ELECTIONS APRIL 27
THE TECH Will Publish Complete
List of Candidates In Tuesday Issue

Interest in the class elections to be held in April 27 runs high. Numerous nominat-
ions have been circulated around the Institute and from all appearances com-
petition for class offices will be keen.

All nominations for the April elec-
tions should be made in the prescribed form and must be turned in to the
Office of THE TECH by 11 o'clock on Monday, April 26.

Several nominations have been gathered as features of the final "big time" events of
the undergraduate student body. The interest of which, has been never so great
at any of the previous Institute election meetings, will be witnessed at tables after
the fashion used in night clubs. This arrangement will replace the old method
of placing the podium in rows of chairs, which previously has been found to make the affaires more formal.

Dancing Unit 3 O'clock
Refrainments will be served at tables
throughout the Concert and the usual refreshments will be served at the conven-
tion that it is expected that the dancing will begin almost 3 o'clock after the end of
the 3 o'clock refrains. The Teatiretions will play for the dancing, which will include old-
dishonoured and a dance which prevails so popular at the recent Wheelock Dance which will span the
time during the dancing. The admission price of $0.00 people will include all
refreshments.

Contingencies with an announcement for changes for the Concert a notice of

As We Like It

OPERA HOUSE

"Countess Maritza"

"Countess Maritza" contains a greater proportion of irrelevant nonsense than almost any other current comic opera and it is this same nonsense that makes the production palatable for the innocent who has let his appetite for conveniences and romance gratify his disagreeable, fifty-year-old stage conscience. Every eye in Hartford, every person's eyes and hearts and hands, the inveterate.

Tourist and 3rd Class Become Exclusive!

Don't cut this Class, or you'll miss Europe! The entire Tour to Europe brought down the house. Many Cameron's sputtering and slightly Hibernian humor kept the audience snickering. There is also some nonsense not quite relevant, such as the deeper little hero who turns up unexpectedly as the prince of the story, which the readers has been given to her fictitious fiancé; and the spurned general who, unable to understand how any woman in her right mind could stand how any woman in her right mind could stand how any woman in her right mind could stand how any woman in her right mind could stand how any woman in her right mind could stand how any woman in her right mind could stand how any woman in her right mind could stand...
Tracksters Run In Handicap Tilt For Team Places

Perfect Weather Features Week Of Intensive Training For Rest Of Season

Track men have manifested their interest in the forthcoming handicap meet in an extent which includes a larger sign-up list than has appeared in any recent affair at Tech Field. Yesterday afternoon, amidst every track man appeared for a work- out, and all took advantage of the balmy weather to better their performances for the year.

Winners To Represent Varsity
Winners in the events tomorrow afternoon will be the men to represent the varsity in the home meet the following week-end.

Relay Race
In the Annual Spring Inter-Class Meet, which takes place later in May, it has been the custom in past years to run off a series of races between teams representing the Technology fraternities. It is the wish of Oscar Rudolph to run a similar relay between the different halls of the Dormitory on the first day of the month this year, as well as the regular fraternity series, and on the following day, to run a championship race between the two representative teams. If sufficient interest is shown, Dorm races will be held.

GOLF PRACTICE TO START NEXT WEEK

Technology's varsity golf schedule has been announced for this spring, and will consist of seven matches, five of which will be played away from home. The opening encounter of the season comes a week from today, April 20, against Waverley Tech.

Custis, G. L. Churchill '32 and Manager P. O. Miller '30 suggest that all men who have ever played golf before and are interested in trying for the team, report to the Athletic Association office at 3:45 this afternoon, if possible, or else at their teams with the Athletic Association secretary before Monday afternoon.

Special arrangements have been made for the team members to practice at the Commonwealth Country Club.

POWER SYSTEMS SUBJECT

Colloquium Subject

Electric power distribution systems as they concern the electrical engineer will be discussed in a colloquium led by Mr. E. W. Elliott, Electrical Engineer with the New England Power Association, next Monday and Tuesday, from 2 to 4 o'clock, in Room 10-275.

"Electrical Engineering Aspects of Power System Development," is the title of the discussion which will deal with many of the details and problems of this subject. Faculty, graduate students, junior honors students, and members of the instructing staff are invited to attend. As the presentation will occupy two days, students attending will be expected to arrange their schedules so as to be present on both days, out of courtesy to the leader.

When the Shelton opened (7 years ago) we began to entertain
college men and women. Gradu-
ally their patronage has in-
creased; we feel safe in asserting
that more students make the Shelton their New York home
than at any club or other hotel.
One reason for this is the free recreational features plus a de-
