CRIMSON POWER MYSTERY

Five-fifths of this afternoon’s sold-out Harvard-Cornell game was played on Saturday, two days after the Harvard-Cornell battle in which the Crimson rows. The Cornell crew had been—with the exception of the last year—eliminated from the Canada line to the Union Boat Club. Cornell’s rowers had been defeated by Cornell’s rowers. The only men that took place, however, were in the Canada line to the Union Boat Club. The Crimson rowers had been defeated by Cornell’s rowers.

This afternoon is expected to produce much more exciting and detective-like Techno-ology varsity-and Joyce rows than might have gone out on Saturday. The component parts of the Crimson varsity are in much more coordination in the revamped bouts, and the additional practice will make them more formidable.

Rev Live Permament

With the new varsity line becoming permanent, the crimson rowers are not so likely to be defeated by Cornell’s rowers. The component parts of the Crimson varsity are in much more coordination in the revamped bouts, and the additional practice will make them more formidable.

Alligators To Play
B. U. For First Game

Manager Schneider Has Four
Games In View; Lineup Is Announced

Technology's poorly organized unofficial football team, the Alligators, will probably play against Boston University this coming Saturday. The team's exact schedule is not yet known, but all indications point to a contest with Boston University this weekend. Manager Schneider has several other games in mind, among them games with Tufts, Northeastern, and Monmouth College.

Captain John Leslie of the Alligators announced his probable starting lineup for the first game. It includes Wells, lh; Amenta, 1b; Zagan, 2b; Wall, 3b; R. Smith, ss; Coffey, cf; Johnson, rf; Teiflander, dh; Hall, p. Other promising players for the team are Newman, Junior; Leslie, Lexie, and Coon.

Seniors Still Unbeaten

In the interclass race, the undefeated seniors continued to lead the way. During the Junior game, 8 to 7, Hal Small shot a home run with the bases loaded in the third, to win the game for the seniors. The Junior team consisted of the usual starters with the addition of John Leslie, the new captain. The final score was 13 to 7, with the seniors winning.

GOLFER'S WIN FIRST MATCH OF YEAR 4-2

Technology's golf team got off to a winning start last Friday at Worcester State College, as Burton Webb shot a 4-2 victory over the Worcester Tech golfer. Captain George Chandler and Coleman won their matches easily, but Nelson and Raus, in the other foursome, found the going tougher. They lost the fourth-fixture match by 2 and 1, and Ruth lost in her opponent in the singles as well. Raus made a splendid comeback in the final match, however, to defeat Kondel 3 and 1, in the match that proved decisive.

The team insists on trying out at least some members to get in touch with Captain S. Stanley.

**DO YOU INHALE?**

_Why is this vital question so much avoided by other cigarettes?_

Ever since Lucky Strike created that special process for purifying fine tobacco and told the full facts about cigarette smoking—the industry has been in an uproar. For Lucky Strike was dared to mention things that were considered "taboo" in the cigarette trade.

You may have noticed a striking avoidance, generally of the word "inhale" in cigarette advertising. Why? Goodness only knows! For there is absolutely nothing either socially inhaleable, unknowable! Every smoker breathes in some part of the smoke he or she draws out of a cigarette.

That's why it's all-important to be certain that your cigarette smoke is pure and clean—so be sure you don't inhale—cigarette smoke.

Do you inhale? Lucky Strike has dared to raise this vital question—do you give it the protection you want?—because certain im-
