SOPHOMORE EIGHT VICTORIOUS

FIELD DAY FRENZY MOUNTS AS BOTH CLASSES PREPARE FOR IMPENDING STRUGGLE

1933 PRESIDENT ELUIDES FRESHMEN AFTER SKIRMISH

Bonquets Tendered Members of Teams This Evening
ODDS FAVOR SOPHOMORES
Both classes, at the peak of fighting energy over the incidents of the last week, were undoubtedly looking for the zero hour of Field Day, which will take the form of a tug of war at 4:05 p.m. tomorrow. The Sophomore class has been in practice the most, and is considerably ahead of the Frosh in elapsed time.

As bad as it sounds a series of abductions and attempted kidnapping, a spirit competition by both classes, will today actually overthrow in the eyes of the class the result of this event. By the end of the day the Sophomore class will be out two to one.

A record number of students, including many prominent Alumni, will be in attendance. (Continued on Page Three)

Pres. Compton Plays Popular Squash Game

Three Major Tournaments Will Dominate Opening of Squash Season

President Karl T. Compton was an enthusiastic spectator of the opening squash tournament on Monday. He took a particular interest in the events only this week. He was out there of his own will and was not only there to see the activities and get the feel of the season, but to make the fact that the squash season has not yet started known.

On Monday the official opening of the squash season will take place. The tournament will be a double-round-robin affair. The teams will be divided into two classes, Frosh and Soph. The top lists of both classes are considered to be the best in the nation. These lists are still open for anyone who wants to enter the tournament. Any premium or any challenge fee is paid by the one who listed in the first place. These lists will be posted opposite the box office. In addition, there will be a $1000 prize for the best all-round player in each class.

Raining Action

With very little discussion from the floor, and after the reading of a letter from Professor William C. Green, the motion to approve the action of the Tech Show Budget Committee was passed unanimously. After the last meeting, William C. Darby, general manager of the organization, explained that an effort will be made to dispose of the properties and equipment of the show, and that the proceeds will be used to defray the deficit of the show. The funds will be placed in the hands of the trustees, and will be returned to the William Memorial Committee.

Tech Show Action

The funds will be placed in the hands of the trustees, and will be returned to the William Memorial Committee.

More Men Needed for Tug-of-War

More men were urged to go out for the tug-of-war team that the team will enter in the Sophomore Cup. Coach John Hedlund reported that he was greatly pleased by the attendance at the tryout. He said that the Freshman Cup team was getting along very well, but that the Sophomore team was getting along a little better. Hard work before the rally will be the aim of the team.

Coach Levering was kept out of the tug-of-war team, as he reported on the Freshman Cup team. The Fairman Cup team was also reported on the Freshman Cup team. The Fairman Cup team was also reported on the Freshman Cup team.

Garbage Prohibited

All the speakers of the day warned Garbage Prohibited. (Continued on Page Three)

AGGRESSIVE SQUAD MEETS SOPHOMORES

Fresenmug Tug-of-War Team Shows Better Form

Preliminary team practices at 8 o'clock for the last time before meeting the Sophomore squad this afternoon. The Sophomore tug-of-war team showed splendid skill in pulling together and in a straight line, although their efforts were somewhat hindered by the soggy conditions of the field.

At noon, the representatives of the team met in the wooden tents in the rear of the Central Square house. The student government, working in conjunction with representatives from the Student Association, has made arrangements to carry out the decision to place the Field Day Field in as follows:

"In order to protect the good name of the undergraduate body and to prevent such interference as has previously occurred in a number of cases, it is hereby given that the premises of being involved in any demonstration on the Institute grounds."

Karl T. Compton, President.

FIELD DAY FRENZY SWEEPS TWO CLASSES

The excitement of the last week found an outlet in the affairs of two classes yesterday. These classes have been given a great deal of attention by the students, who have been trying to win the desired position in the class. With the help of the officers and the students, the classes have been able to carry out their plans for winning.

October 30, 1931

FROM ONE END OF THE LINE TO THE OTHER, THE SOPHOMORES ARE PICKED BY COACH

The Sophomore and Junior classes are in a state of great excitement as they prepare for the Field Day games. The Sophomore class is practicing under the guidance of their coach, who is giving them special training for the events. The Junior class is also practicing, under the direction of their own coach. The games are scheduled for tomorrow, and both classes are confident that they will win.

Dr. Flanders Talks
On Possibilities of Economic Control
Mechanical Engineer Addresses Initial Meeting of Liberal Club

Dr. Ralph E. Flanders, vice-president of the Institute of Mechanical Engineers, spoke at the first meeting of the M.I.T. Liberal Club members and guests Thursday afternoon on the subject of "Limitations and Possibilities of Economic Control." It must have been very difficult to confine attention on such a complicated subject to an intelligible manner, but the fact that the lecture was understood was evidenced by the express discussion which followed it.

Hypothetical Engineer's Position

The engineer's position in relation to the present economic conditions was emphasized by Dr. Flanders. Essentially, he declared, the engineer has not created this particular depression, he asserted. Contrary to the idea held by most people, Dr. Flanders declared that our financial condition is not due solely to a business depression, but to a combination of causes, which he enumerated as "out-of-work" depression superimposed on a typical recession and depression in agriculture.

Last year, the members of the varsity and the freshman soccer teams are in meet in the track Saturday, and the freshmen will be there to witness the victory to Worcester, and the freshman to Exeter tomorrow to play the prep school boys on their own field. Exeter Academy Soccer Team
