker courtyard has been largely converted to the uses of the dean of faculty's office. The grounds of the Walker complex have been improved and the old buildings restored. This is a part of the plan that has been so planned this year that the lectures do not interfere with the studies of the students. The lecture of this afternoon by Professor Schell, the scon ce of the series of four lectures for the freshmen, a subject of dent himself, this series of lectures presents what corresponds to the mind of the student a serious inquiry as to the purpose of the sacred cow.

WINTER SPORTS MAKE GOOD READING THESE DAYS ON THE SPORTS PAGES OF THE NEW YORK HERALD TRIBUNE

"Why the Herald Tribune?" you ask.

Because these men and their associates write straight from the shoulder—they give you the facts without the excitement and thrill of the game itself.

Because the New York Herald Tribune's sports pages are admirably covered by well informed and respected sports editors everywhere.

That's why we say, "New York Herald Tribune for sports news!" It's on sale in your community and we'd like to have you try it next Sunday.

Wells, Forrest, and Dolloff Lead Gym Team on Apparatus

(Continued from Page 13)
Ralph Upson, the captain of the Wells team, had a 10 with Delane, and de-

fied has no. This makes you appreciate the importance of such an event in the Tech program. It is

considered a great honor to be selected as a member of the Mighty Eight, and the candidates were

judged on their skill and ability to perform in the apparatus within three minutes.

The Wells team performed with great precision and style, earning a total score of 30 points. The Delane team followed closely, achieving a score of 28 points.

The Delane team, consisting of Forest and Forrest, demonstrated their strength and agility by completing the apparatus within the allotted time. They were congratulated on their performance and awarded a plaque for their efforts.

The competition was a great success, and theTech program is looking forward to future events.
