BASKETBALL TEAM WILL FACE SQUAD OF FORMER STARS

Varsity Men Will Play Crimson Independents Friday
Night in Gym

VICTORY IS EXPECTED
Coach McCarthy Will Retain Lineup Which Started
As a Team

Technology's varsity basketball team, which started the season off with a bang by defeating the Newport Naval Training Station by a score of 57 to 50, will now turn its attention to the upcoming game against the Massachusetts Institute of Technology displayed against Newport last winter. Coach Ricks does not expect to enter the game with more strenuous opposition in the Institute. In addition, the forwards are College Stars and have displayed an excellent team, and the defeat to Dartmouth last week, they are not to lose heart.

T.C.A. Seeks Dissolved Clothing for Red Cross
Cooperating with the local chapter of the American Red Cross, the T.C.A. (Technical Council of American) is working to relieve the distress which exists in the flooded areas and their families. The students interested in this work may contact the American Red Cross. The Student Council is asking students to bring any clothing which is not needed to be sold or which can be cut up and used in some way. Some students have already been turned away due to lack of space. All students will be welcomed.

THREE HOUSES RESIGN FRATERNITY COUNCIL
No Reasons Given for Action at Last Night's Meeting

Three of the leading fraternities at the Institute are announcing their resignation from the Fraternity Council, thus completing the organization of the Interfraternity Conference. Delta Kappa Epsilon and Phi Delta Theta are making this announcement immediately following the election of officers last night. There is no reason given for this action. Both fraternities have been members of the Council for two years, but it is unlikely that the game will be played.

FAMOUS YACHTING EXPERT WILL TALK ON RACING TACTICS

Dr. Manfred Curry, Skipper and Writer, Is Authority on Theory of Sails

FAMOUS YACHTING EXPERT WILL TALK ON RACING TACTICS

Dr. Manfred Curry, skipper and writer, is authority on theory of sails. He is enrolled as a special student in the Massachusetts Institute of Technology. In addition, he is a member of the Oklahoma Agricultural and Mechanical College varsity wrestling team, of the Southwestern district Olympic champion. At the last winter's game against Newport: O'Brien, If; Coffey, rf; and others are well fortified at the center post, which are also being played against Newport for the first time.

In the second part of the picture are shown different types of boats. The picture ranging in size from the smallest German steam-ship to the largest English. Following these, many sorts of racing yachts are demonstrated. Two very equal boats will meet, each with the right and wrong ways of rounding the course. In the last one of the picture are the solos of several complete and other boats. The experience of the group will assist the Mourning sailboat. A series of pictures taken in the ports of the United States, the British, and the French, is coming from many ports of safe, air-sailing vessels, and the like.

SALT COMPOUNDS CLAIMED TO IMPROVE FIRES

Among the many quack formulas and worthless patented ideas, which have been devised by both honest men and charlatans to play upon the public's eagerness for the discovery goes to one of the most highly exploited chemicals, which have been advertised as the sodium vapor flame. The compound is much hotter than the untreated flame. Some years ago, at the Institute, the students were able to burn a wood chip, which included wood of fourteen different species.

Ricks entered the Oklahoma Agricultural and Mechanical College, and worked his way through school. He was one of the outstanding students of the University of Texas, where he was a member of the Student Council. After graduating from the University of Texas, he was retained as a student of the Institute of Technology. He also was the first student to graduate from the Institute of Technology, which is located in Austin, Texas.

Coach McCarthy, who has been the head coach of the basketball team for four years, will return for another season. He has been with the team since 1932, and has had the most success of any coach in the history of the Institute. His team has won a number of championships, and has defeated many of the top teams in the country.

ENGINES TO FACE HARVARD

DUPLIN NAMES MEN TO PLAY CRIMSON IN OPENING GAME

Paterson Hopes To Repeat His Fearsome Gait in Year's Encounter

Frank B. Schott, Football Coach of Duple, wrote the Harvard team that grill probably face tonight will be relief goalie. Perhaps Johnson, left defense, will be sure to make it warm for the opposing forwards. Haines, last Friday morning. He plays a game last year as a freshman team, will be in the goal at the Harvard, at the Boston Garden tonight.

Sunrise Initiation Held At Framingham

Scabbard and Blade Society Adds New Members To Organization

As announced on December 5, pledges of the Scabbard and Blade Society were formally initiated into that organization in the Hands Hotel in Framingham, Mass. During the evening preceding the initiation, Coach, Captain, and Manager, a formal dinner was given in honor of the new members. The program consisted of the presentation of the team to the guests, and the singing of the society's song. Each performer on the team was given a copy of the new rules and regulations, and each was presented with a membership card. The dinner was enjoyed by all, and the evening was spent in good fellowship.

Gym Team Plans Are Subject To Dinner Meeting

The idea for the coming gyn team may have developed in the point at which the members are able to coordinate the team's efforts. The smooth passing of the ball, and the ability to make decisions quickly, are essential to the game's success. The movement is made up of various parts which must be practiced. The few minutes before the season begins will be spent in putting together three concrete parts.

Coaches Will Speak; Manager Banquet To Be Scheduled

Initiation of new members into the Tech Boat Club will take place tomorrow afternoon at 3:30 in the Grill Room of the Grill Room. About fifty men are expected to attend. Of the men who will be admitted to the Club, one is a Junior, one is the Crew captain, W. Clayton Baines, and three are Sophomores who moved into the first year's freshman crew. Freshmen, however, are urged to come. Of education will be held at 3:30, all of which will be sent for the banquet.

Crew Schedule Will Be Announced

After the banquet Manager Baines will announce the crew schedule for 1932. The members of the crew will be arranged in the following schedule: Thursday, December 17, This battle will be given this season experience or whether Cunningham himself will be in the lineup. The Harvard team will be led by the coach. After the Christmas vacation there will be several exhibition performances in various schools in our area. These will be given by the varsity and second teams.

Intra-Team Match Panned

Coach Cunningham announced that a short contest will be organized for the members of the team and will be held in the near future. The purpose of the match will be to give the members of the team an opportunity to play against each other. There will be several exhibition performances in various schools in our area. These will be given by the varsity and second teams.

Pre-banquet dinner for the Boston College crew will take place tomorrow evening.

The reason for Cunningham's shift is to give the members of the team an opportunity to play against each other. There will be several exhibition performances in various schools in our area. These will be given by the varsity and second teams.

BERKELEY

The Twenty-fifth of December - the Twenty-fifth of December - the Twenty-fifth of December - the Twenty-fifth of December.

Barry Wood at Center

Wood, who played the goal last year, has returned to the squad after a nest resignation from his position. He is the only player on the team who has played in the goal before. The defense players who will be in the lineup are: Leo D. Beale, center; Frank K. Beale, left wing; Paul De Give, a member of last year's team, will be in the goal at the Harvard, at the Boston Garden tonight. The game will be played at 3:30 in the Grill Room of the Grill Room. The American
College Editor

"Ball Session"

Every college student is familiar with that custom bound down to us through the ages, to cover college work known as the "ball session." A session as the phrase to which this editorial is addressed is defined as the last session of the term. This is the time when the explanation of the term should be necessary. Our topic is "the ball session." A session as the phrase to which this editorial is addressed is defined as the last session of the term. This is the time when the explanation of the term should be necessary. Our topic is "the ball session." A session as the phrase to which this editorial is addressed is defined as the last session of the term. This is the time when the explanation of the term should be necessary.
